There's Truth in This.

A town is like a large family; we are interested in each other's welfare-or should be. A cu throat every-man-for-himselfpolicy means ruin for the whole community. It means retrogration and failure. The first lesson any family must learn, to be happy and successful, is unity and mutual assistance. The same applies to the business life of a town and the more generally it is obeyed the more abundant will be the city's prosperity,-Canton Advance.

Every breath you breathe, every heart beat, every motion of your hand, takes force. The measure of force we call vitality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, especially a tendency to Consumption. For low vitality nothing is better than Scott's Emulsion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system.
