NEW BERN FIRE BIGGEST IN STATE ANNALS; REPUBLICANS ABANDON ANTI-LYNCHING BILL

Overman Deals Bill To Cope With "Lynch Law" Crushing Blow

REPUBLICANS IN SAUCUS DEBATE FOR TWO HOURS

Overman Warns Bill Would Encourage Ku Klux Klan, Bring Trouble

RECITES RESULTS OF "FORCE" BILLS Scrapping Bill Will Make Possible Consideration of Nominations.

WASHINGTON, Dec. 2.—Success crowned the filibuster of Senate Democrats against the Dyer anti-lynching bill today when Republican senators in a party caucus voted to abandon the measure completely.

The Republican majority acted after the Democrats by what is generally conceded to have been one of the most effectively conducted filibusters in the history of the Senate, had prevented the transaction of business for the fourth consecutive legislative day.

The Republican caucus was preceded by a conference attended by Senator Lodge, of Massachusetts, the Republican leader, Curtis of Kansas, the Republican Wisconsin Senator, Sherman of California, in charge of the Dyer bill, Senator Shortridge who had been unmovable about the filibuster was understood to have agreed at this conference to support the passage of the bill to be decided by a majority caucus.

The question of abandoning the measure, which was passed by the House last session, was debated in the caucus for two hours with the bill understood to have been held out for a continuation of the fight. The final decision, however, was to direct Senator Lodge to inform Democratic leaders at the conference today, and address either at the special session or at the regular session convening on Monday. This means the death of the bill.

Progressive Bloc Makes Final Plans For Action

Many Reform Movements Are Discussed, Including Abolition of Electoral College and Extending Primaries.

WASHINGTON, Dec. 2.—(By The Associated Press.)—Plans for promotion of progressive legislation and policies throughout the nation were made today at concluding meetings of the two days convocation of Progressives called by Senator La Follette, Republican, Wisconsin, and Representative Huddleston, Democrat, Alabama, under the auspices of the People's Legislative Service.

Resolutions declaring for continuation of the new progressive movement which is to be actively related to legislation through a Bi-Partisan Progressive Block of Congress formed yesterday, were added during two sessions of the conference today, and addresses were made by a dozen leaders in liberal movements.

Presentation of a detailed legislative and economic program was not attempted by speakers at today's "open forum," and, at the closing dinner tonight, proposed a multitude of reforms. A feature of the dinner tonight, attended by about 800 persons was another attack upon Attorney General Daugherty by Samuel Undermyer, New York attorney.

Senator La Follette presided over the open sessions today and speeches were delivered by President Gompers, of the American Federation of Labor; Governor Blaine, of Wisconsin; Senator Norris, of Nebraska; Senator Brookhart, Republican, Iowa; Senators-elect Wheeler, Democrat, Montana, and Frazier, Republican, North Dakota and Representatives Republican, Wisconsin, and Sinclair, Republican, North Dakota.

Would Scrap Electoral College, Extend Primaries Resolutions adopted unanimously by the convention declared that the movement was "non-partisan," and designed primarily to promote progressive legislation.

Keller Will Offer Charges Against Daugherty Monday

WASHINGTON, Dec. 2.—Chairman Volstead announced tonight that the House Judiciary committee would meet in open session Monday, to give Representative Keller, Republican, Minnesota, an opportunity to present in detail, the charges on which he is asking the committee to impeach Attorney General Daugherty.

The bill of particulars forwarded to the committee yesterday, by Representative Keller, were considered informally at a conference of several members today, but no action was taken. Mr. Volstead said the committee members had read over the document, in which Representative Keller set forth the particular grounds in support of his impeachment charges.

The meeting for Monday was arranged some weeks ago, and the committee by resolution, had requested Mr. Keller to file specific allegations, together with the names of witnesses by whom he would attempt to prove them.

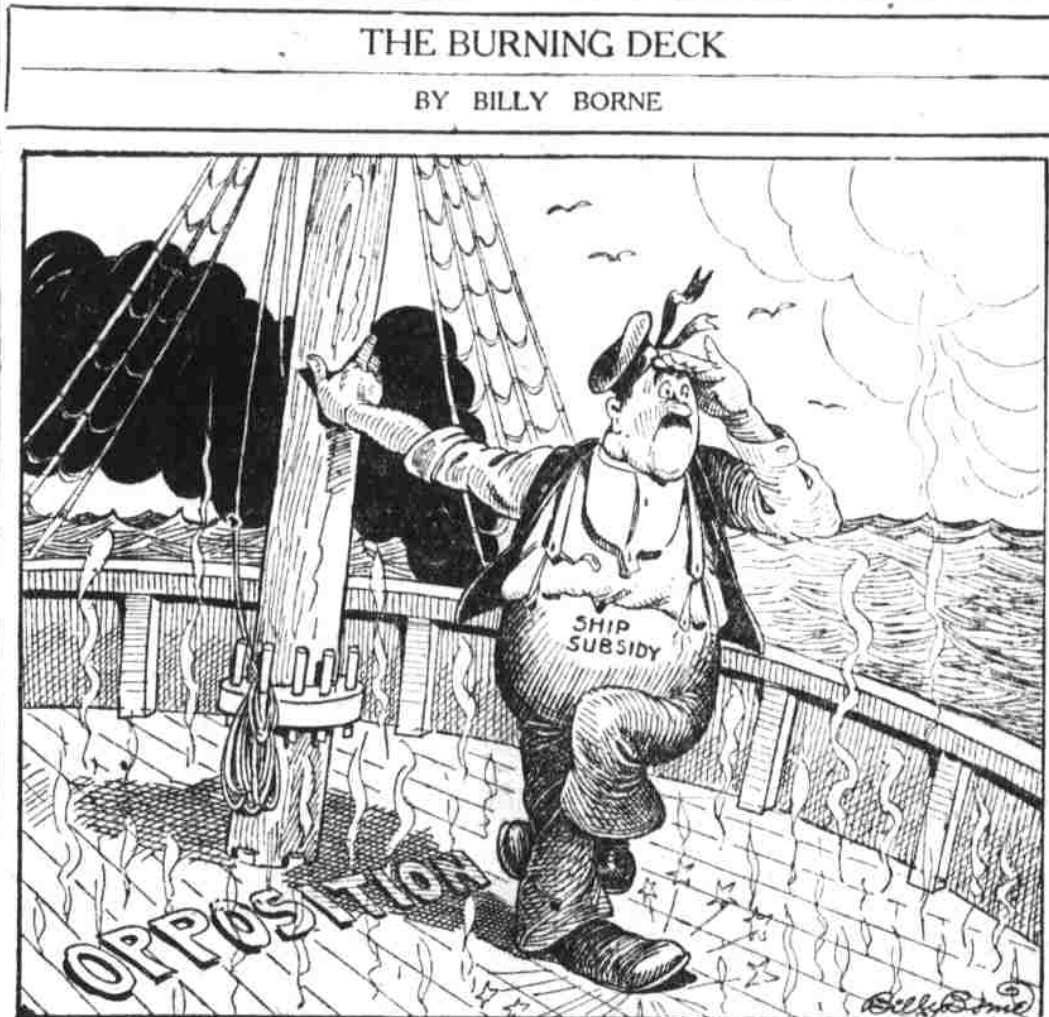

MORRISON MAY SEEK TO LIMIT THE STATE DEBT

Believed Around Capital He Will Propose \$100,000,000 as Limit.

RALEIGH, Dec. 2.—Governor Morrison will ask the General Assembly to submit to the people a constitutional amendment limiting the amount of indebtedness the State may contract.

This is one phase of the executive's expected recommendations for his biennial message that has not previously been brought before the public, but he is understood to have been giving it serious consideration for a period of several weeks. He is quoted as believing that along with the big expenditures for State development should come a safety valve against over enthusiasm which might result in limitless calls on the treasury.

At what amount he would place the limit.—(Continued on Page Two)

THE BURNING DECK

BY BILLY BORNE

TIGER IS URGING REALTY DEALS IN AMERICAN REENTER FOREIGN AFFAIRS

Capacity Audience at St. Louis Roundly Applauds Clemenceau.

ST. LOUIS, Dec. 2.—(By The Associated Press.)—Re-entry of America into European affairs, either as a member of the League of Nations or on some other basis was urged today by Georges Clemenceau, war premier of France, in the fourth of his series of addresses on this country, delivered at the Odéon before a capacity audience that applauded him roundly at frequent intervals.

The Tiger, summarizing what he thought he had accomplished so far on his tour of America, declared he believed he had convinced the country that France was not militaristic or imperialistic and that she had every intention of paying off her debt to the United States.

Just to make sure, however, he repeated arguments briefly on these points before he touched on the subject of American participation in old world affairs—the point he said that he has been most frequently advised he will not be able to get across.

In the midst of his discussion of militarism, he reiterated his allegiance toward the development of signs of militarism herself and launched into a criticism of her naval policy.

"I don't intend to interfere in your policy," he said, "however, you interfered in mine (referring to the military charges) and I think I have the right to say that some time you were very much inclined toward the development of your military establishments. Would Not Ask America To Limit Warships.

"You have the best frontiers in the world," he said, "but they are not better. But the other day you said you could not leave one unprotected unless you had 500,000 tons of warships. That may be. I will give you that much. I will give you a million tons if you want it. It is a way of spending and wasting your money which is of course, at your disposition. I do not believe very much in capital warships now, because there are submarines and airplanes which make warships no longer capital.

"England has increased her military power 19 per cent," he continued, "and Japan 71 per cent. Well, we will see. I doubt whether we will see the effect of this, but it may be the privilege of some of you. We will see what may come out of it."

Plunging then into his appeal for America to resume an active role in Europe, Clemenceau recited the history of America's entrance into the war and her part in making peace.

REALTY DEALS IN PAST WEEK ARE OVER \$700,000

Business Property Changes Hands and Large Contract Let.

Real Estate activities for the past week, including sales and contracts let for development work, amounted to over \$700,000, marking great strides in the business development of Asheville.

One of outstanding purchases was made by J. G. Sterchi, of Knoxville, prominent manufacturer and retailer of furniture, who purchased a building from Drs. D. W. Wain and J. M. Crawford, on Biltmore Avenue, at a figure named as approximately \$125,000, and will spend at least \$50,000 in remodeling the structure.

J. T. Bledsoe, and others, sold business property on Market Street, let for development work, amounting to over \$100,000, and Mr. Taylor and wife, sold property to Mr. Bledsoe, valued at approximately \$5,000.

Gene C. Sheehan, sold six lots on Carolina Lane to Mr. Taylor, at a figure given as around \$15,000.

Brynn H. Sumner, purchased from Mrs. Bessie Willis Young, half interest in the business building at 23 Biltmore Avenue. The building runs through to Lexington Avenue, is two stories and the figure for the half interest is named as around \$50,000.

Other business property sold on Biltmore Avenue, details of which have not been announced, amounted to over \$100,000.

The outstanding development of the week was the awarding of a contract to Julian A. Woodcock and Clyde Reed, for the excavation of Betsy Park Hill, at a figure named as around \$250,000.

RECOMMENDATION ON SCHOOL TO BE MADE

CHARLOTTE, Dec. 2.—Final recommendation of the Board of Trustees of University of North Carolina as to whether the proposed medical college which State would erect shall be located at Chapel Hill or Charlotte is expected to be made Monday at meeting of sub-committee of trustees to be held at Chapel Hill.

Major W. Pharr and J. L. Delaney, of Charlotte, members of the sub-committee of university trustees, will attend the meeting.

Others on the committee are W. N. Everett, Rockingham, and Harry H. Grier, Statesville, from the University, Dean Manning and Dr. McKinder, of the University Medical department.

Max Gardner, of Shelby was here today enroute to Washington, N. C., to deliver an address to the Elks Sunday.

LARGE FURNITURE COMPANY DECIDES TO LOCATE IN CITY

Sterchi Brothers, of Knoxville, Purchase Building on Biltmore Ave.

Sterchi Brothers, of Knoxville, manufacturers and retailers of high grade furniture, with stores in leading Southern cities, through J. G. Sterchi, president, have purchased a four-story brick building at the corner of Biltmore Avenue and Spycorn Street and will remodel the building into a modern store to be opened as one of the latest additions to the Asheville business field, with the purchase price, cost of remodeling and stock representing an investment of approximately \$300,000.

The building was purchased from Dr. D. H. Ware and Dr. J. M. Crawford, which was recently purchased by them from the T. C. Smith Estate, through Brynn H. Sumner, marking the third time Mr. Sumner has sold the building within the past two years.

Dr. Ware, who is associated with Dr. Crawford in the Drhumer Building, is prominent in business of South Georgia, who recently moved to Asheville to make his home and has made a number of real estate investments in the city, evidencing his faith in its future.

Sterchi Brothers have stores in 15 cities, including Knoxville, Chattanooga, Atlanta, Waco and other points and were brought to Asheville largely through the efforts of Mr. Sumner, who recently "sited" Knoxville to discuss the matter with J. G. Sterchi, resulting in his visiting the city, taking an option on the property and closing the deal by wire Thursday night.

The building will be immediately remodeled, a passenger and freight elevator installed and it will have an entirely new and modern front. The purchase price of the building is named as around \$125,000; \$50,000 will be spent for remodeling and the stock will represent an investment of around \$180,000.

J. G. Sterchi is regarded as one of the leading financiers in Eastern Tennessee and a short time ago gained nation-wide publicity by placing music in his large dairy farm and the cows are milked while popular airs are reproduced. The new firm will carry a complete line of furniture, carpets and house furnishings.

PREDICT LEGISLATION FOR POSTOFFICE HERE

WASHINGTON, Dec. 2.—Representative Weaver, this morning with Chairman Langley, Republican, Kentucky, of the public buildings committee, and a member of a new postoffice and Federal Court building at Asheville.

Mr. Langley intends to call a meeting of the committee at an early date and predicts that legislation for buildings will be enacted this session.

Mr. Weaver informed him that the building at Asheville was built many years ago, and that business has increased immensely since that time, with the growth of the city, and Federal activities. He stated that the income tax work is a new branch of work, and the prohibition enforcement work also.

L. B. JACKSON TO ERECT BUILDING FOR ATTORNEYS

Ten Story Structure to Be First Skyscraper for Asheville.

CORNER MARKET AND S. PACK SQUARE Buncombe County Bar Association May Also Have Quarters.

Asheville is assured of its first skyscraper and highest building with the announcement of J. H. Jackson that he will erect a ten-story building for the exclusive use of attorneys, at a cost of approximately \$175,000, corner Market Street and South Pack Square, work to start possibly within the next ninety days.

While the preliminary plans for the building, drawn by Donald Greene, architect, call for a ten-story structure, Mr. Jackson asserts that it may possibly be made higher. Mr. Greene has been awarded the contract to draw plans for the building.

Ten of the leading law firms of the city have already agreed to take ten-year leases, each having an entire floor of seven offices. The building will be of steel, faced with white terra cotta and with a strictly fireproof. Two elevators will be installed for the convenience of the attorneys and clients and in the basement will be located a barber shop and cafe.

Mr. Jackson recently made an offer to the Buncombe County Bar Association for the erection of a building for the exclusive use of attorneys, through Floyd Byram, as agent, and the offer met with wide approval.

A special call meeting was held yesterday afternoon by the association for the purpose of considering the offer, but enough law firms to accept the offer had not yet agreed to lease offices and Mr. Jackson is being urged to make the building higher.

R. M. Wells, President of the association, stated tonight that plans will proceed for the erection of an office building by the association and several sites are being considered.

MR. SMOOT SERIOUSLY ILL AT CHARLOTTE

CHARLOTTE, Dec. 2.—J. C. Smoot, prominent man of Asheville, is in an extremely bad condition at the home of R. M. Pound in this city. Mrs. Pound, his daughter, said heart trouble was the cause of his illness.

SON OF CLAIMANT TO MILLIONS NOW IS CLERK IN CITY

Only Children of Damage Heir to Fortune, Are Asheville Residents.

Mark Demange, age 20, only son of Ovide Demange, of New Bedford, Mass., one of three claimants to a fortune of \$12,000,000, now in the National Bank of France, is employed as a clerk in the grocery store of A. Klutts, 93 Rankin Avenue, and despite the fact that he may soon be rolling in wealth, daily handles his work as if he were without prospect of being the only son of a multi-millionaire.

Young Demange stated to a representative of The Citizen, after reading in The Citizen the details of the peculiar situation arising from the fortune of France, that his father told him several months ago in a letter that he had been notified of the fortune by the French embassy and again by Senator Lodge a short time ago, the Massachusetts Senator personally calling on his father and notifying him that he may be the relative.

J. L. Demange, Canada, a second claimant, according to the youth, is his cousin, and he does not know if there is any relationship with the third claimant, who is reported to be in a Vermont prison.

His sister, the only other child of Ovide Demange, is Mrs. Helen Mitchell, wife of Charles E. Mitchell, an acetylene welder, now employed with the Asheville Sheet Metal Works, and is at present visiting her father in New Bedford.

Young Demange declared that a year ago he heard his father speak of an uncle who died in France, and is positive this is the uncle leaving the fortune. He has not been advised by his father as to whether any steps have been taken to lay legal claims to the wealth, but is confident that the senior Demange will protect his interest with legal representation.

New Bern Opens Its Heart To Sufferers From Conflagration

Preach a Crusade Against Ignorance Commissioner Asks

WASHINGTON, Dec. 2.—An admonition by Thomas Jefferson to "preach a crusade against ignorance" was invoked tonight by Commissioner Tiert of the bureau of education in a message to the American people at the beginning of American Education week.

With 6,000,000 illiterate adults and 6,000,000 children not in school, the commissioner said, the nation has even more need than in the days of the sage of Monticello to set its face toward a policy to enable all the people to "grow in power and knowledge, in business understanding and tolerance, as the primary conditions of national progress."

Education week, set aside by President Harding in a recent proclamation as "a time for an aspirational" reflection on the education needs of great and small communities, was described by Mr. Tiert as an occasion on which the plain people should be reminded of educational neglect should be told far and wide.

Grim Humor and Pathos Around Scene Of Fire

Many Search Ashes; Man Bites False Teeth in Two; Goat's Tooth Gotten.

NEW BERN, Dec. 2.—(By The Associated Press.)—Silence, broken only by cries of distress from the devastation of more than 700 homes gave way today to a demonstration of generosity and sympathy and unselfishness as the New Bern devoted its attention in whole-hearted fashion to relieving the unparalleled distress of more than 3,000 homeless citizens.

The "silent city of chimneys," which prevailed since the morning flames consumed 20 blocks of buildings before being halted after 12 hours of fighting.

It is a silence that comes from a mass of ashes, with tall chimneys standing where only the day before approximately 700 to 1,000 homes stood—a silence that prevails as the hundreds of homeless seem unable to comprehend the loss they have sustained.

The devastated district seems to be a magnet relentlessly drawing men, women and children. Some of the homeless are digging in the ruins with the hope that the flint will be struck at an instant. Others merely wait from one smouldering ruin to another. Here and there small tents are going up.

Everywhere relief workers are darting, working unceasingly to provide for the suffering. A striking picture is found in the care and attention the negroes, who suffered the greatest losses, are receiving from white citizens.

"What can I do? What can I do?" cried an old negro of the "old Southern darkey" type. "I'm gonna starve, I know I am—and these three 'n' chillun'."

She sat on the steps that yesterday led into her front door—the only part of the shack not burned—with three small children tugging at her skirts.

Others were made to carry her away for attention and a temporary home.

"I've gonna stay here," she moaned. And there she stayed until late tonight.

"I had \$200 in my house," said another woman. "It was my savings of three years. Everything is lost."

Three small children were rushed from a burning home by their mother, who left the groaning cemetery while she returned in an effort to rescue some of her possessions. Other refugees in the cemetery found the children with their clothing in flames. They suffered painful burns before their rescuers extinguished the fire.

MORE THAN 700 HOMES ARE LOST; RAINFALL SETS IN

Many Cities Offer Aid—Relatives From Many States Ask for News.

\$15,000 IS RAISED IN PUBLIC MEETING

Army Tents and Blankets Sent From Two Neighboring Camps.

RALEIGH, Dec. 2.—The fire at New Bern was the most disastrous in the history of the State, Insurance Commissioner Stacy Wade stated this afternoon. "It is the only real conflagration North Carolina has ever seen," he added.

Mr. Wade said he had received a telegram from Fire Marshal Sherwood Brockwell, of the State Insurance Department, who was sent to New Bern last night, stating that the loss would approximate \$2,500,000.

NEW BERN, Dec. 2.—(By The Associated Press.)—Friday's terror, confusion, and intense excitement created by the stupendous fire loss which resulted in the destruction of more than 700 homes gave way today to a demonstration of generosity and sympathy and unselfishness as the New Bern devoted its attention in whole-hearted fashion to relieving the unparalleled distress of more than 3,000 homeless citizens.

The "silent city of chimneys," which prevailed since the morning flames consumed 20 blocks of buildings before being halted after 12 hours of fighting.

Three small children were rushed from a burning home by their mother, who left the groaning cemetery while she returned in an effort to rescue some of her possessions. Other refugees in the cemetery found the children with their clothing in flames. They suffered painful burns before their rescuers extinguished the fire.

A mass meeting attended by all except those who refused to leave the ruins of their homes, was held this morning and a decision reached to refrain from giving Christmas presents this year and devote the money which would have been spent in this manner to the relief of distress.

Every home left standing in the town was filled with those less fortunate. Scores are being fed and old clothes, shoes and bed linen distributed. A large shipment of clothing and shoes was expected here late today from Goldsboro. Women's organizations in that city collected the articles.

Dynamite in large quantities was used at intervals throughout yesterday afternoon to check the progress of the fire. Several inches of clothing and shoes were expected here late today from Goldsboro. Women's organizations in that city collected the articles.
