Conservatism, even in victory, predominates among all classes of our citizens. A heated campaign does not unbalance this characteristic. Violence in any form is condemned and oppressive measures are denounced in unmeasurable terms.

Both were escorted by a band of music followed by a long procession of cheering friends. These gentlemen are all Democrats and voted alike, but made the wager for a little fun, and they had it indeed.

Last night the beautiful military play, "Captain Dick," under the management of Bertram & Willard, was presented at the Academy of music. The play is not only a good one but those who took part in same, the performers being principally young ladies and gentlemen of this city acquired themselves admirably well, receiving merited applause. Those present speak in the highest terms of the entertainment and class it among the best yet presented in Elizabeth City, not only by amateurs but by many professionals that come here. To-night the play will be repeated and if the weather which is to day exceedingly inclement, will permit our theatre goes to come out we predict a crowded house.

To The People of E. City. Beware
The circulars sent out by Mitchell, the Bee Hive merchant, advertising "Real Octagon Laundry Soap 2 bars for 5 cents," is not the real Octagon made by Colgate & Co., as it sells the world over at one price, and I beg the people not to be taken in by imitations as the Octagon's equal is hard to be found.

Tutt's Pills
Cure All Liver Ills.
Doctors Say; Mysterious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels. The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.

A CARD.
Snowden, N. C., Nov. 16—Editor Fisherman and Farmer, E. City, N. C.
Dear Sirs:—Please allow me space in your paper to correct a report made by me. I mention your paper because it is so generally read in this vicinity. What I wish to say in justice to Mr. Bray is that the statement made by me to the effect that I lost two hundred pounds of cotton by Mr. P. N. Bray's scales was made without the proper thought. The cotton was sent down by two men in my employ, and I could not or would not, say that the cotton ever reached Mr. Bray's gin.
