OVER 600 PEOPLE DROWNED.

Two Ships Collide In A Dense Fog, one Sinking Instantly.

Halifax, July 6. The All-line steamer Grecian has just entered the harbor with the ship Cromartyshire in tow. The latter reports that at about five o'clock on the morning of the Fourth she collided with the Fourth she collided with the steamer La Borgoune, bound from New York to Havre carrying eight hundred passengers, in a dense fog sixty miles south of Sable Island. The steamship sank almost instantly and only two hundred people saved among them only one woman. All of the ships officers were drowned.

When the collision occurred most of the passengers were asleep. Few had time to reach the deck. The only woman saved was Mrs. A. Jacasse, her husband having placed her on a life raft with another woman; the other woman was washed off and drowned. Capt. Boudoin stood on the bridge and went down with the ship refusing to leave her. Capt. Cromarty says the steamer struck him at full speed, tearing his bow entirely off. Rescued men from steamer says that the ship struck the steamer amidships, and the ship creased and went down side ways immediately.

Washington, D. C. Among the passengers on board the La Bourgoune were Anthony Pollock and wife, well known Washingtonians going to Paris to visit their family.

Guantanamo Bay, July 7. The Resolute arrived here with 508 prisoners including 18 officers, the crew of the Christobel Colon. The number killed and wounded on the Colon is remarkably small only 3 killed and 43 wounded and all the sailors captured. The Spaniards are cheerful. The officers say they have had nothing to eat for 24 hours previous to the destruction of the fleet. They had great difficulty in getting the men to their posts. Therefore large quantities of liquor was given out. Many still show signs of intoxication. The officers say the order of attack was given out by minister of Marines at Madrid. They state that none of the Sailors expected to live after the engagement all the valuables were put on board the Colon as she was the swiftest in the fleet. They profess great admiration of the Americans and say it the Americans had pressed the land forces the Spaniards would have been compelled to surrender. HORRIBLE KENTUCKY CRIME.

Two Well Known Men Killed and Two Ladies Badly Wounded.

Harrodsburg, Ky. July 5.—One of the most horrible crimes in the history of Mercer county occurred at Cornishville last night and as a result two of the best known men in that section Thomas Benton Hale and Merritt Adkinson, lie dead and Miss Julia Poulter and Miss Campbell are both shot through the body and it is thought will die.

The demon who did the bloody work is Richard Volav, aged twenty-one. Volav who was crated with liquor, went to the gospel tent and became very disorderly. Mr. Hale cautioned him to be quiet, and Volav shot him, killing him instantly. Mr. Adkinson ran to the spot and the second shot killed him. The fiend then fired two shots into the crowd of worshippers. One ball passed entirely through Miss Campbell's body inflicting what is considered a fatal wound and the other struck Miss Poulter in the back and it is believed she will die.

Volav then mounted his horse and galloped away. As soon as possible a hundred men started in pursuit, but at last reports had not captured him.
