TOTAL SOLAR ECLIPSE.

Astronomers Go to California to Make Observations.

One of the corps of astronomers attached to the Harvard College Observatory will go to California with telescopes and other apparatus to be used inlobserving the total solar eclipse which is due on New Year's Day. Later in the month Professor W. H. Pickering, A. Lawrence Rotch, Samuel Bailey, E. S. King and Robert Slack, the remaining members of the expedition, will join him. The party will occupy a position near the town of Willow, in the Sacremento Valley, the observation station having an altitude of 2000 feet above the sea level and being about two hundred miles from San Fran-

The telescopes to be taken are of thirteen inches and eight inches diameter, and they will remain for a time on Wilson's Peak, in Southern California, after which they will be taken to Peru and placed in the permanent observatory there to be established by Harvard University to co-operate in the Southern hemisphere with the observatory in Cam-

Living on the Reputation of Others. "Take everything that I have but my good name; leave me that and I am content." So said the philosopher. So say all manufacturers of genuine articles to that horde of imitators which thrives upon the reputation of others. The good name of Allcock's Porous PLASTERS has induced many adventurers to put in the market imitations that are not only lacking in the best elements of the genuine article, but are often harmful in their effects.

The public should be on their guard against these frauds, and, when an external remedy is needed, be sure to insist upon having Allcock's POROUS PLASTER.

A " Put and Call."

This is a funny phrase to the uninitiated, but all the brokers understand it. They use it when a person gives a certain per cent. for the option of buying or selling stock on a fixed day, at a price stated on the day the option is given. It is often a serious operation to the dealer, but there is a more serious "put and call" than this: when you are "put to bed with a severe cold and your friends "call" a physician. Avoid all this by keeping in the house Dr. Pierce's Golden Medical Discovery. The great cure for pulmonary and blood diseases. Its action is marvelous.
