LONE G. O. P. VICTORY OF NOTE BEING ANALYZED

Three Republican Solicitorships in State Reduced to One.

CITIZEN NEWS SERVICE. RALEIGH, Nov. 13.—News of one lone Republican victory worthy of mention is brought to Raleigh by visitors from the 17th Judicial District, who analyze the results in the election of Johnson I. Hayes as Solicitor. The State had three Republican Solicitorships prior to the election but Democratic majorities made away with two of them and it looked for a time as if Mr. Hayes would go too, despite the 17th customary Republican upsurge.

Hayes' majority was cut to a dangerous figure, chiefly by the reduction in the Republican majority of Wilkes, these visitors relate. That the district suffered serious setbacks from a Republican point of view is that Senator DeWar, one of the Republican progressives of the 1921 General Assembly, who was defeated this time by a Democrat, is from Cherokee, one of the counties of the district.

In the big news of the redemption of Republican county after county, the reduction in the Republican majority in Wilkes did not get the attention it deserved, says former Congressman Hackett. Congressman Hackett was one of the leaders of a vigorous fight in that banner Republican county. The night of the election he telegraphed Chairman Dave Norwood that the Wilkes Republican majority had been cut in two and he defied anyone to show a bigger

\$14,000 INHERITANCE TAX ON NEAL ESTATE

His Will Records Feeling for Orphans—Was Hungry Many Times.

CITIZEN NEWS SERVICE. RALEIGH, Nov. 13.—A \$14,000 inheritance tax on the three-quarters of a million dollar estate left by John Neal, of Winston-Salem, late Pacific Coast manager of the R. J. Reynolds Tobacco Company, is the smallest collection the State of North Carolina has made on a large estate but it is a collection with which the Department of Revenue is as satisfied as if it had been a six-figure one.

John Neal left a net estate of \$729,398, and two North Carolina orphanages were bequeathed two-thirds of it. No inheritance tax is levied on bequests to charity so that the tax touched only one-third of it, which Mr. Neal distributed among 12 friends. The bequest to charity is one of the largest, proportionately with the size of the estate, that has been made in North Carolina.

Mr. Neal was raised in the Masonic Orphanage at Oxford and this home of his boyhood receives \$226,200. The Methodist Orphanage at Winston-Salem receives a similar amount. Bequests to 12 friends, ranging from \$5,000 to \$67,000 total \$226,000. The inheritance tax was collected on Deputy Commissioner of Revenue J. R. Collie, who has just settled the State's interests, said Mr. Neal left a greater portion of his wealth to charity than any other wealthy man who has died in North Carolina, with possibly one or two exceptions.

Ward off one of humanity's greatest enemies by daily use of Kellogg's Bran!

Medical authorities generally agree that sickness and old age start in the intestinal tract through CONSTIPATION—a condition that every man, woman and child in this nation can positively and permanently relieve through the regular use of BRAN. Kellogg's Bran, cooked and krumbled! Kellogg's Bran is nature's own food, roughage that the eliminative tract must have to function properly! Bran sweeps, cleans and purifies without irritation or discomfort! So wonderful is its work for health that you can take any person who is run down, whose system is clogged and poisoned by constipation, give them Kellogg's Bran three times a day and eliminate the trouble permanently! Yet Kellogg's Bran is not a "remedy"—simply nature's food. To eat Bran regularly means that you will become normal in the eliminative tract, and in other organs, and escape the dangers that are traceable directly to constipation! Your physician will endorse Bran for constipation. Do not neglect Kellogg's Bran another day. Every member of your family should eat Bran regularly—at least two tablespoonfuls daily, in chronic cases, eat it with each meal. It does great work for children, making them grow big and strong, and safeguards their health. Kellogg's Bran, cooked and krumbled, is deliciously flavored. Eat it with an appetizing cereal or sprinkle it over your favorite cereal. Kellogg's Bran makes the tastiest gummy raisin bread, pancakes—and endless other good things—and it is working for health all the time! Buy Kellogg's Bran at all grocers!

METHOD TO KEEP BARK ON LOGS IS GIVEN BUILDERS

With the log bungalow type of home coming into favor in certain sections of the Land of the Sky interest in methods of preserving the bark on logs entering the construction of such homes, makes timely the information on this subject received by officials of the U. S. Forest Service here. Results of experiments at the Forest Products Laboratory, Madison, Wis., give a variety of methods by which the bark may be retained upon timbers exposed to the weather. The most effectual are:—Cut timbers late in summer and score on two sides, cut off narrow strips of bark for the entire length. Pile in shade in open pile to allow thorough circulation of air. Allow timbers to season

until following Spring or Summer before using. "Or, proceed as given, and in addition coat ends, stripped portions, and knots with coal tar creosote, using one coat a few days after timber is cut and another just before using timbers. "Or, without scoring bark, and when timbers are in place, tack bark on with large-headed nails, placing one to every square foot of surface. Paint heads of nails to resemble color of bark."

WILL EXHIBIT LAND OF THE SKY PHOTOS

Fifty or more large photographs of Asheville views and those taken throughout other parts of Western North Carolina which made up the exhibit contributed by the Mountain Metropolis to the State Fair at Raleigh recently, will soon be shown on display at the Chamber of Commerce rooms on Broadway. These pictures, which show to advantage the beauties of the Land of the Sky have just been returned from the State capital, where they attracted considerable attention from the thousands of visitors at the fair.

Constipation Gone; Suffered 8 Years

Tried everything, but finally found right road to health. Gained 20 pounds. "My wife has been troubled for eight years with constipation. She has tried almost everything on the market and has never received any benefit. It cost her \$100 in fact, they have done more harm than good. "She overheard one lady telling another that Milk's Emulsion had done for her. She got a bottle and has continued its use since. She weighed 97 pounds at that time, and after taking five bottles she now weighs 117 pounds; gained 20 pounds on five large bottles; besides, she is feeling very well. "If all the people suffering from constipation knew what Milk's Emulsion would do for them, you would have to enlarge your plants."—Leonard McKee, 29 Eye St., N. E., Washington, D. C. "Hundred have endured torture for years and then have found that Milk's Emulsion gives blessed relief and real, lasting benefit. It cost me \$100 to try Milk's Emulsion restores healthy, natural bowel action; it is a truly all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food and it is not satisfied with strength. Milk's Emulsion is strongly recommended to those whom sickness has weakened; it is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. New Beauty Came A story that millions know

Millions of people have gained new beauty through a new teeth cleaning method. You see them everywhere. Their teeth now glisten, and they show them when they smile. If you don't know that method, make this test. Combats the film. It is film that makes teeth dingy—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it, then it forms cloudy coats. Tartar is based on film. Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film. Under old methods, very few escaped them. Beautiful teeth were less often seen than today. Old ways failed. No ordinary tooth paste effectively combats film. So much film remained to night and day threaten serious damage.

But dental science has now found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring. Able authorities proved these methods effective. Then dentists everywhere began to advise their use. A new-type tooth paste was created, based on modern research. The name is Pepsodent. These two great film combatants were embodied in it. Fights acid, too. Pepsodent brings other much-desired effects. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth before they ferment and form acids. Those are Nature's great tooth-protecting agents. Each use of Pepsodent gives them manifold power. These combined effects mean a new era in dental hygiene. Careful people of some fifty nations now share it, largely by dental advice. You'll be amazed. The effects of Pepsodent are quick and apparent. They will amaze and delight you. A short test will convince you that this method is essential, both to you and yours. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then judge by what you see and feel. Cut out the coupon now.
