The Early Closing.

Now that the Summer is being ushered in with these fine days, we are reminded to call upon our merchants and business houses to renew their custom of closing early evening during the summer. The long hot days as well as their employees and it will be a great relief for them to get out of the places of business in the evening after having borne the heat and burden of the day at the desk or behind the counter. Every merchant and business man, however, who have tried it, know the advantage of the custom and it is only necessary to hint at it. It is hoped that all our merchants will agree to close their places of business, and then no one will have any advantage over another. Let the early closing movement begin at once. What say, you?

Health and happiness are relative conditions. At any rate, there can be no happiness without health. To give the body its full measure of strength and energy, the blood should be kept pure and vigorous, by the use of Dr. J. C. Sarsaparilla.

Ice-Cream Supper To-Night.

An Ice-Cream Supper will be brought at Rea's Opera House by the Epworth League for the benefit of the Organ Fund of the new M. E. Church.

All those who promised to raise \$1.00 by this time (June 7), are requested to be present and redeem their pledge. Public invited to attend. No admission and Ice-Cream sold on European plan.

SPRINKLE THE STREETS.

Why will not some enterprising gentlemen take hold of and work up an interest in having our streets sprinkled? There is certainly a bonanza, for somebody, in such an enterprise. Edenton needs three or four good street sprinklers. Our streets get very dusty in a short time after the rain. Just a small weekly contribution from every family or business man, would be sufficient to keep the sprinklers going all week. This should be done from week to week regularly, through the dusty season.

The Councilmen have created a new office—that of Street Commissioner, which they gave to J. H. Robinson at a salary of \$25 per month. Duties of the office are to look after the condition of the streets and act as assistant police.

The Windsor Ledger in alluding to the address of Prof. Sledd says: "Prof. Sledd made an eloquent and impassioned address for over an hour on the needs of educating the masses. He soared to lofty heights of eloquence; his periods were well rounded; his words were as musical as the rippling waves of the brook over its gravelly bed; he was grand; he was sublime; he was heroic; he was pathetic; he touched the hearts of his hearers and set them on fire with his zeal and the truthfulness of his utterances. No such an address on a like subject has been heard in Windsor before."

Why we Laugh.

There are plenty of reasons why we should "come up smiling" at the commencement of the present season. A big trade makes any merchant happy. We have purchased and put in stock a fresh line of reasonable, new goods, that in variety, quality and popularity, stands away at the top. We have been able to mark these goods at prices so low that visitors quickly become buyers, and the buyers freely admit that this is the cheapest stock in town. We notice a daily increase in the volume of our trade, the evident satisfaction of our customers, and the growth of the idea that we are ready and willing to do a little better by our trade than anyone else. Expect you will soon be needing the following:
Stoppers, Shoes, Tin set, Books, Pitchers, Easles, Hats, Rugs, Carpets, Matting, Oil cloth, Cups, and Clocks. Call and see the Bargains at
A. C. Mitchell's
DEPARTMENT STORE.

We have opened what will be called a Ladies Parlor or Saloon, for the purpose of selling Soda Water, Milk Shakes, Lemonades, Sherbets, Coca Cola, and Fruits and Cigars. We will be glad to have you to call. Music evenings.
Yours to serve,
A. C. & S. MITCHELL.
