The Best Advertising Medium in the Albemarle District—The Finest Fish, Truck and Farming Section in North Carolina. Circulation Doubles Any Other Paper Published in This Section. The Most Wide-Awake and Successful Business Men use the FISHERMAN & FARMER Columns with the Highest Satisfaction and Profit.

## ELECTION NIGHT.

We have seen the crowded shows  
And have been to all the sales,  
But never in our knowledge,  
Did the people gather here,  
Like they did here in the Court House,  
With their smiling faces bright,  
To give three cheers for Grandy,  
Here in E. City, on Election night.

All day long the streets were crowded  
And the jam was just immense,  
Every body kept a shouting,  
Till we thought they had no sense;  
But their faces they were beaming  
With a smile and looking bright,  
When they gave three cheers for  
Grandy.

Here in E. City, on Election night,  
All the farmers came in early,  
Came in early in the morn,  
Some tramped it thus and so-so  
For their mortgaged horses were  
gone,  
But that never made any difference,  
For their hearts were glad and light,  
When they gave three cheers for  
Grandy.

Here in E. City, on Election night,  
The Republican votes were flourishing  
But what cared we for that?  
When we saw that every body  
Was waving a Grandy hat,  
And they waved them high and  
shouted

For they knew that they were right  
When they gave three cheers for  
Grandy.

Here in E. City, on Election night,  
The old mads and the mothers,  
Tripped and came out on the street,  
The young girls by the thousands,  
Were there and looking sweet,  
The dandies with their hankerchiefs  
We'll tell you was a sight  
When they joined us in cheering Nath-  
an Grandy.

Here in E. City, on Election night,  
BY BELLE HEATH.

## THE END OF THE SECOND

### The Last Papers of its Muster Out Given Col. Burgwyn.

The Record of the Regiment, while not Brilliant, is Better than that of Many Others in the Service.

Special from Washington, D. C., says: The last paper necessary for mustering out the Second North Carolina infantry were issued to day from the War Department, and next week the records of the Government will show that the second regiment is a thing of the past.

It is interesting to note the record of the regiment, and although it is not a bright one, there are some redeeming features of which the State at large should be proud. With the exception of the acceptance of the resignation of one officer, charged with disgraceful conduct, there is no blot on that side of the ledger.

The regiment is one of the few ordered mustered out, in which there has not been some officer or enlisted man dishonourably discharged.

The total cost of organizing, equipping and maintaining this regiment has amounted to over two hundred thousand dollars, and this does not include large amounts that will later be charged up against the regiment account. The amount of transportation charged up against the Second regiment is three that used by the First regiment, now at Savannah, Ga.

Col. Burgwyn of the Second regiment was here to day and obtained from the War Department his final certificate of non indebtedness to the Government. This is the last order necessary to bring the regiment's life to an end. Colonel Burgwyn left tonight for North Carolina.

Many a household is saddened by death because of the failure to keep on hand a safe and absolutely certain cure for croup such as One Minute Cough Cure. See that your little ones are protected against emergency. Griggs & Son.

## THE FIRST PENSIONER ON ACCOUNT OF THE SPANISH WAR.

Special from Washington says: Commissioner Evans, of the Pension Office, notified Secretary Alger to day that Jesse T. Gates, of the Second United States Artillery, who had lost part of his upper lip in the West India campaign, has been awarded the first pension on account of the Spanish war. The President and the Secretary of War each took an interest in this case. Gates called on them in person soon after the close of the campaign and convinced them of the merits of his claim. Gates will receive \$17 per month and, this being inadequate, a private pension bill increasing the pension probably will be introduced in Congress. Claims on account of the Spanish war are now coming in rapidly. The total on file up to date is 1947 for war service and 178 for naval service, exclusive of the claims of the battleship Maine victims.

## TO MARRY AN ACTRESS.

A Chicago special says: It is reported that P. K. Peterson, of Charleston, S. C., who was coxswain of the steam launch that followed the Merrimack to the mouth of Santiago harbor, will soon marry Miss Charlotte Crane, the actress. Miss Crane is the actress whose presence at an aristocratic ball in Charleston, S. C., last Winter created such a furor on the part of the society women of that city. Mr. Peterson is now in Charleston. Miss Crane is at present in this city playing in a local theatre.

## Russell May Resigns.

Special from Raleigh says: There are persons who express a belief that Governor Russell will soon resign. He is unquestionably tired of the executive office. The Governor has so few friends in the Republican party that he gets little or no sympathy in that quarter. Republicans high in position allege that to him is really due the overthrow of their party. The Governor left here yesterday for the mountains. He will be out of town several days. His private secretary says he needs rest.

## There Were Two of Them.

Here is a story told of Patrick O'Mara, a private in the Ninth Regulars, says the New York Tribune. Not long ago he went to the Colonel, who was a severe disciplinarian, for a two weeks' leave of absence.

"Well," said the Colonel, "what do you want a two weeks' furlough for?"

Patrick answered: "My wife is very sick, and the children are not well, and if we didn't mind, she would like to have me home for a few weeks to give her a bit of assistance."

The Colonel eyed him for a few minutes and said: "Patrick I might grant your request, but I got a letter from your wife this morning saying that she didn't want you home; that you were a nuisance and raised the devil whenever you were there. She hopes I won't let you have any furloughs."

"That settles it," I suppose: I can't get the furlough, then?" said Pat.

"No," I'm afraid not, Patrick. It wouldn't be well for me to do so, under the circumstances.

It was Patrick's turn now to eye the Colonel as he started for the door. Stopping suddenly, he said:

"Colonel, can I say something to ye?"

"Certainly, Patrick; what is it?"

"You won't get mad, Colonel, if I say it?"

"Certainly not, Patrick; what is it?"

"I want to say there are two splendid liars in this room, and I'm one of them. I was never married in mey loite."

## A Soldier Killed.

Disastrous Results of a Row at Knoxville.

Special from Charlotte says: Charlotte, N. C., Nov. 21.—A special to the Observer from Knoxville, Tenn., says: Zeb Patton a private in Company C Third North Carolina Regiment, colored, was shot and instantly killed in a street fight. Patton became engaged with a number of other soldiers in a fuss over a negro woman, who had frequented the camp. He defied his most bitter opponent to enter the company street, and the challenge was accepted. Patton fired at the adversary and shot him and the woman over whom the fuss was caused. Major Walker, commanding the battalion, ordered the guard and a squad of armed officers to the scene of the difficulty, Lieutenant Walker officer of the guard, ordered Patton to surrender, but Patton refused, and fired at the officer. Thereupon the squad of officers and guards fired into the throng of irate soldiers. Patton was instantly killed, innumerable bullets penetrating his body. Other soldiers were wounded, but none fatally. The firing created a panic in the camp and soldiers gathered around the prostrate form of the dead private, while others attended the wounded.

This woman was employed as a house girl in a prominent mansion of the city, and she was taken there. No arrests were made, but the matter was officially reported to division headquarters. This regiment is offered entirely by negroes. It is ordered to leave this camp tomorrow for Macon, Ga.

## A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always kept this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by W. W. Griggs & Son.

Especially valuable to women is Brown's Iron Bitters. Backache vanishes, headache disappears, strength takes the place of weakness, and the glow of health readily comes to the pallid cheek when this wonderful remedy is taken. For sickly children or overworked men it has no equal. No home should be without this famous remedy. Brown's Iron Bitters is sold by all dealers.

## MAYOR'S LIFE THREATENED.

### MR. WADDELL RECEIVED THREE NOTES WILL NOT LOSE SLEEP OVER THE MATTER.

Wilmington, N. C., Nov. 17.—Mayor Waddell today received three anonymous communications threatening him with death if he failed to leave the city within 24 hours.

This incident caused a ripple of excitement in municipal circles but the Mayor treated the matter lightly and stated that it would not cause him any loss of sleep.

Several well known citizens who were prominent in the recent revolution have received similar letters. All of these were mailed at the Wilmington postoffice, and were written by some ignorant person or persons evidently negroes.

None of the recipients have taken the matter seriously. Though if the writer of the missives is found it will prove a serious matter with him.

Notices to leave continue to be served at intervals on unpopular persons, principally white "Fusionists" and several badly frightened men have packed up their effects and left this contiguous territory in the past few days.

## Cataract Can be Cured

By eradicating from the blood the scrofulous taint which causes it. Hood's Sarsaparilla cures cataract, promptly and permanently, because it strikes at the root of the trouble.

The rich, pure blood which it makes circulate through the delicate passages of the mucous membrane, soothes and rebuilds the tissues, giving them a tendency to health instead of disease, and ultimately curing the affection.

At the same time Hood's Sarsaparilla strengthens, invigorates and energizes the whole system and makes the debilitated victim of cataract feel that new life has been imparted.

Do not daily with snuffs, inhalants or other local applications, but take Hood's Sarsaparilla and cure cataract absolutely and surely by removing the causes which produce it.

## WHITE LABORERS DISCHARGED.

And Negro Laborers Substituted at Wilmington by McKinley's Agents.

Wilmington, N. C., Nov. 17.—The white ship carpenters, caulker and other workmen employed at the United States government yard and dock here, have been discharged and negro workmen employed in their places by the United States authorities.

The men refused to work on Thursday last, when their homes would be going so have been left unprotected, but nothing was said about discharging them until to day, when Capt. William E. Chaighill, the engineer in charge, dismissed the entire force.

Great indignation is felt at this action of the government. The board of aldermen has authorized the chief of police to add two mounted policemen to the force. These will be placed permanently on night duty to patrol the city.

## Good Boy "Julie."

On the receipt of the good news telling of the redemption of the state from Fusion misrule Col. Julian S. Carr sent the following message, which explains itself, to President McKinley:

Durham, N. C., Nov. 9.

Hon. William McKinley, President, Washington, D. C.

Men with white skins, sons of revolutionary ancestors, who drafted the original magna charta of American Independence, lovers of the Union and the Constitution, and associates of the fathers of Bagley, Hobson and Blue, are leading the victorious column this morning and will rule North Carolina ever hereafter. No need of troops now. Praise God.

J. S. CARR.

Chmn. Durham Co. Dem. Ex Com.—Argonaut.

## A Fleeshy Consumptive

Did you ever see one? Did you ever hear of one? Most certainly not. Consumption is a disease that invariably causes loss of flesh.

If you are light in weight, even if your cough is only a slight one, you should certainly take

**Scott's Emulsion**

of cod liver oil with hypophosphites. No remedy is such a perfect preventive to consumption. Just the moment your throat begins to weaken and you find you are losing flesh, you should begin to take it.

And no other remedy has cured so many cases of consumption. Unless you are far advanced with this disease, Scott's Emulsion will hold every increment to you for a perfect cure.

All Druggists, and at Scott & Bowne, Chemists, N. Y.

## WAKE FOREST.

A new set of waterworks has just been put in, which is a great improvement over the inconvenience and irregularity of the old set.

Rev. L. C. Brickhouse, formerly pastor in Princess Anne Co., Va. has lately come to Wake Forest to live, while looking for pastoral work in this State.

The number of students registered on the college roll so far amounts to 240. The preachers hold their own but the lawyers are away in excess of their usual numbers. Hard times and an overcrop of lawyers.

Mr. W. L. Cohoon has returned to college, after having rendered much valuable service to the Democratic cause in Nash, Halifax, and other eastern counties during the past campaign. As the results of his labor show.

Rev. Dr. E. M. Potat, formerly pastor of a church in New Haven, Conn., but who has accepted a pastorate in Philadelphia, held a series of meetings here recently which resulted in much good to the religious life of the college.

On November 15th, Rev. Jno. E. White preached a very interesting sermon here on the topic, "Christian Soldier." We always enjoy Mr. White's sermons, when he favors us with a visit but this one seemed better than any we have ever heard him preach.

On November 3rd, Rev. Tom Dixon delivered his lecture on, "The Destiny of America," to a very attentive audience in the large chapel. For an hour and fifty minutes he pictured to us the glory of our nation's past history, the American Spanish War and showed us the necessity of a colonial extension policy and predicted our nation's future destiny when we shall not be able to write U. S. A. but United States of the World. Those who have heard Dixon know the value of his lectures.

Much interest is being manifested among the students in the inter collegiate debate between Trinity and Wake Forest which will be held in Raleigh on Thanksgiving evening. The subject of the debate is: Resolve that the colonial policy of the United States should not be aggressive. Affirmative, Trinity. Negative, Wake Forest. In the contest last year we won the question and hope to do the same this year, but if Trinity should come off victorious it will be a tie, and will leave room for another contest.

Camden and Pasquotank have a larger representation here this year than there have had during any one of the past four years. Many of the eastern counties have increased their former number or sent students here for the first time, and we are now able to compete somewhat with the West in number. While this shows that there has been some increase over the past in higher educational interest in the East, still there are hundreds of bright minded young men who ought to spend a year, if no longer, at college, and whose education will never be complete unless they do.

G. B. S.

## From New Zealand

Reefton, New Zealand, Nov. 23, 1896.

I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

E. J. SCANTLEBURY.

For sale by W. W. Griggs & Son.

The United States will establish an island near Luzon as a refuge for lepers in the Philippines.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. Griggs & Son.

## PRESIDENT'S TRIP SOUTH

### WILL PASS THROUGH THIS STATE GOING TO THE ATLANTIC JUBILEE.

The First N. C. Volunteer will Take Part in the Celebration. The President will Make Short Speeches in a few North Carolina Towns.

Special from Washington, D. C., says: Second only to the interest manifested in the convening of Congress and the work of that body at the last session of its life, is the interest shown in the Southern trip arranged for the President during December. The action of the City Council of Savannah, Ga., refusing to extend official courtesies, has caused no little comment, but notwithstanding the seemingly rude treatment the President has received at their hands he is going to accept the invitation of the business men of the city, and will visit that city just after the Peace Jubilee in Atlanta. Of course the prime object of his trip South is to display himself as an impartial Chief Executive, for since his distribution of favor in Pennsylvania and in Nebraska, it has been certain that the first Southern city that extended to him its hospitality would be favored with his presence.

The First North Carolina volunteer infantry will be a part of the great military parade that is proposed for Savannah's welcome to the President, and will therefore be reviewed by him. It is possible that General Lee will see fit to assign some North Carolina officer to the delegations from the Seventh Army Corps that will act as the President's escort. This is considered probable as it is said here that each State represented among the volunteer troops at Savannah, will be given some position of prominence. The reason for this is openly admitted to be political.

Though the President's itinerary has not yet been announced, and will not be until early in December, it has been practically decided that he will leave Washington via the Southern railway, Tuesday, December 13th, and will pass through Charlotte, Salisbury, Concord, Greensboro and Reidsville, North Carolina. At these points the train will make short stops, and it is not improbable that a brief stop will be made at High Point. An official at the White House said last night that the President would leave Washington at 10:15 at night, and the trip through North Carolina would be made during the early morning. This, he said, is the present plan, though it is said by an Atlantic here that a special Presidential train will be run, and that the schedule will be arranged as far as possible to suit the wish of Mr. McKinley.

If the President carries out the same policy on his Southern tour that he did in the West, and if he makes the trip through North Carolina during the day, he will make short speeches at the different stations where the train stops; that is, of course, if the people express a desire to hear him.

Fifty Years Ago. This is the stamp that the letter bore, which carried the story far and wide, of certain care for the loathsome sore that bubbled up from the tainted tide of the blood below. And 'twas Ayer's name and his sarsaparilla, that all now know. That was just beginning its flight of fame with its cures of 50 years ago.

**Ayer's Sarsaparilla** is the original sarsaparilla. It has behind it a record for cures unequalled by any blood purifying compound. It is the only sarsaparilla honored by a medal at the World's Fair of 1893. Others imitate the remedy; they can't imitate the record.
