A BANK CASHIER SHOT.

eriously Wounded by Robbers Who Were Pursued and Captured.

Cashier Leech, of the Bank of Adel, Iowa, was perhaps fatally shot by two bank robbers at Adel. They escaped with an unknown amount, supposed to be \$15,000. C. D. Bailey, a merchant, was also badly shot. The robbers drove into town about nine o'clock in a top buggy, proceeded at once to the Bank of Adel, entered, and stated they wished to deposit a sum of money. The cashfor, S. M. Leech, turned to arrange to receivitie money, and on looking around was confronted by drawn revolvers in the hands of each man. The robbers ordered him to turn over the funds of the bank, which he refused to do and they shot him. Mr. Bailey happened to be in the bank and was shot. The robbers then escaped with all the funds of the bank they could lay hands on. They drove out of town, but before

noon both robbers were captured. One hid in a barn at De Sota and was smoked out and shot. The posse returned to Adel with the other one. While in the bank and during their retreat

the robbers fired repeatedly at the citizens who were after them. Following are the casualties:

The most destructive natural gas explosion in the history of the Indiana gas beit his own. occurred at Anderson, Ind., a few mornings

Fire followed the explosion, which was like an earthquake, and the remains of the debris began burning flercely. The entire fire department was called out and prevented the ire from reaching the new Court House. Attorney Ballard and County Commission-

The fronts of all business houses in the neighborhood of the explosion were demolished, paved streets ripped open and telephone cables torn down.

ORANGES FOR FLORIDA.

Heavy Orders From Hotel-Keepers Sent to Southern California.

"This is a literal illustration of sending coals to Newcastle," said Manager Collins, of the San Antonio Fruit Exchange, of Pomona, Cal., referring to the first of a series of

carloads of California oranges that have een started for St. Augustine, Fla. The recent freeze in Florida caused a searcity of oranges there and the botel-keepers and others, who have thousands of tourists from the North to entertain, must have fruit for their guests. S. H. Knowles, of the Ponce de Leon Hotel, has telegraphed that not a box f decent oranges can be had in Florida, and has ordered the weekly shipment from Po mona Valley to be sent to him until forther orders. Similar orders for Southern California oranges from other hotel-keepers and winter-resort managers at Jacksonville Boland and Lake North have come to On tario, Riverside and Bedlands during the last week. These shipments will continue until about April 15, when the Northerners usually leave for their homes.
