FRUITS AND VEGETABLES

have always received especial attention with this house, and that RESULTS attained have been UNIFORMLY SATISFACTORY can be attested by our numerous patrons in this vicinity. We shall have increased room, better facilities and greater outlets the coming season and shall give the same earnest endeavor towards pleasing and giving satisfaction to our shippers.

EGGS AND POULTRY are products that we also handle with satisfactory results, and we anticipate increased patronage from the fact that we shall be able to dispose of larger quantities than ever before, and we think to better advantage as well.

F. S. Gibson,

"Old Reliable"

Commission House

108 SPRUCE Street, PHILADELPHIA

You Have The Goods. This Market Needs Them

Shall I Send you a Stencil, And Keep You Posted This Season?

I know of no better man in Philadelphia to ship truck too than F. S. GIBSON. I have shipped him for several years and returns are always satisfactory.

J. C. STITTESON.

I have been shipping truck for the last four seasons and have shipped to several firms, but found none as prompt in returns as F. S. GIBSON.

H. E. WILLIAMS.

R. S. MITCHELL, SOLICITING AGENT.

I have shipped produce to F. S. GIBSON for several years and he has given entire satisfaction.

A. K. JORDAN.

I have shipped F. S. GIBSON truck for two years and find returns good.

T. J. HOSKINS, M. D.

I have been a shipper to F. S. GIBSON for several years and he has given me entire satisfaction.

I. J. MOORE.

THE JAP'S SWORD NOT IN IT WITH THE RAZOR.

It has been said that the Japanese are the most skillful manipulators of the sword in the world. The saying goes that a Jap can draw a sword, describe with it a figure 8 in the atmosphere and gracefully decapitate an opponent before said opponent can bat an eye. But, as a matter of fact, the Jap with a sword cannot hold a candle to a young Georgia negro with a razor. That was demonstrated down at Nagasaki recently. A negro sailor from the United States gunboat Yorktown was ashore with his "razor" and a jag. He ran "beam-on" to a jagged Jap and his sword, but before the Jap's sword had described the first circle of the 8 the razor had got into action and Mr. Jap was hors du combat. The razor unfortunately proved fatal. The black marine was tried before the United States consul and found guilty of murder, but his attorney has appealed and he will have a new trial.—Atlanta Constitution.

Peanut was Choking Baby.

The six months old baby of S. B. Davis, at Bridgeton, N. J., got hold of a peanut which became wedged in the child's throat. A physician could not get the peanut out and the child was dying. He called for a tub of cold water, into which he tossed the child. The shock loosened the nut and it flew out. The baby is all right now.

Negro Political Convention.

A big negro convention will be called to meet in Raleigh on the 9th of September and will continue in session until the night of the 11th. The negroes are determined to shake off, so they profess, the bosses with whom they have been so blindly following in the past, and are going to have a greater share in the offices at the disposal of their party. They profess a willingness to fuse if they are given a fair showing in the division of the spoils.—News & Observer.

TWO YOUNG MEN KILLED IN AN ELECTRIC CAR ACCIDENT ON THE OCEAN VIEW ROAD.

The 6:30 train of trolley cars for Ocean View Friday evening, consisting of a motor car and two trailers containing upwards of 200 passengers, met with a dreadful accident at Tanners Creek bridge, four miles from Norfolk, Va. The motor car left the embankment just before reaching the bridge and was thrown into the creek on the left hand side of the bridge. A number of the occupants of this car jumped into the creek and were injured. The second car also jumped the track. The third car remained on the track. Several persons were more or less injured, but not until 2 o'clock Saturday morning was it known that there had been loss of life. At that time the working force discovered the dead bodies of Arthur E. Gatewood and William C. Mardough in the mud under the forward end of the second car, which went into the creek on the right hand side. These young men were on the front seat and must have been killed instantly. A boy who was also on this seat was rescued at the time, but his injuries are serious and may prove fatal. The young men who were killed were residents of Norfolk, each about 18 years old and were students at the Virginia Military Institute last season. Young Gatewood stood at the head of his class in all of his studies. The company say that the disaster was caused by a spike having been placed on the rail and have offered a reward of \$1,000 for the capture of the offender.

GUARANTEED CURE.

We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at W. L. Leary's Drugstore. Large size 50c and \$1.00.

FISH, OYSTERS, GAME, &c

Though practically new in this branch of the business our success is already assured. We have been compelled by its steady growth to seek more room, and have taken the premises No. 322 S. Water St., to use for this purpose exclusively, and shall endeavor by giving the same earnest attention to YOUR SHIPMENTS to make it mutually profitable and satisfactory. Our people are trained and experienced and our facilities are now such as to warrant a belief in such a result.

THESE ARE SIMPLE STATEMENTS OF FACTS, that are easily susceptible of confirmation. DIGEST THEM thoroughly. LOOK US UP, and we feel sure that if you are not already patrons, you will become so. WE INVITE CORRESPONDENCE and will gladly furnish any information as to methods, prices and conditions prevailing at any time.

A RAGE RIOT AT WINSTON.

Militiamen Called Out to Quell The Disturbing Colored Element.

THE NEGROES FIRED ON THE WHITES, SEVERAL OFFICERS WERE STRUCK, BUT NOT SERIOUSLY HURT.

A riot between whites and blacks, which came near terminating seriously, occurred at Winston, N. C., Monday night. The trouble originated over the report given out about 9 o'clock at all of the colored churches that a crowd of whites were going to lynch Arthur Tuttle, who is being tried there for the murder of Policeman Vickers last May. The negroes organized into a band numbering some 300, and marched to the jail, where they remained for several hours. They were armed with pistols and guns.

Mayor Gray addressed the negroes, assuring them that there was no danger of lynching, and begging them to disperse. Sheriff McArthur and two Winston lawyers also urged the band to go away, telling them there was no occasion for their conduct. Judge Brown, who is holding court, was next upon the scene. He notified the negroes that they were violating the law, that Tuttle was getting a fair trial, and that he would be responsible for his protection.

The negroes told His Honor that they would disperse if the Sheriff would place twenty officers on guard around the jail. This was done, but many of the mob refused to leave. Sheriff McArthur, in response to an order from Judge Brown, called out the Forsythe Riflemen and a number of deputies. His Honor also instructed the Sheriff to arrest all negroes who refused to disperse. The mob began firing on the whites, several officers being struck with small birdshot, but none were hurt seriously.

Some 150 shots were fired by the Riflemen and negroes, but not one was killed. The negroes broke and ran when the militia began shooting. Fourteen of the rioters are in jail. Everything was quiet Tuesday.

Upon assembling of court Judge Brown summoned the grand jury before him and instructed them to investigate who was responsible for last night's riot and see that they were punished. Winston's city fathers today instructed Mayor Gray to order a Gatling gun from Charlotte and ask the authorities there to furnish a man to operate it. The Mayor, Chief of Police and Sheriff were also instructed to make all necessary arrangements for the protection of the city and to procure all arms and ammunition needed.

The Bloomer Girl.

What next? says the New York correspondent of the Pittsburg Dispatch. The bloomer girl has added a pistol pocket to her cloth devouring pantaloons, and carries a real bullet hurler in it. The authority for the statement is none other than one of the oldest and most experienced cycling outfitters in the country—a man who has made more plain and double skirts for devotees of the wheel than any other tailor of either sex. The new fad is not confined to the bolder bloomers, but instead has been bloomed by the weak and modest wheelers who have been annoyed by recent acts of ruffians on the road. When pistol practice becomes part and parcel of the wheeling course those who poke fun at the cyclinnes in "kicks" will take desperate chances. It has been demonstrated that a woman can fire a bullet straighter than she can throw a stone or a skillet.

The missionaries and all foreigners in China are in danger of the mobs there. Several have already been killed.

THE BOYS AND GIRLS TO GO.

AN EFFORT TO CARRY ALL THE SCHOOL CHILDREN TO THE EXPOSITION. A dispatch from Atlanta, Ga., of the 12th, says: A scheme to bring all the school children above the grade of grammar schools to the Cotton States and International Exposition, was set on foot to-day. There are half a million boys and girls in the Seminaries, high schools and academies of the Southern States, and it is estimated that fifty per cent can be brought here. Dr. Chas. W. Dabney, Jr., chairman of the Government Board, holds that this is the greatest educational opportunity of the generation and that the government exhibit alone, when properly studied will be better than a school term. Principals of academies, seminaries and colleges complain that their schools will be demoralized by the exposition this fall and to meet the case an organized effort will be made to get all such institutions to give one week's vacation and bring their pupils in a body to the exposition. A number of schools have already decided to do this.

A Lea for the Horse.

We want to enter a hot plea for the horse, says the Portsmouth Star. It is this: Lengthen that check rein, or, better still, free him altogether of the torturing little instrument. To compel this noble beast to do his work with head held up to an angle of 45 degrees, forced thereby to look squarely into the sun's eye, is a practice as useless as it is cruel. Nothing is gained by subjecting the animal to this torture, indeed it interferes much with his efficiency. So, from motives purely selfish—the preservation of valuable property—one would think that this barbarous custom would be abandoned, at least during the prevalence of a torrid temperature. But mercy should enter largely into our dealings with dumb, defenseless creatures, and in no case can it be exercised more beneficently than in relieving the noble animal, the horse, of the check rein.

CURE FOR HEADACHE.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only Fifty cents. W. L. Leary's Drugstore.
