EFFORTS MADE TO EXPUNGE PART OF THE TESTIMONY

Traffic Association Would Wipe Out Testimony From Commissioners.

EASTMAN'S RULING IS APPEALED FROM

Efforts Not to Be Halted to Secure Rate Reductions in State.

While members of the North Carolina Corporation Commission are silent in regard to the efforts of the North Carolina Traffic Association to have large portions of their testimony stricken from the records of the rate investigation...

Members of the Corporation Commission are silent in regard to the efforts of the North Carolina Traffic Association to have large portions of their testimony stricken from the records of the rate investigation...

Mr. Griffin, attorney for the Traffic Association, asking that a large portion of the testimony of the Corporation Commission be stricken from the records as irrelevant, which was the feature of the session yesterday morning...

Mr. Griffin stated last night that the North Carolina Traffic Association is contending for the same rates for North Carolina as are in effect in Virginia, etc., and that the State has nothing in common with the Southeast...

Commissioner Eastman left yesterday afternoon for Washington to attend the hearing this morning. The hearing will be presided over by Commissioners Forward, Virginia; Patterson, Alabama; Perry, Georgia; and Herr, Florida.

Mr. Griffin contends that a large portion of the testimony of E. J. Brown, presented at Atlanta, as well as a share of the testimony of L. E. Oliphant, representing carriers in the State...

U. S. C. CHOOSE GREENSBORO FOR NEXT CONVENTION

State Body Supports Plan to Make Fort Fisher a National Park.

(MRS. L. E. FISHER) (State Correspondent) WILMINGTON, Oct. 13.—Accepting an invitation to meet in Greensboro next year the Daughters of the Confederacy rushed to a busy closing session this morning and brought the twenty-fifth annual convention to a close at 1 o'clock.

A resolution was passed which will establish the Robert E. Lee Hotel, Winston-Salem, as the headquarters for the annual conventions on years when no accommodations for the gathering are available in the city.

The main feature of the closing session was an address by Dr. Henry Louis Smith, President of Washington and Lee University, in which he explained the organization leading up to the controversy in regard to enlarging the little Lee Chapel at Lexington, Va., making it a wonderful memorial worthy of the South's great chieftain.

After Dr. Smith's address the daughters went on record as reaffirming the action of the general convention whereby all the divisions will join in concert in raising funds for the memorial.

Mrs. Felix Harvey, of Kingston, State Chairman, announced that North Carolina's Maury fund had been completed, \$800 having been raised by the general organization.

After hearing a formal request from Captain A. D. Williams, of Wilmington, resolutions were passed to co-operate with him in an appeal to Congress to make Fort Fisher a National Park.

On account of lack of time the formal reading of the chapter report was omitted and all reports were turned in for publication in the minutes.

Maintenance of Way Men Name Head Who Will Ask New Working Conditions

Strikes Must Be Stopped, Says Pennsylvania Railroad Official, if "Rights of People" to Uninterrupted Service to Be Secured.

DETROIT, Oct. 13.—(By the Associated Press.)—Overthrow of E. F. Grable, of Detroit, as Grand President of the International Brotherhood of Maintenance of Way Employes and Railway Shop Employees was announced by his successor, F. L. Jostal, of Dauphin, Manitoba, that a new demand for improved working conditions and a living wage would be made by the organization upon the United States Railway Labor Board marked today's session of the Brotherhood's triennial convention here.

President Grable, credited with having recently averted a strike of the 400,000 railway maintenance men after they had voted overwhelmingly in favor of joining the shopmen's union, was defeated by a vote of more than 3,000 votes out of a total of approximately 85,000.

The new President and other officers probably will be installed early next week. In a statement made through his personal representative, Frank Finnon, of Detroit, the President-elect declared his opposition to a future strike, but announced that the union members might be prepared to walk out if improved working conditions and adequate wage increases were not forthcoming.

Mr. F. L. Jostal, it was announced by his representative, is prepared immediately upon assuming office to make an appeal to the labor board "setting forth the needs of the maintenance men for better wages and improved working conditions," and that the organization is prepared to prove to the public as well as to the board the justice of our demands.

Elmer E. Millman, of Mount Morris, New York, was elected Secretary of the Brotherhood, defeating S. J. Pegg, of Detroit, incumbent.

Ballots were cast today for Vice-Presidents and members of the Executive Board. The results are expected to be made known tomorrow.

BEST AVAILABLE SPEEDS SOUGHT ENGINEERS WILL UNRAVELLING ADVISE ON WATER OF DUAL MURDER

Noted Experts and State Board of Health Head to Be Consulted.

Decision to call into consultation two of the most distinguished in brief outline. Raleigh.—Rapidly increasing population of the present day in America, together with the head of the State Board of Health in order to arrive at a final conclusion in regard to enlargement of the Bees Tree reservoir, was reached yesterday afternoon when, at a joint meeting of the City Planning Commission and the State Commissioners, R. S. Pfeiffer, Commissioner of Public Works was authorized to secure the services of John R. Freeman, Providence, R. I.; W. S. Lee, Charlotte, and Dr. W. R. Rabin, Raleigh.

Both engineers have already been requested by telegraph to notify City officials when they may be expected to take up this work, and to bring with them personally by Charles E. Waddell, consulting engineer of Asheville, who recently prepared studies upon the water supply.

The report of the local engineer in brief outlines a plan of development extending over a period of 20 years or even longer, comprising impounding reservoirs on Bee Tree, North Fork, additional pipe lines from North Fork and ultimately development of the Pisgah National Forest. The report recommended that the City proceed in the order given, beginning with the Bee Tree reservoir, to cost an estimated one-half million and which, according to Mr. Waddell's estimate, will supply the City for about five years at the present rate of consumption.

He particularly points out that such a reservoir will utilize to its full capacity the 16-inch main which has already been laid in, but which is never filled during the dry season and therefore is not making use of the total investment.

The last source to draw upon, he feels, is the Pisgah Forest area, which will be lumbered and on which workmen's camps and railroads are to be maintained. It will be necessary to pump the water from the forest area to the city, but will provide 20,000,000 gallons, or four times the present supply.

In this connection it is of interest to note that Mr. Freeman was called upon years ago to advise upon Asheville's water supply.

To quote Mr. Waddell's report: "In 1910 John R. Freeman, Consulting Engineer, Providence, Rhode Island, now President of the American Society of Civil Engineers, made surveys for Marden J. Perry and R. S. Howard for an improved water supply for the city and at that time located, surveyed and estimated the cost of impounding reservoirs in North Fork and Bee Tree. I have since been selected on the North Fork and adopted his findings. Mr. Freeman also made surveys on Bee Tree but in the light of 20 years' advance in dam construction I have

ECOLOGICAL CASE OF BEARERS PLAN TO BE DRIVEN AT WIND

Steam Plant Entirely Out of Commission When Bearings Burn Out.

HYDRO-ELECTRICAL SUPPLY IS LOW

Part to Repair Engine Is Being Rushed South by Express.

With the supply of power from the steam plant of the North Carolina Electrical Power Company entirely stopped as a result of the burning out of a part of the steam turbine, and with the low stage of the French Broad River and the consequent shortage in hydro-electric power, Asheville is being served by practicing rigid economy in their use of power, it was stated by officials last night.

The bearings in the turbine at the Elk Mountain plant burned out just four days before the new 10,000 horse-power turbine is to be placed in operation. Charles E. Waddell, Consulting Engineer for the power company, stated that the turbine is being rushed to the city by express and is scheduled to arrive on train No. 31 at 11:15 o'clock this morning and will be placed so that the turbine will be in operation no later than Sunday night. The repair part was rushed from Philadelphia to Washington by special messenger and turned over to the Asheville Power and Light Company to assure quick delivery.

"Only by careful use can consumers hope to receive necessary service," asserted H. W. Plummer, Vice-President and General Manager of the Asheville Power and Light Company, who issued the following statement:

"Owing to the low stage of the French Broad River and the burning out of bearings in the large turbine of the Asheville Power and Light Company, we are short of power.

"In the meantime, and especially Saturday night, we ask that our consumers confine their use of current to lighting and power to their absolute necessities.

"We hope by this co-operation to accomplish a conservation of energy that will enable us to supply all with service. In other words, the power supply is limited until the low stage of the river, and by careful use only can all of our consumers hope to receive their necessary service.

"We sincerely hope that this service thus curtailed will be sufficient for all necessary service."

Street car service is normal and current is being supplied from the steam plant of the Asheville Power and Light Company, which owing to the low stage of the French Broad River, are producing only about one-third of the normal supply.

Manufacturing plants, depending on the Asheville Electric Power Company for their supply, have had service completely curtailed and several hundred employees are out of work. However, the Asheville Power and Light Company can be repaired so that plants can start operation Monday morning.

HARDING MAY CALL SPECIAL SESSION SOON

WASHINGTON, Oct. 13.—President Harding was declared today by the Associated Press to have recently conferred with him today to call Congress in special session about November 20.

TEMPORARY STAYS ARE GRANTED SUPPLY LINES

U. S. Representative at Hague Says Tribunal Exceeds Jurisdiction.

THE HAGUE, Oct. 13.—(By the Associated Press.)—Norway has been awarded approximately \$1,000,000 by the arbitration tribunal which for several months has been considering the controversy between Norway and the United States and Norway involving claims for the requisitioning of Norwegian vessels by the United States during the war.

Turks Are Susceptible To No Moral Influence In Relations To World

Kemal Pasha's Real Hold Upon the Britons, Says Simonds, Lies in Fact He Can Stage Bitter Contest With Them in Mesopotamia.

By FRANK H. SIMONDS. (Special Correspondent for the Asheville Citizen.) WASHINGTON, Oct. 13.—Turkish insistence upon immediate occupation of Thrace ought to create little surprise. There is nothing in the past history of Turkish relations with the Great Powers to inspire confidence on either side.

There is a great deal of talk now in the United States about an intervention by this country, at least by the exercise of moral influence, but of course moral influence would have no effect whatever on the Turkish side.

The single thing that would be possible for the United States in the present situation would be the keeping of the British navy as a value, save as it might cover an expeditionary army. But we could not send a fully equipped division to Europe, that is 30,000 men and Komatis' victorious army is a very fully equipped exceeds 100,000 in strength.

What is going on now is, in a measure, a gigantic game of bluff. The British are endeavoring to preserve the status quo by hanging on to their position, but public sentiment in Britain and in the Dominions is manifestly solidly against any such venture.

But Kemal has the great advantage of knowing that the British people are resolved not to fight and that Britain's allies, France and Italy so far from supporting Britain are urging British withdrawal from Chanak and unmitigably favoring Turkish return to the status quo ante bellum.

Senator Hefflin spoke in his usual magnetic manner dealing with national issues as well as a large gathering of voters in Salisbury tonight. This was the first appearance of the Alabama Senator in this part of North Carolina since he was elected to Congress.

WAR VETERANS OF ROYAL MARITIAL FOREIGN BODIES TO CONFER TODAY

Inter-Allied Body Hopes to Take Steps at New Orleans to End War.

NEW ORLEANS, Oct. 13.—(By the Associated Press.)—Twenty-three war torn soldiers from seven European nations reached here tonight, delegates to the convention of the inter-allied "Veterans' Foreign Bodies" which opens tomorrow and guests of the American Legion. They came from England, France, Serbia, Italy, Czechoslovakia, Rumania and Belgium.

Most of them have sacrificed courage in war to incapacitate themselves forever from active service on the battlefield; from the snow-clad reaches of the Balkans to the flat Belgian river Scheidt these men have seen war in its grim reality, and in defense of their home lands, have lost eyes, arms, legs, cheek bones, scalps and health.

But it was evident when they reached here tonight that despite their had not forgotten how to smile, and their expressions were not those of men without hope. They have come to the convention with the hope of doing something to end war.

Their uniforms laid aside, their medals and military crosses of seven monarchies an impressive array of civvies, the inter-Allied veterans headed by Charles Bertrand of France, smiled and bowed their appreciation of the welcome which awaited them upon arrival.

Some of them—those who were able to—walked beside their American hosts. One man, Major J. B. Cohen, head of the British delegation, rode in a wheelchair. He has lost both legs. Captain Appleby, walked, guided by his young daughter. He was wholly blind. It was a small delegation, but impressive.

At the City Hall they were officially welcomed by Mayor Andrew McShane, of New Orleans.

Tomorrow, the veterans, who stopped in Washington to leave a quandy as to what to do with the large stock of liquor on board the Majestic, which is due to sail from Liverpool Wednesday, and that it wanted some guidance from the court in deciding how to dispose of this stock. Three ves-

DOUGHTON FAILS TO SPEAK AT MEETING

Caldwell County Democrats Slate Sherrill for Sheriff There.

WASHINGTON, Oct. 13.—The Democrats are preparing for a brief whirlwind campaign just before the election. In addition to Senators Harrison, Caraway and Walsh, of Massachusetts, they will send out former Secretary of the Treasury McAdoo and Senator Oscar Underwood, former Secretary of the Navy Daniels and Senator Simmons and Overman, of North Carolina have been asked to take a hand. Mr. Daniels may have a number of dates but Senator Overman has a bad foot, and Senator Simmons is getting a large gathering of voters in Salisbury tonight. This was the first appearance of the Alabama Senator in this part of North Carolina since he was elected to Congress.

HEFFLIN ADDRESSES THE DEMOCRATS OF SALISBURY

SALISBURY, Oct. 13.—Presented in a most gracious manner by Mrs. Edward Gregory, chairman of the Rowan Democratic Executive Committee and daughter of Senator and Mrs. Lee S. Overman, Senator Thomas J. Hefflin, of Alabama, spoke as a large gathering of voters in Salisbury tonight. This was the first appearance of the Alabama Senator in this part of North Carolina since he was elected to Congress.

Senator Hefflin spoke in his usual magnetic manner dealing with national issues as well as a large gathering of voters in Salisbury tonight. This was the first appearance of the Alabama Senator in this part of North Carolina since he was elected to Congress.

REPORT TURKISH TROOPS RETIRING

Russia Has 1,600,000 Men Under Arms Concentrated on Western Line.

ADRIANOPOLE, Oct. 13.—(By The Associated Press.)—The Greek Third Army Corps has refused to obey orders to evacuate Thrace.

ATHENS, Oct. 13.—(By The Associated Press.)—The Greek government has instructed its high commissioner at Constantinople to sign an armistice with the Turks, Greece being under the necessity of yielding to the force of circumstances.

HOBOKEN, N. J., Oct. 13.—Europe is closer to military conflict than at any period immediately preceding the World War. The Trade Commission of the Southern Commercial Congress declared today upon their return on the President Harding.

The commissioners stated their study of conditions in all the European countries convinced them that immediate solution of the various financial, economic and reparations problems is necessary to avert disaster.

Fourteen members of the commission headed by Dr. Clarence J. Owen, of Washington, D. C., president of the congress, returned on the President Harding.

As to the moral involved in the return of the Turk, one must recognize that it has no relation to the President Harding. The British who supported the Turk for a full century against all Christian states, Russia and the Balkan States alike, are now resolved to exploit the Turkish victory to the full to humiliate the British as much as possible, for he is technically still at war with them.
