BOY SHIPPED TO CHICAGO

When a train from New York arrived at the Union Depot, at Chicago, over the Pennsylvania line a few days ago, a small boy attired in a sailor suit, with a shipping tag attached to his jacket, was handed over by the conductor to Miss N. Nelson who meets all trains at the station as a representative of a Chicago charitable organization. The tag on the boy's jacket read as follows:

"This boy is going to his father, George Condon, 502 West

Taylor street, Chicago, Ill.' Miss Nelson took the boy to the address mentioned on the tag, but was unable to find any person who knew anything about the child or his parents. Miss Nelson took the child to the annex of the Harrison street police station, and the police are now trying to find his relatives, if he has any in the city. The child says he once lived in that city, but went to New York some time ago with his parents, who left him with the family of E. Hamorne.

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Aver's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished.
