CERTAIN RELIEF FOR INDIGESTION

Indigestion and its attendant ills such as dyspepsia, heart-burn, sour stomach, griping pains, dysentery, diarrhoea, colic, cholera morbus, chronic constipation, gas, etc., and even sick, nervous headaches are now directly traceable to disorders in the digestive organs and can now be quickly relieved with new cordial called "Anti-Ferment," originated by a druggist and recommended by physicians.

The food soon before it is fully digested, thus putting into solution toxic poisons that are absorbed into the system, irritating the intestines and setting up indigestion. To avoid this, you simply have to prevent fermentation by using Anti-Ferment.

Anti-Ferment neutralizes the acid condition of the stomach, cleanses and soothes the bowels, soothes and increases the flow of gastric juices, giving quick and certain relief. Get a bottle of Anti-Ferment from your druggist with a guarantee of satisfactory results or money refunded. It will improve your appetite, give you restful sleep and make you feel better than you ever felt in your life.—Adv.
