HATHAWAY'S

RIGHT ON THE CORNER.

Miss Lucy Levine, of Winfall and Master Frank Gilliam, of Windsor, are visiting friends in the city.

It is yet unannounced who will be Post Master at Elizabeth City, but a change will no doubt be hailed with much pleasure. It is hoped the appointment will come soon, as we know of no office in America that is more complained of than the office at this place. When will a relief come?

We hear that an effort will be made this fall by some of the business men of Elizabeth City to organize a company for the purpose of rebuilding the Net & Twine Factory that was destroyed by fire a few months ago. It was an enterprise that was quite beneficial to the city and has been greatly missed by both the laborer and the business people. We hope to see it soon rebuilt.

Elizabeth City is not bounding and is not leaping—but, she is getting there just the same. Take a stroll in any direction and you will find new buildings going up and improvements being made everywhere. It is safe to say however that during the past year fully one hundred buildings have gone up. And they are of a better grade than those built here a few years ago. Elizabeth City is alright, and our folks are not making much fuss about it.

We regret to announce that Mr. A. K. Kramer, who for the past two or more years has acted as Fire Commissioner of Elizabeth City and Foreman of the Albemarle Fire Company, has tendered his resignation. Mr. Kramer has made a most excellent officer and the firemen on Monday night last did the right thing in refusing to accept his resignation. The firemen all love him as their leader, have promptly obeyed their chief's orders and followed him from start to finish. For this Mr. Kramer has placed in our hands for publication a card of thanks, but we have withheld same hoping he will reconsider his action and continue to serve his firemen and his people. Reconsider, Allen, the good people of Elizabeth City would prefer you remaining where you are.

Heywood Sawyer for Congress. The Washington Progress writes very complimentary of our townsman Mr. Heywood Sawyer, and the FISHERMAN & FARMER endorses every word here given:

"Mr. Heywood Sawyer, of E. City is a very prominent and talented young lawyer who has been spoken of for Congress from the first district. Mr. Sawyer is a fine speaker and would make a match for anything the opposition can put out against him.

The editor of the Evans City, Pa., Globe, writes, "One Minute Cough Cure is rightly named. It cured my children after all other remedies failed. It cures cough, colds and all throat and lung troubles. Griggs & Son."

Hard on the Ministers. Ministers who marry couples without compensation find poor consolation in the war revenue law. They not only have the privilege of uniting many happy couples "free, gratis and for nothing," but now they are required to go down into their pocket books to attach a ten cent stamp to the returns on all marriages solemnized by them. It may not be amiss for those who contemplate calling on the preacher for purposes matrimonial to remember this item if nothing more.

HOME TRAINING FOR GIRLS.

It is Better for a Great Many Girls Than a College Course

"A home training is a thing not to be despised," writes Edward Bok in an article, "Shall Our Girls go to College?" in the August Ladies' Home Journal. "If that training is of the best it is an exceedingly fine question to decide whether it is not as good in its highest and truest results as a college course. That a home training is infinitely better for a great many of our girls than the best training possible at a college admits, I think, of very little, if any dispute. I say this, and emphasize the point because some of our girls are prone to feel that they are in a measure, abused and handicapped if they are not permitted by their parents to go to college. I question very much from our present conditions of society whether the time has yet been reached in American life when one can truthfully say that the majority of our girls can be sent away from the home anchorage at a time in their lives when they are most impressible, and when the influence of a careful mother's training means every thing them."

Becoming a Girl at Eighty-seven.

Limestone County, Ala., has an interesting phenomenon in an aged matron who has fallen heir apparently to another period of youth. Mrs. Polly Emery, aged eighty-seven, of excellent family has for thirty years been an old woman with white hair, wrinkled face and enfeebled strength. Twenty-seven years ago a dentist brother extracted every tooth from her head. About a year ago her health commenced to improve. Her strength returned, her figure became more erect, her eyes brighter, her movements more dexter. Her hair began to turn dark and her gums to swell. To day she has a fine suit of black hair and has cut a new and complete set of teeth has regained her erect carriage of fifty years ago, and looks like a woman thirty-five or forty years of age.

To the Members of the Elizabeth City Cycle Path Club. We your finance Committee beg leave to make the following report.

We have examined the collectors books and found that the Treasurer has received from all sources the sum of four hundred and twenty two dollars and fifty two cents (\$422.52) and has vouchers paid to the amount of Three hundred and forty three dollars and thirty two cents (\$343.32) He was entitled to 10 per cent commission on Three hundred and nine dollars and ninety five cents. Making a total of vouchers and commission three hundred and forty three dollars and thirty two cents (\$343.32) leaving balance in his hands of seventy nine dollars and twenty cents (\$79.20).

The Club owes a note in bank due August 17th of \$75.00. We find advance dues paid to the amount of \$2.80.

Respectfully Submitted, C. E. KRAMER, Chm'n. for Com.
