American Steamship Allianca.

The Spaniard, Evidently Looking for Cuban Fillbusters, Fired in Response to the Salute of the Allianca, Which Showed American Colors---The News Makes a Stir at Washington.

But music will pass right on, right up and

The ship was threading her way through he Windward Passage, and, according to the statement of her commander and of all others on board, was well clear of the marine league, when a Spanish man-of-war, which vas lying inshore, started in pursuit. The Allianca hoisted her colors and dipped hem three times as the man-of-war drew near, that being the customary salute which a merchant vessel pays to a vessel of war when meeting upon the seas.

The Spaniard's reply was a blank cartridge flag be dipped again.

The rippling emblem of the free had hardly been mastheaded again before another shot boomed from the pursuer. Captain Crossman, then thoroughly angry, paid no attention to the shot, which was an unwarranted and arbitrary command to heave to. A few minutes later the Spaniard yawed sharply to starboard, the glint of one of his big bow guns was seen for a moment, and then the vessel was wreathed in a cloud of

he water about an eighth of a mile astern, cochetted, and disappeared after a few nore splashes over the surface. Then another shot or shell, or whatever the missile was, was fired from the Spaniard and struck the water about the same distance astern of the American. Then another proectile was thrown from the Spaniard, but at also fell short of the steamship. The Allianca continued her course north, and the gunboat began to chase her, firing solid shot at her, some of which nearly hit

The gunboat chased the American ship for Now, in the emerald palace of heaven, let twenty-five miles, but was gradually dropped the cupbearers and servants of the King remove this course from the banquet and bring astern, the American merchant vessel being the faster boat. The smoke was pouring on another course of angels' food, which is from the funnels of the gunboat, was seemingly trying her best overhaul Allianea. She evidently had no bow chasers, for every ime she fired she had to yaw in order to ring her gans to bear. The Allianca slightly nereased her speed after the gunboat began o fire, and had no difficulty in getting away from her. As the Spaniard was dropped plied not only the creation of our world, but astern she hoisted a set of signals, but of other worlds. WHFAT FED TO STOCK.

Feeding the Crop in Kansas, Nebraska, Iowa and Missouri.

The Secretary of Agriculture is in receipt of a communication from a leading manufacturer and business man of Omaha, giving the result of his observation and inquiries during a recent trip through the State of Kansas, as to the present outlook for the wheat crop in that State and the extent to which wheat has been fed to stock by Kansas farmers. He found the receipts of wheat in Kansas City to be averaging from two to five ears per day by comparison with fifty to seventy-five cars per day a year ago. Millers all reported large quantities of wheat ground for feeding purposes. One miller, indeed, reported that he had

Ex-Queen Liliuokalani, of Hawaii, received her sentence at Honolulu on February 26 at 2 p. m. The President's aide, Major Pattu, accompanied by Major McLeod and the ex-Queen's intimate triends, Mr. and Mrs. Charles B. Wilson, visited the apartment in the Executive Building occupied by Mrs. Liliuokalani Dominis for the purpose of reading to her the sentence passed upon her by the Military Commission for the crime of isprision of treason as modified by Presi-

SOLID SHOT AT OUR FLAG. FOREIGN BELLIGERENTS.

Spanish Gunboat Attacks the The Wars and Rumors of War That

An unknown Spanish gunboat fired a shot seross the bows of the Columbia line steamship Aliianea on March 8 as the latt r was steaming toward this coast from Cole a between Cape Maysi in Cuba and Cape Nicholson in Hayti. A similar shot brought about the war between the United States and Eng-

red from her bow gun. Captain Crossman. of the Allianca, was astonished at the act. More to direct attention to the flag he was satling under than to pay any additional courtesy to the Spaniard, he ordered that the

Before the report was heard a heavy shot whizzed toward the American vessel, struck

WASHINGTON STIRRED UP.

Immediate Inquiry to Be Made and Repa-

Unless the Spanish authorities in Cuba can furnish a satisfactory explanation of the act of the Captain of the Spanish man-of-war in firing upon the American steamer Allianca, serious diplomatic conplications are likely to ensue between the United States and Spain. Secretary Gresham was not disposed to commit himself on the subject. As soon as he received a message from Captain Crossman, commanding the Allianea, confirming the reports published in the papers, and adding that a detailed account of the transaction had been forwarded at once to Washington, the Secretary decided to await the receipt of Captain Crossman's statement before calling the attention of the Spanish authorities officially to the outrage upon the American flag. The officials of the Navy Department have not been so much interested over a report since Admiral Benham's famous cablegram announcing that the Detroit had fired on the Brazilian insurgents in Rio Bay.

ground more wheat for feeding purposes than for bread. A number of farmers reported that they had fed, or would feed, fully one-half of the wheat raised last year. Concluding his letter this correspondent says: "In Kansas, Nebraska, Iowa and a portion of Missouri I should estimate that be ween 33% per cent, and fifty per cent, of last year's crop had been so used, and if the farmers continue the present ratio more than ne-half of last year's crop will be fed to

PURSUED TWENTY-FIVE MILES. THE COLOMBIAN REVOLUTION.

General Nodzu Crosses the Liao Ho and Defeats an Army of Ten Thousand Men --- Colombian Insurgents Repulsed at Boco Del Toro and the Bandit Garza Killed --- France and Venezuela.

Advices were received at Panama of the landing of an armed expedition and desperate battle at Boco del Toro, Colombia. The rebel expedition came from Port Limon, Costa Rica, and was led by the notorious Mexican revolutionary inciter, Catarina Garza. He had with him Lieutenants Pereira Castro, Sifonor More and others.

An attack was made on the cuartel at four o'clock in the morning, and the fighting was continued until six o'clock. It is reported that Garza was killed by Lieutenant Lopez, who in turn was killed by the rebels. The

CATABINO GARZA.

reports indicated that many were killed on both sides.

Reinforcements were sent from Panama at midnight on an express train. They left the train at Colon and there embarked on a steamer and were hurried to Boco del Toro. was also reported that fifty men landed at Boco del Toro from the United States cruiser Atlanta. Governor Arango issued a decree declaring the department of Panama in a state of

siege. The functions of the Civil Courts have been suspended. The steamer Premier, which arrived at Colon from Cartagena, brought many political prisoners, who have been lodged in jail, A further consignment of arms and ammuni-

CHINESE ROUTED.

tion has been received from New York.

The Japanese Cross Into Manchuria and Win a Great Victory. The Central News correspondent in Tokio

quotes this disputch, which was sent by the Japanese commander from Yin-Kao, China, the port of Niuchwang: "The first division reports that the forts south and west of Yin-Kao, on the left bank of the river, have been taken to the last ditch and redoubt. Two soldiers were blown up by the explosion of a mine in the Chinese

line of defence. The Liao River is still frozen." General Nodzu reported that his army, with the aid of the first division, had attacked the Chinese at Tenchantai (on the west bank of the Liao Ho, fifteen miles west of old Niuchwang). The Japanese advanced from three directions, one force coming from the east, one from the northeast and the third from the northwest. A hot artillery fire was opened at seven a. m., and under its cover

the three bodies of troops stormed the town shortly before half-past ten. The Chinese numbered 10,000 or more. At first they fought stubbornly, but eventually they broke and ran, throwing down their arms and making no effort to save standards or baggage. Most of the Chinese fled to the northwest. Although the Japanese loss was but 100 killed, the Chinese left more than 2000 dead and dying In and around the town. All the enemy's war material was captured. The town caught fire during the fight and before night was burned to the ground. General Nodzu has been promoted to the rank of Marshal Japan has told China, through the United States Ministers, her terms of peace. China has accepted them.

The Cuban Revolution.

Reports from Cuba indicate that the revolution is practically at an end. News has been received from Marganillo of the surrender of Joaquin Pedroso, Carlos and Joque Aguirre, with nearly all the members of the band under Matagas. The capture of Matagas and Matos will, it is believed, completely disrupt the insurgents in the central part of the island.

France Threatens Venezuela. The French Government has instructed he commander of the cruiser Roland, sta-

ioned in Guiana waters, to proceed at once to La Guayra, Venezuela. The commander of the Roland is to place his vessel at the disposal of the Marquis de Ripert Monclar, the French Minister, who received his passports from President Crespo. Dr. J. Gill Fortoul, the Venezuelan representative in Paris, has received his passports.

The Madagascar Expedition. it has been found that fully fifteen per cent, of the men drafted in France for the Madagascar expedition are physically unfit for the arduous service, and their places are being filled. Already it is apparent that the eampaign will cost \$25,000,000 instead of

Cartridges for China. The Winchester Repeating Arms Company, New Haven, Conn., shipped 2,000,000 car-

tridges to the Chinesa Government, Since the beginning of the hostilities the company has shipped 20,000 stand of arms to China. An American Wins the Bessemer Medal.

Henry M. Howe, who graduated from the Massachusetts Institute of Technology in 1871, has received a letter of congratulation from Sir Lowthian Bell, of England, with the information that the Bessemer medal for the year 1895 has been awarded to him, This medal, given by Sir Henry Bessemer, the noted inventor, for those who have most benefited the metallurgy of iron and steel, is conferred once a year by the British Iron and Steel Institute upon that man most noted for his investigations or inventions.

at Chiulie, near the border of Korea, on the norning of the 11th. They were repulsed ith heavy losses and were pursued. Auther Chinese force, 1000 strong, made atacks on the Japanese rear and left flank, but was repulsed with seventy killed. The Japanese les was six wounded."

FIJI ISLANDS DEVASTATED.

Several Days of Hurricane Destroy Their Fertile Plantations.

Particulars have arrived of a terrible huricane which swept over the Fiji Islands a few weeks ago, Several large vessels came to grief, with loss of life, and buildings in Suva, the capital of Fiji, suffered severely. The town was the centre of the hurricane. It was accompanied by a driving rain, penetrating every-thing. The storm continued from February 7 until 5 o'clock, February 11, and then gradually calmed down. The cocoanut plantations will take fully five years to recover and banana plantations have been ruined. This is the most serious hurricane the group has had for years. The island of Taveunion, where most of the European planters are settled, has been swept from top to bottom. The effect of such a storm must be famine, lisease and many deaths. The Government of the Fiji Islands has voted money to meet the more immediate necessities, but this will

Gubernatorial Tickets Placed in the Field at Conventions in Providence. The Rhode Island Republican State Covention at Providence nominated candidates for the April election. Charles Warren Lippitt, of Providence, was named for Governor to succeed D. Russell Brown, who has been elected by the Republicans for three consecu tive terms. For the rest of the general offices the present incumbents were nominated for re-election. They are: Lieutenant-Governor, Edwin R. Allen; Secretary of State Charles P. Bennett; Attorney-General, Edward C. Dubois, and General Treasurer.

Samuel Clark. The Democratic State Convention, also held at Providence, named the following ticket: For Governor, George L. Littlefield, of Pawtucket; for Lieutenant-Governor, Augustus B. Miller, of Providence: for Secre-tary of State, George W. Greene, of Woonsocket; for Attorney-General, George T. Brown, of Providence: for General Treasurer

John G. Perry, of South Kingstown. STARTING FOR LIBERIA.

Colored People Leave Memphis for Savan-

nah to I ke Ship for Africa. Three hundred and ten colored persons left Memphis, Tenn., on a special train for Savannah, Ga., there to take a steamship to earry them to Liberia. The emigrants were gathered from Arkansas and Mississippi. The desire to emigrate is spreading in the Southern cotton countries.

They are to be transported by the African digration Society, each person having paid \$41, which defrays all expenses of the trip. Six thousand colored persons are new paying for fares in advance. The people who left Memphis are mostly farmers, though there are carpenters, blacksmiths and other eraftsmen. One-half are women and chil-Iren. They have agreed to form a colony by themselves.

GUINEA-PIGS IN DEMAND. A Problem Confronting the Health De-

partment of New York City. There is a "corner" in the guinea-pig market. The increased use of anti-toxine has caused a greatly increased demand for animals upon which to test the effect of the remedy. The guinea-pig is especially adapted for these purposes, because all guineapigs show the same reaction, whereas human

beings and other animals show the effect of the serum in different ways. The former price of guinea-pigs was sixty cents each. On account of the searcity, the price has advanced to seventy-five and ninety cents, and the Health Department of New York City is having difficulty in securing the 200 pigs that they use every month. There is a probability that the Health Board may

start a guinea-pig farm of its own.

SENSITIVE OF HONOR. A Young Man Kills Himself to Avoid

Disgrace of Arrest. William Hill, aged twenty-two, only son of Lyman E. Hill, a retired gan merchant, committed suicide at Putnan, Conn., under singular circumstances. Hill went on a spree with Louis Geer, aged seventeen. They hired a team to go to a hotel at Buck Hill According to Geer a wheel broke and they returned to get another wagon, which was

refused. The young men made a fuss and were arrested. As Geer entered the jail door Hill remarked hat it would disgrace his father and mother f he were locked up, and drew a revolver, Before the deaf officer who had him in harge could disarm him he had shot himself the head. He died immediately. Hill had many friends. He was a member of Company G and was an expert rifleman. The man who sold Hill liquor, as the town grants no licenses, is legally responsible and the matter is being looked up by the

Killed Himself With Electricity. William Boetler, a press boy, seventeen years old, in Dreschsler's printing office, at Baltimore, Md., was killed by electricity.

He stood on the zine floor, with his right hand resting on an electric motor, and turned the lever with his left hand. He was killed instantly.

Points of Law. A bill introduced before the Massachusetts Legislature this year proposed a fine of \$5 for every voter who fails to take advantage

the right of suffrage. In Howard County, Missouri, a learned judge decided that certain hogs which were permitted to run wild were ferae naturae, and any one had a right to kill them like

An Indian on the Umatilia reservation, in Oregon, has won a judgment of \$200 damages because an Indian officer sentenced him have his hair cut as a penalty for drunkenness.

New York Women Gain a Point. A concurrent resolution, introduced at Ai-

any by Assemblyman Nixon, to submit the mestion to strike the word "male" from the onstitution of New York State to the people, assed the Assembly by a vote of 80 to 21. The women had gathered pretty thickly in the chamber and they buzzed like a hive bees. Five porters carried in the chamber our baskets filled with petitions, containing 626,000 signatures, praying that the rights of suffrage be extended to females. The resootion was sent to the Senate

structed to consent to an indemnity; also, if Gresham Demands a Prompt Disavowal Many Killed and Wounded by Turbufor Firing on the Allianca.

WARSHIPS ORDERED TO CUBA.

Instructions Sent to United States Minister Taylor at Madrid --- The Spanish Minister at Washington Very Indignant Madrid Greatly Excited .-- Forcible Interference Cannot Be Tolerated.

Mr. Hannis Taylor, the American Minister to Spain, presented to the Minister for Foreign Affairs at Madrid a demand from his Government for apology and reparation from the Government of Spain on account of the Allianca affair. Mr. Taylor's action was based on the following dispatch from Secretary of State Gresham, dated Washington:

"Taylor, Maister, Madrid: "This department is informed that on the 8th inst, the United States mail steamship Allianea, on her homeward voyage from Colon to New York, when six miles from the coast of Cuba, off Cape Maysi, was repeatwith solid shot, which, fortunately, fell

SECRETARY GRESHAM. "The Windward Passage, where this ocarred, is the natural and usual highway for essels plying between posts of the United States and the Caribbean Sea. Through it several regular lines of American ton ommercial stenders pass weekly within sight of Cape Massi. They are well known, and their voyage embraces no Cuban port of

"Forcible interference with them cannot be laimed as a belligerent act, whether they pass within three miles of the Cuban coast or iot, and can under no circumstances be plerated when no state of war exists. "This Government will expect prompt disaowal of the unauthorized act, and due xpression of regret on the part of Spain and it must insist that immediate and sositive orders be given to Spanish naval commanders not to interfere with legitimate American commerce passing through that channel, and prohibiting all acts wantonly imperilling life and property lawfully under the flag of the United States 'You will communicate this to the Minister

prompt and satisfactory response. MINISTER MURUAGA DISPLEASED. He Thinks Mr. Gresham Should Have

of Foreign Affairs, and urge importance of

Waited for "More Facts." An interesting and most unusual feature of the controversy is the attitude assumed by the Spanish Minister in Washington, Senor Muruaga. Diplomacy is not silence with him, for no diplomat ever talked with more freedom or recklessness than he has ione since the news first came of the firing upon the Allianea. The Minister insisted hat he had been unable, with the aid of all he Spanish officials in Cuba, to identify the gunboat which fired the shot at the American flag, and repeated the opinion that 'aptain Crossman's story was a "fake, Even after the receipt of Captain Crossman's affidavit, Minister Muruaga was inclined to egard the warlike Spanish vessel as a myth, The Spanish Minister was considerably iqued that the State Department should | at the British steamships Ningara and Merhave ignored him in its correspondence with Madrid, and should have failed to inform

him that the correspondence had been opened or to furnish him with a copy of the disputch. SECRETARY CRESHAM ON DUTY

His Policy Meets With Approval in Army and Navy Circles. Secretary Gresham, in state of his sickness nd the inclemency of the weather, resumed luty at the State Department and was eleseted with Assistant Secretary Uhl for several ours. Mr. Gresham left the department at 2 p. m. and returned to his hotel. Neither he nor any other State Department official would discuss the Spanish affair further than to relmit the accuracy of the published text of the despatch sent to Minister Taylor at Madrid. No expression could be obtained from them

on Minister Muruaga's somewhat drastic comments upon the action of the depart-The very serious blunder or outrage committed by the Spanish gunboat excited much comment in Washington, and Secretary Gresham's demand upon Spain to apologize for the insult offered to the American flag vas almost universally approved in Army

and Navy circles. Great excitement prevailed in Madrid, not

ally among the high officials, but through ill classes, over the reception by the Spanish Government of Secretary Gresham's ultimatum in the case of the Allianea. Large crowds thronged all the evening about the newspaper offices, and some hotheaded Spaniards made anti-American peeches, which were cheered by the crowd. t was evident, however, that the Governent was viewing the matter calmly, for the solice promptly suppressed the would-be

Cruisers to Stop ga Havana. Secretary Herbert did all that he though ecessary or possible for him to do in or dering the New York and Columbia to sto at Havana on their way to the West Indie where they had already been ordered, and as Secretary Gresham went to the extent of his authority in demanding prompt apology, it was fair to assume that the incident would remain in statu quo until a reply had been

received from the Spanish Government.

orators.

How Spain May Apologize. There are various methods by which the pology of Spain could be made the ma opular one being the saluting of the flag of the United States and a written apology to the Government for having insulted it.

A WHOLE ASSEMBLY INDICTED. Charges of Gross Corruption Against Okla-

homa's Legislature. The United States Grand Jury in session in Guthrie, Oxlahoma, summoned almost every member of the third Legislative Assembly-sergeant-at-arms, clerks and doorkeepers-to appear before it. It was charged that much corruption existed in the Assemdy and that over \$20,000 was expended in

furthering legislation. The jury, it was given out, determined to investigate these reports, and if evidence came out that corrupt practices were pursued indictments were to follow.

Women Suffrage in California. At Sacramento, Cal., the State Senate has

adopted a constitutional amendment giving women the right to vote. The amendment has already been adopted by the Assembly and will now be submitted to the voters of California.

Blows Good for Notaries Public. It is said that there are 100,000 people in Chicago who will have to make income tax returns, and each return must be sworn to

before a notary public. The usual price of a notarial swear is twenty-five cents, so that the notaries of Chicago will profit to the exient of \$25,000.

SPAIN MUST APOLOGIZE. RIOT RAN UNCHECKED.

BLOOD STAINS THE LEVEE.

lent Workmen in New Orleans.

The Whites Determined to Prevent All Colored Men From Loading Vessels, and in Armed Companies Swept Up and Down the River Front-An Officer of a

British Steamship Mortally Wounded. A serious labor riot, complicated with the race question, occurred on the leves or river front of New Orleans, La., resulting in the killing of five persons, the mortal wounding of two, and the serious wounding of ten or twelve more. The riot was far more serious than the loss of life indicated, for it showed the mob to be in emplete control and able to defy and everide the police, and place the commerce of the city completely at its mercy. It marched along the entire city front, some eight or ten miles, in companies, equipped with rifles,

ing all who opposed it without the slightest eak or hindranee. Appeals were made to the police, to the Mayor, to the Governor, to the United States, and finally to the British Ambasader at Washington, the British ship agents turning through him to the English Government for protection. A British vessel, the Engineer, was fired on at the wharf by the mob, and the purser of the steamer mortally wounded. The Captain barely escaped with

shotguns and pistols, completely dispersing all colored people at labor there and shoot-

The trouble really started in September, the seginning of the commercial year in New Orleans. It began over labor matters, and in time changed to a litter race war. The white screwmen who load cotton on vessels constitute one of the strongest labor unions in the country. They prohibited the colored men from loading cotton vessels. The latter replied by reducing the rate of pay, which had been \$5 and \$6 a day for seven or eight hours' work and were supported by the ships' agents, and the war has waged ever sine The wharves of the West Indian line, the first to use colored labor, were burned by an incendiary fire, the less being \$250,000. The

wharves of the Texas and Pacific, with 25,000 bales of cotton and a loss of \$500,000, followed next. The bloody work was done by two mobs of river laborers, one operating at the head of Phillip street, and one at the Harris ship wharf, near Jackson Square. Shortly before 7 o'clock a. m. the colored screwmen began to load the British steamship Engineer, lying between St. Ann and Dumaine

Men to the number of 200, armed with pistols, shotgans and rifles, half hidden in the freight and among the box cars on the leves, closed in around the wharf and opened fire upon the laborers. James Bane, purser of the British steamship Engineer, was walking toward the gangplank of his vessel when the flring began. He received a built in the side and fell. The mob then fired a volley at the prestrate Eng-

ishman, inflicting a buckshot wound in the head and one in the arm. When the attack was made the colored men on the wharf became pants stricken and cushed from the vessel and along the wharves, begging for mercy. But the fring continued, I wo unknown colored men were shot, and lied Instantly. Jules C. Carrabec, a Mexican shoemaker, was shot in the mouth, the builet going through the base of the brain. When the rioters had completed their work at the Harrison wharf they marched oward the up-town wharves, with guns on their shoulders, and other weapons in plain view. Three blocks up they met Leonard Mallard, a colored laborer, employed by one of the public weighers. Some member of the motionifed to him to run. He refused, One of the mob took deliberate aim with his

Another mob had already organized at Phillip street. About 7 (cleak a growd of white men moved to the attack of the colored screwmen who were preparing to unload the British steamship Ningara. A large number f shots were fired, but only one man was killed. He was William Crawford, a colored serewman, who was shot in the head as he attempted to escape. Shots were also fired

After the rioting subsided the colored men

deserted the wharves in a mass. Even

colored teamsters, declaring their lives un-

ritle at the man and fired. The ball went

through Mallard's brain, emerging over the

safe, unhitched their mules from loaded earts and drove away. In consequence not a oreign vessel took on a pound of freight during the entire day. The wounded numbered twelve or more, and at least two were fatally injured. Of the killed and wounded only two, William Campbell and Heary Brown, were of the menthe mob was looking for, the others happening to be in the war during the shooting. Sir Julian Paunesfote, the British Ambassador, at Washington, received a tele-gram from the British Consul at New Orleans, informing him of the riot and of the shooting of Purser Bane, of the British steamer Engineer. Governor Foster, of Louisiann, received a

telegram of inquiry from Secretary Gresham. The Governor leaded a proclamation calling out the militia to preserve order. Action by Governor Foster. Governor Foster, of Louisiana, issued a proclamation against the risters and rioting,

lectaring that order would be maintained in

New Orleans at any cost. Eight of the rioters were arrested. ARMOR FOR BATTLESHIPS.

A Remarkable Test at the Indian Head The United States Navy Department accepted 315 tons of Harveyized nickel speel armor, which is nearly half the size armorfor the battleship Oregon, movie by the Carnegie Company, as the result of a trial of an eighteen-inch plate at Indian Head, near Washington. The plate received two shots from a twelve-then gan. The first was fired at a velocity of 1465 feet per secand and smashed to please on the face of the plate, which was evaled a little at the point of Impact, but was not cracked. The second shot had a velocity of 1926 feet. This pegotrated after faciles and then broke up, but it cracked the plate from top to bottom. The

plate, however, was pronounced to be of good quality. A trial was also made of a small Chase-Gantt plate, composed of a cast steel back faced with high throme steel, also cast. A six-Inch shot was fired at the plate with a velocity of 2100 feet. The shot was broken up, but the plate was badly eracked and a corner was broken off. The makers of the plate professed satisfaction with the result of

the test, which was better than that attained at Sandy Hook last year. The Labor World, THE average carnings of labor in 1892 was \$250; In 1894, #195,

In 1894 there were forty-four per cent, less wages earned than in 1892. IRON moulders report that their trade is slowly, but samely improving. THE strike of the 10,000 miners in the Pitts-

burg coal district was fully inaugurated on
