Notes From Various Points Around and About us.

Of a Personal and Newsy Character.

Pencilings Reproduced From The Notebooks of Fisherman & Farmer Reporters.

EDENTON, N. C.

More than 25,000 armed insurgents are still fighting against Spanish misrule in the Philippine Islands.

The *Roanoke Beacon*, of Plymouth, which suspended some months ago, has appeared again under new management, Messrs. Geo. W. and M. H. Jackson having purchased same. We wish them success.

Asked in Atlanta whether he thought the next President would be a Democrat, ex-Vice-President Stevenson replied, "The next President will be a REAL Democrat," which being interpreted means that there will be no Democratic shams like the last one.

Don't let us sit down and cry "hard times." It won't mend matters. Let us all get up and pull together, and make at once what we have been buying from the North, and the problem will be solved. The South spending millions of dollars annually for fertilizers, hay, corn and bacon is what all along has been the trouble.—Suffolk *Herald*.

Home enterprises can only be sustained by home people, and when you fail to give your home enterprises your support, it is your own fault if they are not what they should be. When you give your home merchants your trade they will be strengthened and enabled to carry all lines that are required, but when you send to Northern cities for the goods that there is any profit in and give your home merchants the cheap trade do not blame them if they fail to carry as full lines as Wanamaker or Macy.—Winston *Journal*.

The election of town officers will be held next Monday and it behooves our people, be they Democrats or Republicans, to do a little figuring as to who will best serve the interests of Elizabeth City during the ensuing year. Personal and political considerations should be set aside. Fitness should be made the sole test. We therefore urge our people to elect only those who pledge themselves to manage the town affairs in a broad progressive spirit. Let us therefore send our best, wisest and safest men to the next City Council.

No town in the State can show so many and so potent reasons for asking people to locate at Elizabeth City. The town is rapidly forging ahead and its future is exceedingly bright. New buildings are going up everywhere, many new enterprises are being organized, and the hum of machinery is constantly heard in the land.

Come and see what is here; we have beauty, health, and as many natural advantages as any town in North Carolina. We have lands that are plentiful and cheap, saw mills, grist mills, turning mills, cotton mills and a net and twine factory, ship-yards and marine railroads, machine shops, blacksmith shops, carriage factories, an ice plant, a shingle mill, candy factories, wholesale and retail merchants, churches and schools, and a large number of other things we could mention. We have bright sunshine, hot and mild weather nine months in the year, and the winter is not severe as a rule.

The best way to judge of what is here is to come and see it. When you have seen the facts you can then decide as to whether or not to locate.

A happy marriage occurred Sunday at the bride's home on Court street, where Rev. W. F. Watson joined together in holy wedlock Mr. Herbert Creech and Miss Estelle Harrell, in the presence of friends and relatives. We extend to them our congratulations.

It is a great mistake to suppose that a simple tonic gives strength; it only stimulates the stomach to renewed action. To impart real strength, the blood must be purified and this can only be done by such a standard alternative as Ayer's Sarsaparilla.

Tetter, Salt-Rheum and Eczema. The intense itching and smarting, incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. HENDERSON, N. C., March 20, '97.
My blood was in a very bad condition, and I had eruptions all over my body. I took two bottles of Hood's Sarsaparilla, and it entirely cured me, and I have not had any trouble with impure blood since that time. I believe Hood's Sarsaparilla to be the best blood purifier on earth. Joseph T. Jones.

Hood's Pills are the best family cathartic and liver medicine. Gentle, reliable, sure.

The State Treasurer has issued a circular stating that "as the section of the revenue act taxing drummers alike as intended by the Legislature, it applies to none and is therefore inoperative and void.

A Man Who Is Tired.
All the time, owing to impoverished blood, should take Hood's Sarsaparilla to purify and enrich his blood and give him vitality and vigor. This condition of weakness and lack of energy is a natural consequence of the coming of warmer weather, which finds the system debilitated and the blood impure.
A good spring medicine is a necessity with almost everyone. Hood's Sarsaparilla is what the millions make in the spring. Its great power to purify and enrich the blood and build up health is one of the facts of common experience.

"The reporter of Belcross news should be more considerate, and not tell such exaggerating jokes on the ugly men of his own county. But we all can easily account why "Grandpa" is in such good humor. It will soon be time for his girl to return home from school and "Grandpa" (so called by his girl sometimes) is all smiles."
