"The Old Reliable"

A recent editorial said that the savings of the nation are the highest in its history. It reports that in all the unemployment period the savings took only a five per cent slump.

More people are savers than ever before, and they save with stronger purpose than ever. Nothing can stop them.

### PENLAND LOTS ARE SOLD AT AUCTION

About \$45,000 was the price paid for 12 business lots on Penland Street yesterday morning at an auction conducted by the Southern Land Auction Company. The property is located adjoining the site on which is to be erected the new Vanderbilt Hotel. The successful bidders were Charles G. Lee, W. T. Tench, Mrs. Mary Hendricka, L. Blumberg and H. D. Miles. John E. Stagg acted as auctioneer and after the sale, which was attended by about 2,000 persons, James M. Coleman was given an Overland automobile. Mr. Coleman held the number, which was drawn from a box by a small child.

### Cabinet Company Conducts Contest

The Safe Cabinet Company, of Marietta, Ohio, operating a branch office in Asheville, has just closed a very successful three months sales contest. The local office, composed of Perry D. Cobb and Fred R. Ribb contributed a high percentage of their proportion of this business. The sales organization divides the United States into eight districts. ### Money Back If "Gets-It" Fails

Nothing is so utterly needless as the suffering from aching, painful

corns. It is as easy to peel off a Fred as to stick a banana. Touch it with "Gets-It" and the trick is done. For hard corns, soft corns, any corn or callus. All pain stops instantly and the corn proceeds to loosen and soon can be lifted right off.

Your money cheerfully refunded if it fails. But it never fails. Corns but a trifle. E. Lawrence & Co., Mfg., Chicago. Sold in Asheville by Monard Drug Co., and McMillin Drug Store.

### SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream. —Adv.

### Pioneer Missionary Of Appalachia Gives Tribute To Natives

Some idea of the vast potential force for good stored away in mountain ravines and coves, where live the real mountaineers, was brought to the attention of Civitan Club members yesterday at their regular weekly luncheon meeting when Rev. R. P. Smith, founder of the Mountain Orphanage work and a pioneer worker among the rural dwellers of Appalachia, described many of his experiences in this work. Referring to them as one of the

greatest assets the Church and State could have, he brought out the fact that their isolation in many cases had made it impossible for them to bring into play their natural mentality which often proved stronger than that shown by other classes of people, said the speaker. He urged that all possible means to break down these barriers be carried out. Much interest was shown by the club members in the narrative of Rev. Dr. Smith, who has been in the mission work for the past 26 years.

### SUCH PAINS AS THIS WOMAN HAD

Two Months could not turn in Bed Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. RICHARDSON, 4640 Orcas St., Seattle, Wash. This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound.

## Brunswick

Exclusive Features

Which make the Brunswick the criterion by which Phonograph Music now is judged.

The Balanced Tone Arm of the Ultona plays an important part in the Brunswick Method of Reproduction. Not only is it a factor in providing the proper pressure upon the record, but its scientific balance cushions the path of the needle, thereby eliminating to a marked degree the so-called surface noises, which are particularly annoying when playing delicately rounded tones, such as a violin. And it saves a very considerable part of the wear on the record.

A Brunswick will Add to Your Thanksgiving Joy.

### Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrup were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the invention of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*
