THE STORM.

OUR FISHERMEN'S NETS BADLY DAMAGED—NO FISH CAUGHT—THE NORTHERN BLIZZARD, &c.

On Sunday last a storm set in from the North West and lasted till yesterday, which done much damage to the Albemarle fishermen. Their nets were blown to pieces, stakes blown up and many will lose lots of time and money in repairing them. The storm is reported as one of the severest for many years. For over four days none of the fishermen could go to their nets. Some of the seine fishermen had to quit work and hang up, while some, who tried to fish, had their seines blown away and perhaps lost. At this writing things here are in a terrible state of affairs, and the damage to nets and seines cannot be estimated. The season is reported as one of the worst on record—no fish has yet been caught and our fishermen are all looking "blue." Some of them will not be able to pay out of debt.

Reports of the storm from the North are terrible. New York, Washington, Baltimore and Boston all report the wind and snow as doing great damage. Wrecks after wrecks have been reported along the coast. Trains and steamers all stopped running. The snow lay so heavy upon the wires that hundreds of telegraph and telephone poles strong as they are, were snapped off.

New York advices say: The State of New York is absolutely snowed under. The oldest person never saw its equal; not one train was dispatched by either the Erie or Central Monday, something unprecedented.
Telegrams from distances of two hundred miles have the same story to tell, namely—"It's the worst storm ever known here."

The police authorities say the storm has not been equaled since 1855. Owing to the tremendous gale and terrible snow storm, there have been no arrivals or departures from this port. Navigation has been almost wholly abandoned in the rivers and harbor, and even the boats on the different ferries made only infrequent trips.
Frozen ears and feet were never so numerous. The drug stores were filled with patients all day and evening. A woman absolutely froze to death at the corner of Fulton and Broadway streets, popularly supposed to be the busiest four corners on the earth.

NEW ADVERTISEMENTS.

We ask our readers to notice the "ad" of Mr. D. T. Smithwick, agent for Bibles and Life Insurance, in this issue.
Fishermen, you are invited to read the card of Schall & Le Cato, of Baltimore, an old reliable Fish firm and a good one to deal with. Try them, fishermen.

In this issue will be found the card of J. H. Sanner & Co., and excellent Baltimore Fish firm, which we invite our fishermen to read. Their agent, Mr. J. S. Lynch, is at the Woodard House.

A TRIP TO PLYMOUTH.

The editor, in company with several Edentonians, Prof. L. A. Williams and wife, Mr. R. F. Cheshire and wife, Mr. A. T. Bush and wife, and Mrs. F. A. White, paid our neighbor town, Plymouth, a flying visit, which was very pleasant, on Friday last. We boarded the elegant and swift running steamer, S. A. McCall, and as usual, we found all the officers as polite and accommodating as any we have ever travelled with. We soon arrived at Plymouth, and spending the evening very pleasantly in walking around the town, we made our way to the Latham House, where everything nice and comfortable was found. After attending service at the Baptist church, by Rev. T. W. Bibb, we again found ourselves at the Hotel, waiting the arrival of the Str. Chowan, and after having some excellent vocal and instrumental music, so charmingly rendered by Prof. L. A. Williams and wife, we boarded the elegant Str. Chowan at a very late hour for home. Just before Saturday morning we arrived home well pleased with our trip, which we hope will soon be repeated.

The editor met many of his friends among them he encountered the gentlemanly and accomplished editor of the Plymouth Sun Mr. Thos. Armstead and found him as loquacious and as interesting as ever. We were exceedingly pleased to hear that he will soon start a paper called the "Roanoke Herald," which we wish abundant success.

The entire party returns their sincere thanks to the officers of the Str. Chowan especially Captain Withy, for the courtesies shown them.

We have in our county, Mr. D. T. Smithwick who is selling family Bibles. He has also a most excellent work written by J. W. Buell, assisted by T. DeWitt Talmage, called the "Beautiful Story." This work is a companion to the Bible containing a narrative history of all the events recorded in the sacred book. Designed to increase our interest in a study of the Bible, and to give a better knowledge of God's Providence and immeasurable love for the children of men; to which is added Golden Gems of religious thoughts.

Mr. Smithwick is also a Life Insurance agent, working in interest of the Inter-State Company, Staunton, Va.
