**PERKINSON-BERNREITER**  
An interesting event of last Saturday evening was the marriage of Mrs. Geneva Allison Bernreiter and Mr. Charles Travis Parkinson, which took place at the home of Rev. Dr. R. J. Bateman. Only the family and a few intimate friends were present. The bride is the oldest daughter of Mrs. George W. Allison, of Jacksonville, Fla. She is an attractive and talented young woman with a charming personality and is admired by a wide circle of friends.

Mr. Parkinson is the youngest son of Mr. and Mrs. T. J. Parkinson, one of Asheville's oldest families. He is with the State Highway Commission and is a young man of excellent character. No announcement of the engagement of the young couple had been made so their wedding will be quite a surprise to their many friends. Mr. and Mrs. Parkinson will make their home in Asheville.

**STRINGFELLOW-CANNON**  
Mr. and Mrs. Joseph Archibald Cannon, of Concord, N. C., announce the engagement of their daughter, Nan Cannon to W. W. Stringfellow, of Anniston, Ala. The marriage to take place October 12.

**PAGEANTRY AND ITS USE IN CIVIC BETTERMENT**  
In studying pageantry the first principle is to recognize it as a branch of the Dramatic Art. Furthermore it is a branch which many people believe offers at the present time the most distinctive opportunity for enabling the whole art to advance.

Pageantry begins with a conscious attempt to restore to the people a share in the creation and development of dramatic art in other words to make drama truly democratic. The most difficult question to solve is where to look for the common interest that will make pageantry vital. If pageantry falls into the hands of a few enthusiasts to be exploited as a novelty it will have a short life. On the other hand it is recognized that it can add color to modern life as well as play its part in community co-operation, its future is secure.

The great value of art to a democracy is that it produces as by-products, education and social betterment. The study necessary to put on a pageant has an educational value not to be estimated; the co-operation and companionship in recreative work which a community experiences while busy with the production of a pageant are in themselves a social reform. Pageantry does not present a lecture upon the theory of education or social reform but it is both these things in actual practice.
