YOUNGER BUSINESS MEN OF ASHEVILLE ORGANIZE CLUB: NAME TEMPORARY OFFICERS

Imbued with the deep purpose of organizing to take an active part in the civic life of Asheville and to become closely associated in a fraternal manner with each other, the younger business men of Asheville came into being at a meeting last evening at the Plaza Cafe, Pack Square.

The club had its origin in Birmingham, Ala., and has spread rapidly to many parts of the South and has begun to invade the Western cities. Within two weeks or more the local organization will be granted a charter, the necessary members having been secured at the meeting last night. Nearly a score of the younger business men of the municipality were present and each gave his hearty indorsement to the movement.

The first tangible move was the election of Wayne Beachboard as temporary president and this was followed by the election of Wallace Wright as temporary vice-president and Charles Bradford, temporary secretary. The president was authorized to appoint a membership committee to pass upon the avocations and other qualifications of those applying for membership.

The membership of the club is confined entirely to the younger men of the cities in which the branches are located. It was William H. Kessler, of Knoxville, who has been in the city about three weeks as representative of the Birmingham organization. "In our cities it seems this class of men have little or no voice in the operation of the civic life and it remains for clubs to which other men belong to take the initiative. There is a good field for such an organization in Asheville and it will afford interest and enjoyment."

He was formerly a member of the Kiwanis Club and has been a guest at meetings at the Rotary and Civitan Clubs, said Wayne Beachboard in indorsing the movement. "I noted they were composed of older men in all professions. For this reason I tendered my resignation as a member of the Kiwanis Club. A generation from now it will be the young men that will have charge of this city and the time is now propitious for us to get started."

Thomas Bird said he believed such a club could set a precedent for the other civic clubs in Asheville.

EAT VEGETABLES IF KIDNEYS HURT YOU

Take a Glass of Salts if Your Back Hurts or Bladder Bothers. The American men and women must guard constantly against kidney trouble, because we eat often too much red meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus often ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.
