What It Has Done.
About twenty years Mr. James Bailey originated and put on the market the popular remedy, Bailey's Cholera Cure, for Dysentery, Diarrhoea, Cholera Morbus, and all acute Stomach Troubles. The reputation it has made, the endorsement given it by every one who has had occasion to use it, has proven a source of great satisfaction to its proprietors.

What it Will Do.
If you will only be liberal, spend twenty-five cents, you will be within the pale of an absolute security from the dread ravishes of these bowel complaints which carry off more victims during the three hot months than any other disease known. If you are one of those who do not know from experience that these are more than advertising claims, ask the Experiment Station of your State how our seeds rank as to purity, and then send us an order—a small one if you like. If the mail or express doesn't deliver the package promptly we duplicate the order—duplicate it a dozen times if necessary.
We want to supply you with every seed that goes into your garden or is needed on your farm. Our customers through out the Southern States think we can supply them a little better than anybody else.
