M. B. CHAPPEL, Elizabeth City, N. C.

Now is the time to put the city in a good sanitary condition before Spring comes on us. If the city fathers would make an inspection of the city they would open their eyes. The winter has been exceptionally mild and the warm season will be long, and the only way to keep disease off is to leave nothing for it to feed on. There are a number of places in Elizabeth City that need attention. Be up and stirring, city dads, before some disease of some kind gets among us.

Mr. Moses Weisel spent last week in New York and other Northern cities selecting new goods. He has purchased a large stock of clothing, gents furnishings, shoes, hats, dry goods &c., and on the last page of this paper he is offering some rare bargains. Mr. Weisel is one of the most progressive business men in Elizabeth City, a merchant of experience, push and pluck, and knows how to buy in order to be able to sell at prices that suit the people.

Monday night, Dr. Lowry's New Academy was opened by the Arnold-Wells Players, and we believe, every seat in the house was filled. The Academy presents a pleasing appearance and is a most magnificent building. It is fitted with all the modern improvements—electric lights, beautiful and up-to-date scenery, opera chairs, &c., and will compare favorably with theatres in the large cities. Dr. Lowry is to be congratulated, and the Fisherman and Farmer wishes him unbounded success.

The appearance of the FISHERMAN & FARMER is unavoidable this week, our paper on which to print some having been delayed in its shipment. We hope our readers will bear with us.

Disbanded.

The Arnold Wells Theatrical Company, came to Elizabeth City this week to fill a week's engagement at the New Academy. After playing three nights there was some financial trouble between the players and management that caused the company to disband.

Why We Are Late.

The appearance of the FISHERMAN & FARMER is unavoidable this week, our paper on which to print some having been delayed in its shipment. We hope our readers will bear with us.

Fell Upon An Axe.

A very serious accident occurred Wednesday at the home of Mr. and Mrs. Emerson Davis on Fearing street. One of their children fell upon the blade of a sharp axe that was lying in the yard and received a cut that will perhaps disfigure the child's face for life. The wound extends across the nose, mouth and chin and of such a serious nature that a doctor had to be called.

We learn Messrs. Hancock Bros. & Corbett have been meeting

with great success in Currituck and Camden counties with their plan of fire insurance. They effected an organization at Shawboro last Saturday for the above named counties, by electing the following officers, to-wit: President, H. B. Ansell; Secretary and Treasurer, C. D. Morgan; Supervisors Moyock township, Currituck county, A. M. Willie; Crawford, A. B. Midgett; Poplar Branch, S. M. Beasley; Atlantic, B. D. Tillett; Fruitville, W. W. Copper; Shiloh township, Camden county, G. C. Barco; Court House, E. I. Sawyer. This is purely a home cooperation plan of fire insurance for detached or farm property at actual cost. The plan has given great satisfaction to the people throughout North Carolina, where it has been operated. A policy fee of 50cts. on the \$100 valuation, gives each member a perpetual policy with no further cost, unless there be actual fire loss in the Branch of which he is a member. The assessments have been for the last 50 years actually less than a man would give his neighbor without any insurance. Let it be remembered we insure no parties, only those who are recommended and endorsed by the township supervisor; and further, no property is insured for more than 3/4 of its actual cash value, and no hazardous risk taken.

To Cure Constipation Forever.

Take Chamberlain's Candy Cathartic, 10c or 25c. If C. C. C. fail to cure, druggists refund money.

Woman is the pure, radiant, stainless current, in the stream of humanity, and but for the silvery ripples which dance in such sparkling brilliancy upon its crystal bosom, and fling out the lustrous beamings of its beauty and radiance and loveliness on all surrounding objects earth would be dark and dreary and dismal.
