

"You Will Never See Industrial Stagnation"

"The Old Reliable"

said a keen business observer, "as long as money pours into the banks. No matter how high deposits go, bankers will find sound uses for the money. And the way they use the deposits invariably stimulates greater activity." An economist could not state it much better. A large part of our deposits is always constructively employed in sound Asheville enterprises.

If you suffer from torturing rheumatic pains, swollen joints, and suffer intensely because your system is full of uric acid, that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Many people, the most skeptical or skeptics right in this city and in the country hereabout, bless the day when Smith's Drug Store, with characteristic enterprise, offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism, get Rheuma today.—Adv.
