

Fisherman and Farmer.

Entered at the Post Office at Edenton as Second Class matter.

EDENTON, N.C., Jan. 10th, 1895.

SCALES AND PLANTS

EDENTON'S PURELY LOCAL CONDENSED FOR THE BUSY READER

Monday last was Old Christmas.

Read the new advertisements in this week's issue.

Mr. J. W. Branning spent Tuesday in Norfolk.

Mr. M. Madely spent last week in Washington, N. C.

Mr. T. S. Armistead, of Plymouth is in the city.

The huntman report game a little scarce this week.

Mr. Louis Norman, of Hertford, was in the city Wednesday.

Rev. A. W. Burfoot, of Hertford, was in the city Monday.

Mrs. Agnes Warren is quite sick at her home on Broad street.

Mr. S. W. Sykes spent a few days in Elizabeth City this week.

The County Commissioners are having the County Home ceiled.

An Italian string band was in town this week making some good music.

Our office was visited Monday evening by two very charming young ladies.

Do not daily with thrombosis. Get rid of it once by purifying the blood with Hood's Sarsaparilla. Be sure to get Hood's.

Mr. Joseph Baugardner has gone North, where he will spend several weeks.

Notice: Boarders wanted, terms \$2.50 per week. Apply to A. B. McCoy.

Dr. B. F. Halsey and Mr. W. C. Thompson, of Roper, were in Edenton this week.

The fence around the fair grounds, recently blown down, is being rebuilt.

The colored public school on Freeman street in this city has 104 scholars.

Mr. W. O. Hazard, manager of Faber's Photo Studio in this city, is here this week.

Miss Julia Jones spent a few days last week with Miss Kate Engle, at E. City.

Mrs. Chapman, of Norfolk is here visiting Mrs. Elbert White, on Magnolia street.

Mr. A. O. Elliott has purchased of Dr. Dillard the Holmes place, head of Broad street.

A small store is being erected at the corner of Odom and Gale streets for V. D. Jones.

Mrs. R. G. Mitchell has gone to New York on a visit to her daughter, Mrs. Joseph Booth.

Mrs. W. R. Shannonhouse, of Hertford, spent Tuesday here with her daughter Mrs. W. O. Elliott.

Prof. Graves, of the Academy, has opened a night school for the instruction of book-keeping and stenography.

Mr. W. I. Leary, who was confined to his home last week with an attack of La Grippe, is able to be at his store again.

Richard Houghton, fishing for Mr. Moses Hobbs, caught the first shad in 1895, which was landed on Saturday last.

A young lady attending a party should have a female chaperon until she is able to call some other chap her own.

Mrs. Norman, of Columbia, spent several days in Edenton this week, visiting her sister, Mrs. O. C. Bryna.

Mr. W. R. Brothers, salesman at the store of M. H. Dixon, is recreating in Perquimans and Pasquotank counties this week.

Mr. and Mrs. Edward Hogan, of Lock Haven, Pa., are in the city delighting their daughter, Mrs. J. W. Branning, with a visit.

From the number of new enterprises talked of to be started here this year it looks like 1896 will be a good year for Edenton.

Rev. R. B. John, Presiding Elder of this District, was in the city last Sunday and preached in the M. E. Church two excellent sermons.

Rev. N. M. Watson has been appointed Superintendent of Public Instruction for this county to succeed Rev. Jno. E. White resigned.

This is a political year and none should be without a newspaper. Send us one dollar and we send you the FISHERMAN & FARMER till Jan. 1897.

Mrs. M. H. Peace, of Norfolk, nee Miss Mary Dabney of this place, was married this week at Franklin, Va., to a Dr. Williams, of Afton Va.

The new home of Mr. M. H. Dixon, one of the finest in the city, is finished, which will be occupied by the family of its owner in a few days.

Farmers are nearly through killing hogs. Low prices have caused early killing, no doubt.

Mr. and Mrs. A. Huckabae have returned home, accompanied by Miss Heck, of Baltimore, who will spend several weeks with them.

The constant dropping water wears away the hardest stone. The constant gnaw of towsers wears away the toughest bone. The constant wailing lover carries off the blushing maid. But the constant advertiser is the man who gets the trade.

A good advertisement in the FISHERMAN & FARMER first catches attention, then awakens thought, and then half the battle is won. Try it!

Joe T. Page has two male hogs at his home on King street which he will deliver to owner on payment of keeping and 25c for cost of this notice.

Solitor Leary is at Washington this week attending the special term of court appointed by the Governor for the trial of the J. B. Bonner murderers.

A dance was given at the Opera House Monday night, which was largely attended by the young people. Music was furnished by an Italian string band.

Sold, yet ever new, and simple and beautiful ever, sings the poet, in words which might well apply to Ayer's Sarsaparilla—the most efficient and scientific blood purifier ever offered to suffering humanity. Nothing but superior merit keeps it so long at the front.

On Monday last the East side of Edenton bay was sheeted with ice thick enough to make skating safe. Quite a number skaters enjoyed the sport as long as the ice would allow them.

We learn that a shooting affair occurred Christmas week in the upper part of this county that came near resulting very seriously. We failed to learn the names of the parties engaged in it.

The advertisements contained in this paper are of interest to our readers, and should not be overlooked. Frequently by the reading of one advertisement more than the price of a year's subscription to the paper is saved or made.

The fishermen are rapidly preparing for their Spring's work. Nets are being mended and mended, stakes are being skinned and sharpened, boats are being overhauled, repaired and painted and things generally are being put in readiness. As soon as the threatening weather clears away fishing will begin.

We have recently dropped a considerable number of dead-beat subscribers from our list, and we have a lot more that look as if they were going the same way. We want every body to remember that it requires money to publish the FISHERMAN & FARMER, and we will not send it to those who do not pay for it. Try in grace for the paper please, all and settle.

Cataract in the Head
Is a very simple disease and can be cured in a few days. Hood's Sarsaparilla has cured hundreds of cases of catarrh, because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attack of pneumonia, diphtheria and typhoid fever. Hood's Pills become the favorite cathartic with every one who tries them. 25c.

NOTICE.
All persons are forbidden to hunt on my land. Those doing so will be punished according to law. F. A. WHITE.

For Rent.
Residence, corner of Broad and Albemarle streets, conveniently arranged, and with large yard. Terms reasonable; apply to Oliver P. Gilbert, at E. City, N. C.

Insult to injury.
The lady (?) who yesterday called the attention of another to our patched breeches, whereat they both laughed so heartily, is informed that a new pair will be purchased when her husband's bill is settled. It has been due nearly a year. Don't criticize a printer's dress too closely while you are wearing silk with money due us. Tell your husband to send us \$40.78 and save the cost of a law suit. We need another pair of pants.—Lebanon, Ill., Journal.

Arrest disease by the timely use of Fatt's Liver Pills, an old and favorite remedy of increasing popularity. Always cures SICK HEADACHE, sour stomach, malaria, indigestion, torpid liver, constipation and all bilious diseases. TUTT'S LIVER PILLS
Girls, a good deal depends upon your own exertion, even this is leap year.

An Ice Plant

Will be Put in Motion in This City.

To Begin At Once.

A Gentleman is here who says he will Manufacture Ice Here about March 1st.

A gentleman from Michigan is in the city to secure a site for the erection of an Ice Factory. He is the owner of a plant in Michigan, which he says he will remove to Edenton in time to begin the manufacture of ice on or about the 1st of March. We hope a suitable site will be secured at once. The consumption of this article is enormous, and at no point is there a greater demand for it than here in Edenton.

In glancing over the entire field of paying enterprises we can neither see or learn of any that will pay a larger dividend on the investment than would an ice plant in Edenton. The fishermen here alone annually consume something like 2500 tons, yet, we believe, if a factory was established here at least 4500 tons could be easily disposed of. We say to this gentleman, give us the plant, as we can assure him it will pay from the start.

Died.

The death of Mrs. Elizabeth A. Clayton on last Saturday evening at eight o'clock was a surprise to many who did not know of her serious illness. For about two weeks she had been lingering and gradually growing worse, till finally the end came as quietly and peacefully as sleep to the weary body. She lived a christian life, and death to her had no terror. As usual the sun set, so went her spirit to the Father.

In early life she joined the Methodist Church, and to its worship, its faith, and its institutions she was never less than true. She was buried Monday afternoon from the Methodist Church; the funeral services was conducted by the pastor, assisted by the Presiding Elder of the District. Her body was laid to rest at the old Sycamore church-yard.

To Our Readers.

A really good Almanac is not only a household pleasure, but a necessity, because the information it gives can be largely relied upon to govern nearly all our vocations. The Brown's Iron Bitters Almanac for 1896 is a first-class family book, and besides the Almanac features, contains a memorandum sheet for each month in the year; comprehensive suggestions as to the first aid for persons who are injured by accidents; weather predictions for each day of the year; a forecast of important events; up to date Base Ball rules; the interpretation of dreams and numerous other interesting articles, a few of these Almanacs have been sent to Walter I. Leary, of Edenton; N. C., for distribution, and every adult reader of the FISHERMAN & FARMER can get a copy free by applying at once. Should Mr. Leary be out of the Almanacs, you can get one by sending a two cent postage stamp to BROWN CHEMICAL CO., Baltimore, Maryland.

If our boys would remain at home and display the same energizing influence they do elsewhere, what a change we would see in our social and commercial position. The building up our city must be done by the young men, and unless we keep them at home, we cannot expect growth in any direction.

If the care of the hair were made a part of a lady's education, we should not see so many gray heads, and the use of Hall's Hair Renewer would be unnecessary.

House for rent. Seven rooms. Apply to A. BONNER.

A KNITTING MILL

Is Among The New Enterprises on Foot For Edenton.

OUTLOOK IS BRIGHT.

THE MENTIONED-MEN OF THE CITY ARE INTERESTED, AND ARE INVESTIGATING ITS COST, ETC.

The FISHERMAN & FARMER is informed by a reliable gentleman that several of our mentioned-men are investigating the cost of a knitting mill, which they hope to put in operation in Edenton.

This is indeed encouraging news, as a knitting mill is an enterprise that is needed and one that will surely pay the investor. Wherever in the South these mills have been established they have proven a success. The proximity of the material, the cheapness of labor and the unsurpassed facilities for transportation make success almost a certainty. In no section of North Carolina are these advantages more apparent than here in our town. Now, if knitting mills pay at other places, then why not in Edenton?

We trust the gentlemen who are investigating the matter will see their way clear and give us the mill.

CIGARETTES AND INSANITY

MOST YOUNG PATIENTS IN A LUNATIC ASYLUM FOUND TO HAVE USED THEM.

Cigarettes have earned the title of "ecofin tacks," by virtue of their health destroying powers. It now seems, according to the statement of a well known physician of the West, Dr. Benjamin Blackford, that they may do even worse things than cause death. After a careful examination of a great number of patients in a lunatic asylum, and a thorough investigation into the family history of each case it was found that the majority of the young patients had been addicted to the use of cigarettes.

This in itself was scarcely suggestive of the effect of cigarette smoking on the system of the close connection of the nerves—but Dr. Blackford did not stop there. He performed a number of experiments, calculated to show just what influence cigarette smoke inhalation exercises on the throat and the delicate tissues, blood vessels, and nerves of the lungs and bronchial tubes. The result of his investigation was rather alarming.

"To a greater or less extent," he says "this increase of insanity may be attributed to the pernicious cigarette-smoking habit, now so long prevalent among and undermining the moral, physical, and mental health of the youth of our country during the period of youth development, when the brain is tender and plastic and easily affected by the noxious inhalations issuing through and around the nerve centres."

Cigarette smoking and cigar smoking, it is further pointed out, are two entirely different things. One may smoke cigars to excess, and though he would, of course, suffer ill consequences, there would be very little chance of his becoming insane from this cause. But cigarettes seem to have a peculiar power of affecting the nerves. Perhaps that is due to the inhalation of the smoke, for surely the smoke of a cigarette is not stronger in itself than that of a cigar. Drinkers are well aware of the soothing, narcotic, and at the same time stimulating influence of a cigarette. It is very often the case that when a man is "tapering off" from a spree and craves a soothing draught of spirits he will be satisfied with a few puffs of a cigarette.—St. Louis Post Dispatch.

For Rent For 1896.

The house at Hays occupied by Mrs. Wm. Hettrick.
