THANKFULNESS.

There is always cause for thankfulness. The sunshine that comes to all is cause for thankfulness, and darkness that shuts out business cares and invites to sleep makes us thankful.

But we North Carolinians have special cause for thankfulness. Where in all the world is there a land more blessed of heaven? Health revels in its mountain breezes and rejoices in its soft sea air. Fruits and flowers spring spontaneously from its bosom, and fields of golden grain reward the husbandman. We will enter the courts of the Lord with thanksgiving, we will give thanks to the God of our salvation.

But there is yet greater cause of thankfulness, still higher reason for gratitude. Here in this old North State the mind has scope for its loftiest thought, and the soul rises on exultant wing to its native heaven. When we consider the intellectual and moral darkness that envelops many portions of our planet, how should our bosoms swell with gratitude in that the lines have fallen unto us in pleasant places and ours is a goodly heritage!

Thankfulness and gratitude are best attested by works of beneficence. It is right on all proper occasions to express our gratitude in words and lift up our hearts in thankful song, but it is better still to let our deeds express emotions no language can portray. To act the heart and live the soul amid "the war of elements," is to ennoble the world by living in it, and make bright the path to heaven.—Ex.

ALLIANCE NEWS.

The Virginia State Alliance passed resolutions thoroughly Democratic.

It is claimed that there will be fifty Alliance members in the Fifty-second Congress.

The Farmer's Alliance of Georgia adopted cotton bagging as the Alliance covering for cotton.

The Farmers' Alliance of Missouri have declared against the Sub-treasury plan and stand flat-footed on the Democratic platform.

The South Carolina Colored State Farmers' Alliance Convention have declared that there should be no politics whatever in the Order.

The farmers of the country are honest men who have too long borne unjust burdens, and it is right for them to assert their rights and vigorously maintain them. These rights can be best secured through the Democratic party, and nine-tenths of the Alliance men know it and appreciate the situation.—Ex.

Microbe Killer Co.:
Gentlemen—After suffering from catarrh for eight years, during which I tried various patent medicines and was treated by regular physicians, even specialists I determined to give your Microbe Killer a trial. After two jugs had been taken an improvement in my health became perceptible, which steadily continued. Now I am taking my seventh jug. I am so far recovered as to entertain once more a hope which I had long lost—that of a complete and radical cure. Gratefully yours,
HENRY BREGNO.

Come To The EDENTON FAIR.

Second
Exhibition

October
28, 29, 30, 31.

A Visit to The EDENTON FAIR This Year will Never be Regretted.
Let Everybody Turn Out DAILY.

First Class Exhibition. Excellent Side Shows. No Gambling.

THE HORSE-TROT.

The men who say they think it wrong
To try a horse's speed.
Are men whose horses look as though
They scrimped them in their feed.

Amusements they are innocent,
Conducted on the square,
Will hurt no one to patronize,
No matter who they are.

It helps the old grow younger,
Brings fond recollections back,
And the slumbering fires rekindle
As the nags glide round the track.

PREMIUM LIST.

The premium list has been carefully and thoroughly revised and corrected and is now full and complete. The wants of exhibition have been carefully studied, and concessions made wherever the exhibition could be prospectively strengthened, and as great liberality is displayed in the prizes offered we are assured of a matchless, mammoth exhibition, of all the multiplicity of our country's choice Agricultural, Mechanical, Industrial Material and Artistic Products. Every department of Husbandry, Industry, Art and Commerce will be represented, and the competitive efforts will strengthen and diversify knowledge, stimulate improvements, and redound greatly to the good of all. It is expected that the exhibits will show an unusually high order of merit, and that spirited rivalry among contestants for prizes will be greatly augmented over that we have had at any former fair. Send to the secretary for a copy.

The location of a good agricultural fair in any community has been the precursor of its strong agricultural development, and the reputation of the fair has been a reflex of the liberality, industry, and prosperity of the people. It affords an easy means of exhibiting and stimulates the development of the resources of the country. This being the case what duty can there be more strongly incumbent upon every body than to patronize our fair in every manner that they can possibly do so.

Every farmer in Chowan county will be expected at the Fair, and not only every farmer but, his entire household. Let all come who will. There is plenty of room for the accommodation of all even to the number of ten thousand.

You should exhibit something at the Fair. No charge will be made for any exhibit whatever. Large premiums are offered.

THE FAIR PROGRAMME.

The Program for the coming fair will be unusually elaborate and interesting. Each year we aim to produce multiplied attractions fresh, bright, dazzling, and engage as many elevating and instructive Exhibitions, Games and amusements, as can be secured, and all of the rare and striking novelties that the genius of the times has been able to invent to enliven and enrich these occasions, and have power to educate, amuse and enlighten the people, so far as they are available and consistent with the character of the Fair, will be exhibited, thus assuring an unusually attractive and elaborate program of everything that can lend a charm or fascination to the great fair, or that will appear conspicuously grand, attractive, instructive and amusing. The ambitious aim of the managers is to strive to make every day a banner day.

TUESDAY, Oct. 28th.

At 10 o'clock the Fair will be formally opened by Hon. T. G. Skinner and W. E. Capehart, President of the society, assisted by Vice Presidents, Ex-Presidents and other distinguished citizens, all attended by the Chief Marshal and his staff.

Officers will be present to receive all articles and stock. This will be known as children's day. Donkey, goat, bag and other races, and many sports and games, especially designed for the young folks, will be the order of the day.

WEDNESDAY, Oct. 29th.

At 11 o'clock an address will be delivered by the Hon. Mann Page. At 1 p. m. parade of cattle, under the management of the directors of this department. Trials of speed begin at 2 o'clock.

THURSDAY, Oct. 30th.

Trap shooting at 11 a. m. At 12 o'clock grand parade of horses and cattle, with ribbons attached to bridles or halters under the management of the directors of these two departments. Trials of speed at 1 o'clock. Base Ball game evening.

FRIDAY, Oct. 31st.

At 11 o'clock there will be a match trap shooting, open to all. At 1 p. m. match trap shooting; 2 p. m. match running; 3 p. m. Mule race and other amusements.

The Railroad will issue round trip tickets from all points, and the steamboats will do the same.

A large show will exhibit, during the Fair upon the grounds, having rented the privilege from the directors.

Plenty of house room and stable room, shelters, cribs, pens &c. at the fair grounds to supply all who may desire to make entries.

There will be no end to the means of accommodation. The grounds are ample and conveniently located for every possible purpose.

It is our aim to have every known variety in the animal and vegetable kingdom, as connected with agriculture, represented at the fair by specimens so fine that it will be difficult to select the best.

The speed department will be enjoyable beyond example. Regarding good races as the magnet of a fair the managers will aim to secure a large field of the fleetest footed horses and so regulate the conduct of the drivers that the contests will be hot and honest.

Our railroads and steamboats as well as connecting lines, will aid the managers in getting out big crowds and making the Fair a success by offering tickets to go and return at invitingly low prices to passengers, and free return of freight as usual. Excursion rates! Make it possible for those whose homes are remote to visit the Fair, and see the magnitude of the glory and progress of the age in which we live, as easily, quickly, and cheaply as those who reside at or near the grounds.
