

**TEEN**  
**CALDWELL COUNTY ROAD PROJECT TALKED**

**Will Be Among First Projects of the Coming Year, Nelson Told.**

(Special Correspondence The Asheville Citizen)  
LENOIR, Sept. 26.—Mrs. J. L. Nelson, member of the Caldwell County Road Commission, visited Commissioner H. A. Doughton, at his home in Ekin a few days ago with a view to finding out his attitude towards certain roads in this section. The visit resulted in obtaining some facts which will be of great interest to people who are in this section engaged in the promotion of road building. It has been known for some

time that the State has taken over the Wilkesboro Road from Lenoir and is now working on it. Wilkes County already has a topsoiled road to Boomer, within five or six miles of the Caldwell line. In the next 10 days the surveyors will be put on the Caldwell end and the two County roads completed and connected up for public usage. Contracts will be let for the building of the Caldwell end about the first of 1923. It will be a topsoiled road. The State has acted officially in every capacity in connection with this road, and all others it has taken over in this County.

The road from Lenoir to Blowing Rock and Boone is now being improved by being widened in many places and made less dangerous by the narrow places. This road is being made with crushed stone, rolled, top dressed, which is chemically treated, which makes a road between a hard surface and topsoiled road. That portion of it which has already been completed

is in fine condition, and there is every prospect that the entire line will be one of the most delightful in the State to travel over, as well as affording one of the most scenic roads in Western North Carolina, and connected up at Lenoir with the road to Hickory, will naturally make it one of the most popularly traveled highways in all Carolina. It was learned by Mr. Nelson that all contracts for the year 1922 had been let by the State Road Commission, and all other projects would be considered as they were reached, at the proper time.

Mr. Nelson, on his visit to Ekin, went to Boone and traveled over the Boone Trail to Winston-Salem, and he pronounced this Trail one of the finest roads ever built in the State. From Winston-Salem he returned via Mocksville, Stateville and Hickory, and he was greatly impressed with the splendid condition he found

them in everywhere he went. He is of the opinion that it will not be long before all of the main roads of Caldwell County will be in as fine a condition as any in the State, and the people will have no cause to complain.

**ABERNETHY SPEAKS AT NEW BERN FAIR OPENING**  
NEW BERN, Sept. 26.—The New Bern district fair, the first of the Eastern North Carolina expositions to be held during the next few weeks opened this morning with a record breaking crowd in attendance. The fair was formally opened with an address by Congressman Charles L. Abernethy, of the third district.

**EIGHTEEN REBELS ARE KILLED IN MEXICO**  
EL PASO, Texas, Sept. 26.—Eighteen rebels were killed by Federal soldiers near Los Mochis, Mexico, after 100 men under command of three disgruntled Mexicans had attacked the towns of El Fuerte and Choix, Sinaloa, it was learned today.

**ITINERANT AUCTIONEERS BANNED FROM GATE CITY**

**City Ordinance Passed by Greensboro Council Puts Snag in Plan.**

(Special Correspondence The Asheville Citizen)

GREENSBORO, Sept. 26.—Auctioneers, outsiders, who came in last Autumn and did all they could to spoil the holiday trade for the established houses here, will run against a snag this year, the City Council passing an ordinance that effectively keeps them from doing business. The Council passed an ordinance that forbids such auction sales, except sales made by order of a court, or by pawnbrokers of unperfected pledges, or by jewelers who have been here at least a year and they must not hold more than 30 consecutive days of such auction sales within a year.

The penalty for violation of the ordinance is \$10 for the first sale of any article and \$20 for all subsequent sales. Last year effort was made to stop the activities of the itinerant auctioneers who knocked a hole in business, but the Merchants' Association could not get what the complaining men wanted through, so this season they took thought well in advance of the holiday trading. The practice of auctioneers of bringing in stocks of jewelry is said to have been rather general throughout the State the past season and activities of merchants elsewhere to protect themselves will be watched with considerable interest.

**SIAM'S KING EVIDENCE THRIFT IN TAKING A WIFE**

LONDON, Sept. 27.—The King of Siam is thrifty. Hence when it came to the question of taking a wife and he contemplated the great cost of the elaborate ceremonies the people would expect, he married his wife by royal proclamation, says the Daily Mail, thus saving a lot of money. There is an old Siamese custom which makes such action proper and binding. He is just as much married by this method, according to Siamese law, as by any other.

Last year the King was engaged to his new Queen's half sister, Princess Vallatha, but that betrothal was declared annulled by a royal decree. That was a queer document.

His Majesty's noble desire, it stated, "firmly and definitely to ensure the succession to the throne cannot satisfactorily be met owing to the incompatibility of temperament between his Majesty and Princess Vallatha, which may be accounted for by the chronic disposition of the Princess, whose

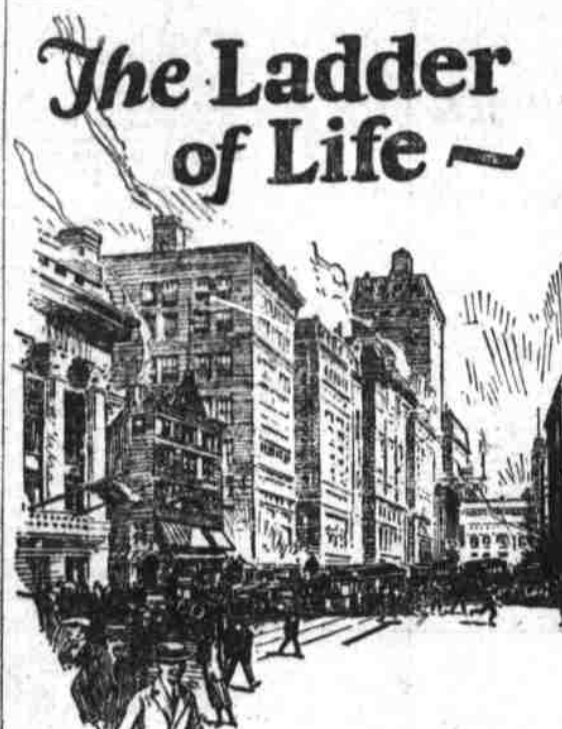

Pisgah Forest Inn—Best mountain outing. Phone 3457.

nevous system leaves much to be desired. Shortly afterward the King became engaged to Princess Lakshmi.

His Majesty is 42 years old and an honorary general of the British army. He came to England when he was 13 and was educated

at Oxford and Sandhurst. Afterwards he was attached to the Durham Light Infantry. He speaks English well and is conversant with Western manners and customs, including its various methods of tying and untying the nuptial knot.

DUNN, Sept. 26.—Mack D. Dunn, a prominent business man in this city died at a hospital today. He was a member of the board of operation, according to a message received here. Mr. Dunn was a member of the board of trustees of Atlantic Christian College at Winston-Salem and well known throughout the State.

**The Ladder of Life**

THE bottom rungs are badly overcrowded, but there is still plenty of room at the top. What is it that has lifted others—and can lift you—to a higher place upon life's ladder? Abundant energy for every-day use, and ample reserve energy for emergencies. If you have the ambition to succeed, and want to keep your whole body charged with driving energy, feed your body scientifically. In place of heavy, starchy, too highly seasoned dishes, eat food such as Grape-Nuts, which supplies unusual nourishment to all the body tissues

**Don't try to cook THIS FOOD.**  
It is a perfect food in itself.

**Grape-Nuts**  
Made of Wheat and Barley  
Postum Cereal Company  
Battle Creek, Mich., U.S.A.

**A FOOD**  
Containing the natural nutritive elements of wheat and barley, but more thoroughly and scientifically baked.

**ECONOMY**  
Four heaping tablespoons of GRAPE-NUTS for the usual part of a meal is sufficient for an ordinary person. Also may be used if desired.
