Diseases caused by Derangement of the
Liver and Bowels.

The SYMPTOMS of Liver Complaint are a bitter
or bad taste in the mouth; Pain in the Back, Sides or
Juints, often mistaken for Rheumatism; Sour
Stomach; Loss of Appetite; Bowels alternately
costive and lax; Headache; Loss of Memory, with a
painful sensation of having failed to do something
which aught to have been done; Debility; Low
Spirits; a thick, yellow appearance of the Skin and
Eyes; a dry Cough, often mistaken for Consumption.
Sometimes many of these symptoms attend the
disease, at others very few; but the LIVER, the largest
organ in the body, is generally the seat of the disease,
and if not Regulated in time, great suffering, wretchedness and DEATH will ensue.

Is there a tickling in the throat? Do you cough a great deal, especially when lying down? Are you hoarse at times? Does nearly every cold you take settle in your throat? These "throat coughs" are very deceptive. Don't neglect them. Troches, or cough syrups won't touch the spot. You must take remedies that will enrich the blood, tone up the nerves; and heal the inflamed membranes.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites contains such remedies. It has wonderful nourishing and healing power. The cause whole system is given new life and vigor; and the danger from threatening lung trouble is swept away.
