No Orders Too Large—None Too Small.

MONEY May be the Root of All Evil, but without It the People Would Be In a Bad Fix.

Contraction Of the Currency Is Dangerous to the People's Interests, and Deadly to their Prosperity.

Schemes TO CONTRACT THE CURRENCY and put the People entirely at the Mercy of the Money Power and the Shylocks are now on foot, and—

A Great Battle Is to Be Fought This Year for Free Coinage and the People's Money. . . .

THE GREAT ISSUE NOW is the double standard against the single standard—the use of both gold and silver as standard money means against keeping the currency of the country on the gold basis.

THE ATLANTA WEEKLY CONSTITUTION

published at ATLANTA, GA., and having

A CIRCULATION OF MORE THAN 150,000, chief among the farmers of the country, and going to many remote parts of the country, is the Leading Champion of the People in all the great issues in which they are engaged against the exactions of monopoly.

THE CONSTITUTION IS THE BIGGEST, BRIGHTEST AND BEST WEEKLY NEWSPAPER published in America, covering the news of the world, having correspondents in every city in America, and in the capitals of Europe, and reporting in full the details of debates in Congress on all questions of public interest. Price \$1 per year. It is

THE GREAT SOUTHERN WEEKLY NEWSPAPER, and as an exponent of Southern opinion and purveyor of Southern news it has no equal on the continent.

An Enlargement of Twelve Columns. To meet the demands upon its space for news, the Constitution has increased its size to 12 pages of 7 columns, making 84 columns each week.

THE CONSTITUTION'S SPECIAL FEATURES Are such as are not to be found in any other paper in America.

The Farm and Farmers' Department, The Women's Department, The Children's Department, are all under able direction and are specially attractive to those to whom these departments are addressed.

Under the editorial management of **CLARK HOWELL**, its special contributors are writers of such wide reputation as Mark Twain, Bret Harte, Frank R. Stockton, Joel Chandler Harris, Betsy Hamilton, and hundreds of others, while it offers weekly stories from such writers as Bill Arp, Sarge Plunket, Wallace F. Reid, Frank L. Stanton and others who give it literary features a peculiar Southern flavor that commends it to every reader from Virginia to Texas, from Maine to California.

During the whole delay and failure to bring the promised relief in financial matters THE CONSTITUTION has heralded, in season and out, the full news. It has given plain editorial utterances upon the effect of the tramping and misguided policy of wreckage and mere bonds, which events have shown to be prophetic in their unerring directness.

STRAIGHT, CLEAN, UNTRAMMELED,

THE CONSTITUTION

Salutes the free people who insist that the servants of the people shall not become their masters.

By Special Arrangement the paper publishing this announcement will be clubbed with The Constitution at the remarkably low rate announced elsewhere in this issue.

WEEKLY CONSTITUTION Both **\$1.60.**
