EDENTON, N. C. Sept. 7th, 1894.

COL. J. S. CARR'S ADDRESS TO THE DEMOCRATIC CLUBS.

RALEIGH, N. C. Sept. 1, 1894.

To the Democratic Clubs and the Young Democracy of North Carolina:

The "war" is not closed; individuals, corporations, trusts and combinations must "submit to the free legislative will of the people's representatives;" they must not "dictate the laws which the people must obey."

Wherefore, as the President of your Clubs, I have brought you again in the field to re-sume those political labors for which your organization was called into existence some six years ago.

In our call for a Convention of Democratic Clubs to meet in Raleigh, on the 20th of September inst., issued on the 28th of August ultimo, we called upon you to recognize all clubs on the rolls of the Association of Clubs, to form new clubs in every town, village and township, where none now exist, and to elect delegates to the convention, as the means of promoting the growth of those fundamental Democratic principles which are the very bed-rocks of our political freedom.

As we said in a former address to you, "nowhere can those cardinal principles of Democracy be more effectively disseminated than in and through those home organizations of the people, where neighbor is banded with neighbor, shoulder to shoulder, in zealous support of those liberties which are the birthright of the American people, but held only at the price of eternal vigilance."

Thorough organization is necessary in this campaign, if we would thwart the machinations of a few designing, ambitious men; men who are working with all the energy of unholly ambition to lead their honest, unsuspecting, misguided followers into the camp of the great enemy of the people; men who have nothing to lose but all to gain by the overthrow of the Democratic party—the only party that truly represents the people. We fight for measures not men. We enter this fight with a living faith in the righteousness of our cause. We have an abiding trust in the virtue, honesty and good sense of the people; that they will be swift to see the good that has been accomplished by that party, and quick to recognize and appreciate the Herculean efforts of the true Democracy in behalf of financial legislation and tariff reform; and we know that if they be met face to face with a frank and manly statement of the faith which inspires and the principles that controls the leaders of the Democracy, they will, as in the past, give them their hearty, loyal support. But those whose machinations prevent our reaching the full measure of success we deserve, should not be forgotten.

In conclusion, we can not rest until a full measure of relief is secured to the burdened tax payers of this country. We must not relax our efforts until the gigantic monopolies and trusts that are still oppressing the poor have not only had their wings clipped, but have ceased to exist. There is work to be done. And when ever there is work to be done in behalf of those great cardinal principles of the party; wherever patriotism is encouraged as a virtue, and treachery is damned as a vice, and the traitor is not forgotten or forgiven, we pledge the young Democracy. We pledge it for the "war," until the question may no longer be made, "Is this a government of the people, or a government of trusts for the benefit of trusts?"

We have the honor to be Your obedient servants, J. S. CARR, Pres. State Assn. Dem. Clubs, B. C. BECKWITH, Secretary.

COL. WILLIAM WILKINSON'S GRAVE.

I write to call attention to the neglected grave of Col. William Wilkinson at Sandy Point. The slab, which is of slate, is badly fractured, only two pieces of it can be found, but fortunately they contain the most of the inscription, which I decipher as follows:

"Here Lyes Interred ye Body of Colonel William Wilkinson—Departed out of this World ye 14th February 1707—Being—years of Age." (Italics mine)

You will notice the peculiar manner of writing the year. Col. Wilkinson was a prominent man here in early days, when Edenton was a mere settlement, and called "Chuwam Precinct."

Under an act of Assembly he was a member of the first vestry of St. Paul's Church in 1701, and was made a church warden with Gov. Henderson Walker and Capt. Thomas Lewton. They were instructed to "agree with a workman for building a church twenty-five feet long, posts in the ground, and held to the collar beams." This was the first church ever built upon the soil of North Carolina and was finished in 1702. Col. Wilkinson was therefore a father of the church here, and deserves to rest under the very shadow of its tall spire.

RICHARD DILLARD.

PROF. T. D. WARREN.

Mr. Thomas D. Warren, of Edenton left August 31st to accept a position as teacher in the celebrated Horner school at Oxford, N. C.

Prof. Warren taught last year, with marked success in the western part of the state, giving his patrons unbounded satisfaction, and it was with deep regret that they gave him up.

But the inducements held out to him by the Horner School were so strong and favorable, that he was constrained to return to this old and renowned seat of learning where he had spent three years as a pupil so pleasantly and profitably, and accept a position in its Faculty.

Mr. Warren's preparation for College was had at this grand old institution, and credit is due to it for the exceptionally high record in scholarship made by him at the University of North Carolina, where he won the Greek Prize and took first distinction on all his studies, thus placing him in the front rank of students, an eminence rarely if ever excelled in this line.

We bespeak for him and the Horner School abundant success, and sincerely wish for him a brilliant career.

NOTICE.

The County Convention of the Democratic Party of Chowan county is called to be held in Edenton on Tuesday, Sept. 25th, 1894. The respective townships will convene at their respective places of meeting on Saturday, Sept. 22nd, 1894 for the purpose of electing delegates to said Convention. Each Township will elect at said meetings a township Executive Committee consisting of five (5).

C. S. VANN, Chm. Dem. Ex. Comm. Sept. 6, '94. Chowan County.

It is said that Mr. Bernard, of Greenville, wants to be the fusion candidate for Solicitor. Bernard must have been bred on the political race course. He has been entered in every race for several years, and has been very successful in retiring as second, third and even fourth best, his position depending entirely upon the number of his opponents.

The Peoples' party Congressional and Senatorial Conventions were held in Edenton yesterday at Rea's Opera House, which resulted in the nomination of Col. Harry Skinner for Congress, and Theophilus White of Perquimans and a Mr. Snipes of Hertford, for the State Senate.

A fuller account of the Convention will be given in our next issue. It is estimated that the Democratic State ticket in Arkansas is elected by at least 25,000 majority.

TURNED BLACK.

We sometimes hear of darkeys bleaching and becoming white, but we do not often hear of a white man turning black. In Timble county, Tenn., two white men took refuge during a thunder-storm under a poplar tree. The tree was struck by lightning, and the men were so badly stunned that it was some time before they recovered consciousness. Neither were seriously hurt but one of them had turned as black as the ace of spades, all over, and at last accounts continued so.

We are informed by an eastern contemporary that there are over fifteen thousand brass bands in this country. There is scarcely a town which does not possess such an organization, for weal or for woe—usually for woe. Usually the merchants and wealthy men contribute toward furnishing the instruments. Frequently they wish they had not done so. The brass band furnishes the music of the people. It has always been and always will be so. The orchestra appeals more to those of higher musical culture. This brass bandism, if such an expression can be allowed, was engendered by the military bands during the war, and the late Pat Gilmore, the father of brass band music in America, brought it almost to perfection.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences.

Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. Brockwell, Harris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is No Better Medicine, and have induced many to use it."

Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in them or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 50 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would not more be without them than I would not more be without my bread."—H. H. Ingraham, Rockland, Me.
