A TOWN RULED BY LOVE.

Neither Money Nor Punish-
ishments Needed in Com-
monwealth, Ga.

The most unique settlement
in the United States is the town
of Commonwealth, Ga.
There is no need for money at
Commonwealth, for everything
goes into the common fund, and
every man shares exactly alike.
There are no rich people in
Commonwealth and no poor
people. All work for one an-
other, and the law and the creed
of the community is "Love." If
a person wishes to build a house
the lumber is furnished from the
mill operated by the members
of the settlement. If vegetables
are wanted the common garden
supplies the need.
The settlement is run on the
co-operative plan. "Love thy
neighbor as thyself" is a law
that is strictly enforced.

Two years ago Commonwealth
was founded by a few experi-
mentalists. Now it is a village
of seventy five families, working
about a thousand acres, at one
time a plantation. The old
fashioned home of the anti-bel-
lum planter is now one of the
town buildings. Besides this,
there are several dwelling
houses, a printing office, a
large school house, a sawmill
and a large dining hall.

Commonwealth has its school
paper, mill and clergyman. A
magazine called Social Gospel,
setting forth the teachings of
the community, is published ev-
ery month.
Many talented men and bril-
liant women have gone to this
little Georgia village to live the
good work and good behavior
are enforced, not by the rod,
but by love. In this community
there is said to be no jealousy,
no envy, no strife. This simple
creed hangs upon the wall of
every cottage:

"Thou shalt love the Lord,
thy God, with all thy heart, and
thy neighbor as thyself.
"Love worketh no ill to his
neighbor, therefore, love is the
fulfilling of the law.
"This is My commandment:
That ye love one another as I
have loved you.
"He that loveth not his brother
whom he hath seen, cannot
love God whom he hath not seen.
And this commandment have
we from Him, that he who
loveth God loves his brother
also."—New York World.

Former Spanish Flagship Float- ed.

Santiago, July 19. Captain
Cook, of the Brooklyn, is au-
thoritative for the statement that
the former Spanish flagship, the
Infanta Maria Teresa, has floated
off the reef on which she stranded
and that her heavy armament
is practically unharmed. The
Captain also says this cruiser
will surely be saved and form an
addition to the United States
navy, a trophy of the glorious
July third.

The Cristobal Colon may also
be saved, although a good deal
depends on the weather, which
is very uncertain at this time
of the year. A heavy storm might
drive the cruiser so high on the
coral reef that it would be im-
possible to float her.

"I have used Chamberlain's
Cough Remedy in my family
for years and always with good
results," says Mr. W. B. Cooper,
of El Rio, Cal. "For small chil-
dren we find it especially effec-
tive." For sale by W. W.

Sampson Will Do Something.
Washington, D. C., July 21.—
Admiral Sampson cables that
he expects to raise the wrecked
Spanish Cruiser Maria Teresa by
Sunday, he also hopes to save the
Reine Mercedes which was
sunk in the channel.

There is one little maxim
That now I will name,
Which may bring what is better
Than riches or fame.
All those who will heed it
Good appetite find,
Strong nerves, rosy cheeks,
And vigor of mind.
It will banish dyspepsia,
Rheumatism and gout,
That tired feeling conquer.
Drive scrofula out.
And here is the maxim—
Its wisdom is sure—
Take Hood's Sarsaparilla
And keep your blood pure.

TROUBLE WITH CUBANS.

Shafter Refuses To
Allow Cubans to
Enter The City.

Insurgents Arrested
And Turned Over
To The Milita-
ry Authori-
ties.

Santiago, July 20. Gen. Garcia
has left the Cuban Camp
with a body of picket men and
started westward to meet and
confer with Gomez relative to
grievances against the Americans.
He makes no secret resentment
against Shafter and the course
pursued since the surrender of
the city. The coming confer-
ence in Chief is regarded as of
the utmost importance. Gen. Garcia
is especially dissatisfied over
the fact that the Cuban soldiers
are not permitted to go in the
city until it is evacuated by the
Spanish. Gen. Shafter thinks
the danger of the Spanish.
McKibben has established a
thorough system of patrolling
the city.
A number of Insurgents have
been arrested and turned over
to the military authorities, they
having entered disguised as
refugees and attempting to pro-
voke the Spaniards and street
riots. This action has intensi-
fied the feeling among the In-
surgents thinking that the
Americans will ignore them in
the future and form a govern-
ment.

The Spanish volunteers are
growing restless at the rumor
that they will be sent from the
Island. This may prove trou-
blesome. Arch Bishop of San-
tiago received a letter yesterday
from a volunteer demanding
that he show less friendship
with the Americans.

Washington, D. C., July 20.
Some apprehension is felt as to
the outcome of the strained re-
lations between the Americans
and Cubans at Santiago, but
Secretary Algar makes light of
the alleged friction and says if
trouble occurs it will be quickly
met.

Representatives of the Junta
while not in sympathy and de-
sires the Cubans to sack the
city, have cabled Garcia to re-
strain the men and permit no
actions that will compel the
United States to suppress them
as enemies, to the public safety.
There is no doubt in official cir-
cles but that the Cuban Repub-
lic will be ignored for the present.

London Praises Us.
London special says:—All of
the London papers tender an
ample meed of praise for the
American strategy in securing
possession of eastern Cuba with
so little bloodshed. They re-
cognize that further resistance
on the part of Spain is hopeless,
since in all probability famine
will soon compel Capt.-Gen.
Blanco to surrender. Therefore
they say Spain ought to profit
by the pause in hostilities to
sue at once for peace.

Transports For Porto Rico.

New York, July 21.—The
transports Massachusetts, Ron-
nannia and Michigan sailed
this morning, the two former to
Newport News and the latter to
Tampa, where they will take
aboard the troops for Porto Rico,
all carried large stores of
forage and lumber.

The Norwegian steamship

Jacksonville to load with lumber
for the defenses at Porto Rico.

An Old Idea.
Every day strengthens the belief of em-
inent physicians that impure blood is the
cause of the majority of our diseases.
Twenty-five years ago this theory was used
as a basis for the formula of Brown's Iron
Bitters. The many remarkable cures effected
by this famous old household remedy are
sufficient to prove that the theory is correct.
Brown's Iron Bitters is sold by all dealers.

SPANISH OFFICER A BEGGAR.

This Is The Way the Honora-
ble Country of Spain
Treats Her Pris-
oners.

A recent issue of El Herald
de Madrid tells this:
Don Pedro Verdie, a lieuten-
ant colonel, who commanded a
regiment of infantry in Cuba,
and who returned to Spain after
receiving a serious wound, has
been compelled to beg in the
public streets for enough to
maintain himself and family.
Col. Verdie had appealed in vain
to the war office at Madrid for
pay that had been long due
him, and being unable to ob-
tain assistance from private
sources, was at last forced to
the bitter alternative of shaming
his country and humiliating
himself by begging.

He took up his stand in Calle
Sevilla in commission exposed
and with a sign pinned on his
brow asking the charity of the
passers by. The sign announced
that Col. Verdie had received
wounds in the service of Spain
which disabled him and prevent-
ed him from earning a livelihood
by physical labor. Four children
and a wife were at home, it
said, depending upon his efforts
and two sons were fighting in
the Spanish army and reduced
to as dire straits as those in
which he found himself. One
child at home was dying of
typhus, and there was nothing
for any of them to eat.

The wounded officer's
pathetic appeal was
quickly and generously respon-
ded to. A large crowd assembled
around him and, amid expres-
sions of contempt for the gov-
ernment that rewarded its sol-
diers in that way, a collection
amounting to about \$20 was
taken up for him. The Herald
announced that several prom-
inent people had taken the case
in hand and will bring it offici-
ally before the Queen Regent.

A HOLE IN THE BROOK- LYN.

Schley Was Out For Birds
and in His Fighting
Clothes.

Commodore Schley was on
the bridge during the fighting
and an orderly heard him say:
"I want that ship. I have 800
tons of coal and plenty of wood
work on this vessel, and I'll
have her if I chase her to Spain."
Soon after the Colon pulled
down her own flag the New
York hove in sight, and as the
Vixen reported to Admiral
Sampson that the two strange
cruisers were in the distance,
the signal came for the Brook-
lyn to investigate, and Commo-
dore Schley was obliged to
leave his prize and hurry away.
The stranger proved to be an
Austrian cruiser, and it was
after midnight when the Brooklyn
reported at Santiago with one
of her compartments filled with
water where an 11 inch shell
had pierced her side near the
water line. She met a splendid
reception from the fleet.

Key West, July 21.—The
gunboat Mayflower arrived
here from the blockade this
morning, and reports having

New Foundland from Novascotia
bound inward with a Cargo
of ammunition and supplies for

merchant prize was sighted off
Cienfuegos night before last

over an hour, a solid shot finally
caused her to heave to. She was
sent to Charleston in charge of a
prize crew. The Mayflower
brought in a number of Spanish
deserters from the gunboat
Aquila.

Persons troubled with diar-
rhea will be interested in the
experience of Mr. W. W. Bush,
clerk of Hotel Dorrance, Provi-
dence, R. I. He says: "For
several years I have been al-
most a constant sufferer from
diarrhea, the frequent attacks
completely prostrating me and
rendering me unfit for my duties
at this hotel. About two years
ago a traveling salesman kindly
gave me a small bottle of Cham-
berlain's Colic, Cholera and
Diarrhoea Remedy. Much to
my surprise and delight its ef-
fects were immediate. When-
ever I felt symptoms of the
disease I would fortify myself
against the attack with a few
doses of this valuable remedy.
The result has been very satis-
fying and almost complete re-
lief from the affliction." For

WILL NOT CO-OPERATE WITH SHAFTER.

Declares His Utter
Disgust at the Way
He was Treated
By Shafter.

Will Withdraw His
Forces to the Hills
And no Longer
Submit To
Indigni-
ties.

Santiago, July 21. Gen. Garcia
has written a letter to Gen.
Shafter declaring his utter dis-
gust of the treatment at the
hands of the Americans and will
consequently withdraw his forces
to the hills, being no longer
willing to submit to the indig-
nities to which he has been sub-
jected. Among other things of
which Garcia complains is the
failure of Shafter to officially
notify him of the surrender of
Santiago. He is also incensed at
the fact of no invitation to the
ceremony of the formal surren-
der; another grievance is the
action of Shafter retaining the
Spanish Civil authorities in the
administration of their func-
tions in Santiago.

Garcia declares for these re-
asons he will no longer co-ope-
rate with Shafter's forces but will
act independently as he did be-
fore the advent of the Ameri-
cans.

Sampson vs. Schley.
There is a story in circulation
the truth of which I cannot
vouch for, writes a correspond-
ent. It is told to show that
the rivalry between Admiral
Sampson and Commodore
Schley is becoming bitter. The
tale is to the effect that after
Cervera's ships had been sunk
and Sampson had arrived upon
the scene, as the Colon went
ashore, Schley signaled the New
York: "I claim the capture." It
is further said that in the evening
Schley sent ashore an executive
officer to cable an official
report to the navy depart-
ment at Washington. The
story goes that Sampson hearing
of this, sent an officer on
shore and absolutely prohibi-
ted the sending of any official
report save his own.

Riser is the finest preparation on the market
for colic, cholera, and cholera infantum.
It is sold by all druggists. Griggs

The Ordinance bureau is con-
sidering the use of a large quan-
tity of arms ammunition fortifi-
cations and guns which the or-
dinance stores surrendered at San-
tiago. The captured Mauser
rifles will be put in order for
use in the American army, of
which there are some twenty
thousand. The old antiquated
guns in the forts along the
shores are useless, and will prob-
ably be brought to the United
States as souvenirs.

Miles Has Gone.

He Sailed Yesterday
Under a Strong
Convoy.

Secretary Alger Says They
Will Probably Land To-
morrow, And Begin
The Attack On
Sunday.

Washington, July 22. It is
officially given out this morning
that Gen. Miles cleared yester-
day afternoon and is now on
his way to Porto Rico under a
strong convoy. Secretary Alger
expects he will land by to-
morrow and attack if possible by
Sunday. He adds that we may
expect big news by the first of
next week. He is rapidly
pushing preparations for the
second expedition.

There is no corroboration to
be found that Watson's fleet
will be disbanded, and no defi-
nite answer has been had in the
affirmative or negative. It is
believed that Watson will have
Schley as second in command
and the expedition be started at
the earliest possible moment.

The Heavy Twenty.
Company F of the First
North Carolina regiment con-
tains to sets of brothers from
the same town—that is, 20 men
from to families. They are
called the "heavy twenty" by
the other members of their com-
pany, and may be seen together
almost all of the time.

What came near being a gen-
eral fight between some of the
New Jersey and North Carolina
men was prevented yesterday
only by the guards. The row
started over a Jersey man walk-
ing through the North Carolina
camp, holding an umbrella over
a negro woman, and appearing
to be on terms of equality with
her. One of the Carolina boys
struck him, and a general fight
ensued, but was soon quieted
down.

Cur baby has been continu-
ally troubled with colic and chol-
era infantum since his birth,
and all that we could do for him
did not seem to give more than
temporary relief, until we tried
Chamberlain's Colic, Cholera
and Diarrhoea Remedy. Since
giving that remedy he has not
been troubled. We want to give
you this testimonial as an evi-
dence of our gratitude, not that
you need it to advertise your
meritorious remedy—G. M.
