CEMETARY FOR EDENTON.

The citizens had a meeting at the Court House, Monday last, for the purpose of taking such united steps as might be necessary to purchase a suitable site for a public Cemetery for the white race of the town of Edenton; Mr. J. R. B. Hathaway was chosen chairman of the meeting and L. L. Brinkley, secretary. The chair, on motion, appointed several committees, whose duty it is to investigate certain matters as to location, subscription, &c., and report at the next meeting to be held Thursday evening, July 25th, till which day, the convention adjourned. Let the next meeting be largely attended. It will be an important one and, doubtless, one that will require much wisdom and cool deliberation.

Agricultural and Mechanical College. Regulations Adopted

Applicants for admission to the college must be not less than fourteen years of age, must furnish evidence of a good moral character, must be able to read and write and show a knowledge of arithmetic through fractions, and have a fair knowledge of geography, and the history of North Carolina. Applicants will be required to appear before the county superintendent of education, in connection with not less than two members of the county board of education, and submit to an examination by written questions which will be prepared by the president of the college. If such examination shall be past satisfactory, the examiners will issue certificates of qualification to the most meritorious applicants, in number equal to the representation of their respective counties in the House of Representatives. Students thus admitted, in number on the basis of county representation in the lower house of the legislature, will be given tuition free of charge and provided with board at eight dollars per month.

As to other students the same qualifications shall apply; but they will be charged a tuition fee of \$20 per year. Books and stationery will be furnished to all students at cost.

Hon. Thomas J. Jarvis is president of the college by election. It is thought that he will accept. A more suitable man could not be found in the State for the position. With Jarvis in charge the success of the institution is assured.

The following were the officers elected:

- Chair of Agriculture, J. R. Chamberlain.
- Chair of Arboriculture and Horticulture, W. F. Massey.
- Chair of Pure and Agricultural Chemistry, W. A. Withers.
- Chair of English, D. H. Hill, Jr.
- Superintendent of the Farm, B. S. Skinner.

MEN AND THINGS.

Gen. D. H. Hill is in poor health. There is not a barroom in Tyrrell county. The jail door stands wide open.

The ex-Confederates of Buncombe county have organized an association with Gen. R. B. Vance as President.

Concord has 4,000 inhabitants and has no policemen. The Times says that it is due to the good effect of Local Option.

Ex-Congressman John Nichols has been appointed to a remunerative position in the Treasury Department. His salary will be about \$2,500.

The Roanoke News says that the Post-Master General has informed Senator Ransom that he would not remove the Democratic postmaster at Weldon because Weldon is the Senator's post-office.

The Roanoke News suggests that a guano factory be established at the penitentiary, and the fertilizers made there, be supplied to the farmers of the State at a price a little in excess of the cost of manufacture.

Hon. Chas. Stedman has been invited to deliver the Memorial Address next year, and he has accepted the invitation. He will speak of the life and career of Gen. William McRae, his old brigade commander. —Wilmington Review.

The Baltimore American says it is worthy of note that in many of the Southern cities manufactured ice is sold at cheaper rates than the natural article in some Northern cities. This is another proof that the South can take care of herself.

The Board of Trustees of the Chowan Baptist Female Institute have determined to rearrange the building and put in new furniture and carpets before the fall session. President Brewer and his associate professors are happy and reasonably expect a large increase of students next session. —Biblical Recorder.

We learn that a suit has been instituted against President Battle of the University by young Smith who was arrested on complaint of Dr. Battle, for painting the Cladwell monument. He claims twenty thousand dollars damage, and that he was elsewhere in the State on the night the offence was alleged to have been committed.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, O., says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at Dr. W. J. Leary's Drugstore.

WHAT THE PRESS IS SAYING.

Agriculture never took a longer stride in advance than it did when the silo was added to the practical equipment of the farm. Most of us were slow to realize this at first, and a great many are unwilling to concede the advantage claimed for the silo but the utility of the modern silo cannot be gainsaid, for without it we are left at the mercy of the elements in the handling of our great corn crop. —American Farmer.

Any candid person, contrasting the moderation exhibited by the Democratic administration four years ago with the rapacity now shown by the Republicans; must confess that it is not true that Harrison is no worse than Cleveland. What a claim that is for the partisans of the Administration to put forward! Only nine months ago Republican organs teemed with articles denouncing Cleveland as so bad a President that he ought to be turned out of office, and a man put in his place who would keep his pledges. Within three months of this man's inauguration the press of his party is reduced to such straits as to beg indulgence for him on the ground that he really is no worse than his predecessor. We do not recall a more striking confession of a new administration's failure. —N. Y. Evening Post, Ind.

Even Convicts Get Appointments.

The Republican party isn't choice in its appointments. Between Eaves' "reliables" who are "not afraid of the devil" and the nigger mail agents the people of North Carolina are having a hard time of it. The latest disgraceful appointment was that of a negro who lived in one of the Eastern counties. He applied for a route agent's place. Soon after making application he was tried for stealing, was sentenced to the penitentiary and was sent to work the Roanoke & Southern R. R. at Walnut Cove. A few days ago a letter from the post office department was forwarded from the negro's old home to Walnut Cove telling him to get up his bond,—that he would be appointed! —Winston Sentinel.

Attention Teachers!

The State Board of Education have determined to send Prof. J. Y. Joyner to hold an Institute at Edenton, for white teachers, under the provisions of chapter 200, laws of 1889, beginning on the 29th day of July and continuing one week. All white teachers in Chowan county are required to attend continuously the session of said Institute and, on failure so to do, they shall not be certified as teachers for the ensuing year. I give this notice, thus early, that teachers may make every arrangement necessary to be present.

Hanged.

Wm. Weddington, col, was hanged at Charlotte on the 11th for murder of policeman Jno. Pierce, Union county, May 5th, 1888. The eight year old son of Pierce witnessed the hanging of his father's murderer. About sixty persons were present at the execution.

They are not content to let the darkies rest. The latest is an effort to have 100,000 remove to Oklahoma. All right, if any want to go. But home is the best place for most folks
