

### CONSOLIDATION HOT SPRINGS DEVELOPMENT COMPANY AND GREAT SMOKY MOUNTAIN CLUB

Consolidation of the Hot Springs Development Company with the Great Smoky Mountain Club, both of which were recently organized has just been perfected. It is announced, with the Development Company assuming the executive control of the two projects.

By this consolidation, it will be possible for both to function together. Officials point out, the hotel and cottages planned at Hot Springs being headquarters for the Club which plans other developments at Crestmont.

Announcement is also made that N. Buckner, who recently resigned as Secretary of the Asheville Chamber of Commerce, will have charge of the construction program planned at Hot Springs upon the grounds of the Mountain Park Hotel, acquired under 99-year lease from Mrs. M. B. Safford, who has long been anxious that some progressive move might be undertaken in that community.

In preparation for such plans, a party leaves Asheville today for Hot Springs where surveys will be taken and photographs made in order to prepare maps and illustrations for a proposed folder descriptive of the Development Company plans. The party will be composed of Ben Case, Civil Engineer, George Masa, Photographer, N. Buckner, President and Treasurer of the Development Company, and J. E. Rector, Attorney for the organization.

The Hot Springs property secured under lease includes 100 acres, while 200 additional acres adjacent has been secured for the proposed development to include hotel, baths, cottages, and golf course. Work upon the proposed 80 or 100 room hotel is to start soon after the first of the year, with the expectation that it will be ready for occupancy by the latter part of the 1923 season.

Fred J. Fuller, of Akron, Ohio, who has been secured to manage the new Commodore Perry Hotel of that city when it is completed, will continue the organization work of the Great Smoky Mountain Club and will have charge of developments at Crestmont. This officers of this club, General T. F. Davidson, President; J. Ed. Rumlough, Vice-President, and N. Buckner, Secretary-Treasurer, will continue their duties under the consolidation plan. It is announced.
