## Have You Seen The New 1923 Oaklands?

Entirely new in appearance, with a newer and even better performance, the 1923 Series of the New Oakland Six materially increases the purchasing power of the automobile dollar.

Never has such sound and rugged construction—such a powerful, six-cylinder engine with a performance guaranteed in writing for 15,000 miles—such beauty of line and such unusually complete equipment been combined in a car selling for less than a thousand dollars.

Come in and see these 1923 models. Examine the new Carburetor with its automatic heat control; note the new steering wheel dimmer button; the improved spark and gas controls; the full crown fenders, and the many other unusual refinements. Certainly here is genuine value at \$995.

## GERMAN WOMEN OF RANK OUT AS BREAD WINNERS

Former Hostesses at Brilliant Social Functions Doing Odd Jobs.

BERLIN, Oct. 8.—By The Associated Press.—The night for a living has driven an increasing number of German women of rank into the world as bread winners. In the face of the winter's first chilly blasts many women who formerly were hostesses at Berlin's brilliant social functions, are seeking shelter behind the doors of employment organizations able to furnish them with odd jobs.

A varied assortment appear every morning in the headquarters established by the Housewives Association of Greater Berlin. This association aims to provide the needy of the middle classes with employment. The ordinary burgher's wife, who though uneducated, is an expert needle woman, may be seen alongside a professor's wife or a countess.

The association examines the applicants regarding their ability to fit certain kinds of work. It gives instruction free, if required. It supplies home work such as sewing and embroidering. The products are sold at the association's sales rooms. The buyer never learning the identity of the actual producer.

Private labor exchanges are unable to conceal the former social status of their would-be employees. A major's wife recently applied to the exchange for a housemaid. The willing candidate appeared but was rejected because she was found to be the wife of a colonel. The major saw the applicant and thought it might cause her embarrassment and explained to the exchanging officials that it was impossible for him to engage her.

A countess, who occupied a distinguished social position before the war, was assigned a servant's position recently, merely to keep body and soul together.

Investigators declare that the German exchange rate has caused ruin for the middle classes. The stratum of society, some social workers declare, must either join the proletariat or die out. Many who through inheritance or lifetime savings had acquired what was regarded as a comfortable fortune now find themselves virtually penniless because the currency is worth only 1-500th of its former value.

A large property exchange is conducted by the housewives' association. Scores of the middle classes sacrifice every day some treasured household article in order to meet the rent, gas or other domestic bills.

Criminologists maintain here that the war is responsible for the bulk of the crime wave which has swept Germany during the past few years. They brand the army as the "high school of the law breaker and the academy of the liar."

The criminologists explain that during hostilities an unusually large number of men are mobilized under the colors and that these become accustomed to a mode of living in which comradeship is encouraged, the appropriation of other men's effects, such as mess kits and clothing is excused. Militarism, the crime experts declare, has also developed a hostile disposition which is now spreading itself on civil society. It is claimed that the difficulty with the Leipzig tribunals, which tried several war cases and now are trying the alleged assassins of former German Foreign Minister Rathenau is found in the spirit of soldiery. The spirit instills into individuals a stubborn opposition to the betrayal of their fellows in crime.

## Sage Tea Beautifies And Darkens Hair

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

You can turn back, faded and beautiful dark and lustrous hair, most over-night, if you get a bottle of Weyth's Sage and Sulphur Compound. It is a hair restorer and hair colorer. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a simple way of restoring it, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around. Get the best with Weyth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.
