#### KLONDYKE.

It now appears that there is not so much suffering in Klons dyke as was at first reported, and the report of Abraham E. Smith, United States Consul at Victoria, which was made pubs lic Dec. 28, announces that all the advices that reach there indicate that the rush in 1849 to California, and, later, to South Africa, will be eclipsed by the rush of gold-seekers headed for the Yukon in the early months

Consequently we may look for suffering that will be hard to

eclipse next winter. "The crowd is coming not only from this continent," says Consul Smith, "but from the Old World and the antipodes. The steamship Warrimoo, two weeks ago, brought nearly a hundred from Australia to this port, on their way to the Eldo rado. Agents from England have been here and are now here making contracts for housing three or four thousand gold seekers, and every hotel in Victoria has contracts for all its

Do You Use It?

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use

#### COLORED REVIVAL MEETING.

#### An Illinois Gentleman Describes a Typical Scene at a Negro Churc' in the South.

A gentleman from Illinois gives a brief description of a colored revival meeting that he attended in the South, accompa nied by some friends. He says; "The church was surrounded by a dense mass of black beings, but a way is made for us through the crowded street-sidewalk and vestibule to our seats. We wait ed until 7:45; the sermon by Rev. Spruill was over, the song of invitation had been sung, a few straglers had asked for prayers. Two brethren prayed a verse was sung, a brother exhorted a few minutes until his voice began to take on that sing song tone, he clapped his hands and began to sing, 'if religion was to buy, the rich would live, the poor would die.' Every man arose, the bugle notes had Truck sounded the call, the battle was on, the conflict was fierce. Their bodies swayed back and forth, while voices rose higher and higher.
