As the strength of a building depends upon the solidity of its foundation, so health depends upon the condition of the blood. To expel impurities and cause the vital fluid to become vigorous and life giving, Ayer's Sarsaparilla is the most powerful and effective medicine in use.

Death Sentence Commuted to Life Imprisonment.

Governor Russell commutes the death sentence of Charles Bobo, the negro who on the race track at New Bern last February murdered another negro stable man. Bobo was sentenced to be hanged the 18th inst. Following is the governor's indorsement on the papers:

"Commutation to imprisonment for life is strongly urged by the trial judge, by the solicitor who prosecuted, by many leading lawyers, physicians, citizens of New Bern and the county officers of Craven. It appears that the homicide was not premeditated and that there was a fight between the men after which Bobo, in heat of passion, got a pistol and renewed the fight, in course of which he killed the man. The worst feature about it is that he fired at the man twice and fired in the midst of a crowd of bystanders; but all this was done in passion and the entire affair occurred in five minutes. Our law imposes capital punishment for premeditated killing. It is to be presumed that the trial court would have vacated this verdict but for the consideration that it involved delay and expense and inconvenience of a new trial, all of which could be avoided by executive commutation. Let the sentence be commuted to imprisonment for life."

Can't Eat

This is the complaint of thousands at this season. They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspeptic symptoms and cures nervous headaches, that it needs to have almost "a magic touch."

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier, are the best after-dinner pills, aid digestion, etc.
