While Mr. Picard comes to the bar at a late period in life yet, his experience as an officer, having served for many years as Justice Peace, etc., makes him no stranger to the work of courts and the forms and rules of law. OUR SUPERIOR COURT.

The Fall Term of Chowan Superior Court, Judge Graves presiding, was opened on Monday. Mr. J. M. Forehand was sworn as foreman of the grand jury.

The first case called, assult and batery, was disposed of, verdict of

the jury being not guilty. The case of Richard Holley charged with careless driving upon a public road and, in consequence, running into the buggy of Dr. R. H. Winborn, was one of some importance, in that, it was calculated to teach the unimformed that the highway, although public. does not belong exclusively to the fastest horse or the bigest conupon the road which every other man is bound to respect. Upon a virdict of guilty, the Judge imposed a fine of \$5.00 and cost.

Upon a virdict of guilty, the Court put all the parties under bond sufficient to insure their presence at the next term of the Court and for their good behaviour tn the mean time, and required of them the payment of the costs which we learn was quite large and in the justice of the law and the certainty

of its punishment. Among other cases disposed of, too numerous to mention here, was that of the State vs Louis Levy, in which the Defendant was charged with Libet. It seems that some months ago Levy published the Editor of the Albemarle Enquirer in a circular card using therein language plain, strong and lescriptive and which gave the editor uch offence as to drive him to the Courts for a safe defence and for exculpation. Levy was arrested and Bargain Station No.1. rought before a Justice Peace who. or want of final jurisdiction, bound him over to answer.
