EDENTON, DEC. 27, 1889.

HENRY W. GRADY DEAD.

The life of this great orator and friend of the South ended Dec. 23rd at 3:40 a. m. at his home in Atlanta, Ga. The entire country shares in a sense of the bereavement which makes the "Continent poorer" and bows the heads of strong men such as Cleveland, Hill, Randall and a host of others in great grief.

May God bless and comfort his mourning household.

** The great man of England, Sir William E. Gladstone, will celebrate his 80th birthday on Sunday next, the 29th.

** We are in receipt of the "Confederate Veteran," a magazine published monthly in Atlanta, Ga. It is devoted to Southern literature and will strive to keep alive the traditions of the Old South and to preserve the honor of the Lost Cause and the Confederate States. Subscription price is \$2.00 per year. The first number contains ninety-six pages of pleasant reading matter written on thirty-six different and most interesting subjects. We bespeak for it the liberal patronage of our people.

** The FISHERMAN AND FARMER will take holiday next week. It will greet its patrons promptly on January 10th, and regularly thereafter throughout the year, 1890.

Our paper is now in the fourth year of its age and is blessed with prospects as flattering as we could desire under existing circumstances. It came in existence with fixed determination to stay as long as it could be useful and command the respect of the people. To some extent we have enjoyed a liberal consideration at the hands of this public and many living in remote sections of our State and country. Our subscription list contains names of persons living in thirty-five counties in North Carolina, and it gives evidence of circulation in Norfolk, Richmond, Portsmouth, Franklin, Petersburg, Suffolk, and Lynchburg of Virginia. It is read by subscribers and advertisers in Boston, Philadelphia, New York, Baltimore, Seattle, Washington Territory; Washington, D. C. St. Louis, Anniston, Atlanta, Jersey City, Gulf View, Miss., Empire, Louisiana, Portland, Maine; Helena, Ark; Chicago, St. Louis, Nashville, Colorado, Daphney, Ala; in South Carolina, Texas, Florida, and occasionally in other States. It enjoys an agreeable exchange with forty-five papers published in different sections of the United States and has a gratuitous circulation which is variable but, rarely less than twenty or twenty-five. It has been made the official paper of the county of Chowan, and is endorsed by the Farmers Alliance of this district. It is the only paper, devoted to our fishing interest, published in the State, and by fisherman, here and elsewhere, it is liberally patronized.

During the coming year we are determined to widen its influence and make it a still greater help to our town and section.

Inherited Blood Poison.

How many people there are whose distress from sores, aches, pains and eruptive tendencies are due to inherited blood poison. Bad blood passes from parent to child, and it therefore is the duty of husband and wife to keep their blood pure. This is easily accomplished by a timely use of B. B. B. (Botanic Blood Balm). Send to Blood Balm Co., Atlanta, for book of most convincing proof.

James Hill, Atlanta, Ga., writes: "My two sons were afflicted with blood poison, which doctors said was hereditary. They both broke out in sores and eruptions which B. B. B. promptly controlled and finally cured completely."

Mrs. S. M. Williams, Sanday, Texas, writes: "My three poor afflicted children, who inherited blood poison, have improved rapidly after a use of B. B. B. It is a Godsend."

J. R. Wilson, Glen Alpine Station N. C., Feb. 13, 1885, writes: "Bone and blood poison forced me to have my leg amputated, and on the stump there came a large ulcer, which grew worse every day until doctors gave me up to die. I only weighed 120 pounds when I began to take B. B. B., and 12 bottles increased my weight to 180 pounds and made me sound and well. I never knew what good health was before."
