Little People Acress The Ocean Who Have Santa Claus.

Eugland is by no means the only European country to enter into the celebration of the Christ mas festival with a zest. In Germany, in Sweden and Norway, in Russia, in France, and in fact, all over Europe, where ever the Christian religion obtained a foothold, the anniversary of the Nativity is obs rved with rejoicing and feasting. The ceremonies are not greatly unlike those of the English speaking people, though, of course, modis fied by the traditions and usages of each country. St. Nicholas under a dozen aliases have become known to the little ones from the Mediterranean to the North sea. In Holland he is Santa Claus, in Switzerland, Samt Klas, and in Austria, Niklo, or Niglo. Victoria's Christmas.

HOW THE QUEEN OF GREAT BRIT-AIN SPENDS HER HOLIDAYS.

Since the death of Prince Albert, consort of Queen Victoria. there has been a marked change in the manner of spending Christmas in the royal household at Windsor Castle. It will be remembered that the Prince died on December 14th, and ever since that event the day has been

a sacred one to his widow. This sad anniversary, coming as it does so near Christmas, has changed the mode of observance of that holiday. For a long time after the obsequies there were no Christmas testivities, but as time went on and the deep wound was healed, the Queen returned to her old life and ways. Christmas, though shorn of many of its former gayeties, still reigns supreme at Osborne, where the Queen always spends her Christmas.

She has always gone there since the death of the Prince, Windsor being too full of sad memories, so that after the services held on the anniversary of the Prince Consort's death the

court goes to the Isle of Wight. The Queen always attends church on Christmas Day and receives the holy communion with those of her family who are with her.
