He has 2000 or 3000 colonials holding a fine defensive country, but he is apparently invested, so far as London knows. Telegraph and railroad communication with Bloemfontein are kept up, as usual, but nothing comes through for public consumption. Lord Roberts' last message was dated April 6th and the last unofficial message bore date of April 7th. The absence of news as usual disheartens the people and produces an altogether discouraging effect. The last unofficial message notes that good spirits at Bloemfontein are continuing and tells of the arrival of animals and two fresh cavalry regiments. Lord Roberts has now fifteen thousand mounted

men altogether. In the Orange Free State the situation is complex, with scanty material for forming a correct estimate of the situation.

Washington, April 9.- The difficulty in numerous "patriots" were expelled securing a sufficient number of sailors to man the new battleships and other naval craft which are being turned out by our ship builders, has led to the renewal in some quarters of the suggestion that some A large body of police preserved or- of the larger vessels of Admiral Watson's squadron be withdrawn from the Philippines to make up the complements of the make a nomination. It is stated at the Navy Department, however, that no action in that direction has been determined upon, and in view of the expected arrival on the Asiatic station within a fortnight of Admirals Remey and Kempff, and the ensuing division of the naval force on the station into two squadrons, it is not contemplated

that any change will be made, The Navy Department officials realize that for the purposes for which the navy is now employed in the Philippines small light draft gunboats are more valuable than big battleships and monitors, with their numerous crews. Still conditions in the East are so unsettled as to make a withdrawal of any portion of the large United States force doubtful at this time, in view of the possibility of wholesale demands for protection of American interests from points on the mainland of Asia. This possibly has influenced the Navy Department in the disposition of the ships in the East, though it is also possible that Admiral Watson himself has seen fit to give the necessary orders without instructions from Washington. It has been arranged that an American warship will be at hand for some time to come at no less than three properly distributed points on the mainland, which will serve as stations of refuge in case they are need- | Milwaukee being quarantined. ed. #### Richmond Primary Election.

Special to The Landmark. Richmond, Va., April 10.-The municipal primary here to-day was one of the largest in recent years. There were probably 10,000 votes polled. Up to midnight the returns from only about half a dozen precincts out of twenty-four had been received at headquarters. The count will hardly be completed before to-morrow evening. The indications are that all of the incumbents of the general offices have regarded as in serious doubt is that for City Sergeant, in which H. Claiborne Eppes was opposed by ex-Sergeant J. C. Smith. The vote seems very close. Precincts thus far heard from are favorable to him, but it is believed the larger wards up town will pull Eppes through safely. Auditor Warren, Clerk Saville, of the Chancery Court; Clerk Christian, of the Hustings Court, and High Constable Garrison seem practi-

Naples, April 10.-The Boer peace commissioners, Messrs. Fischer, Welmaraans and Wessels, arrived here today and were welcomed by Mr. Muller, the representative of the Orange Free State, and Mr. Van Boeschoten, the secretary of the Transvaal legation at Brussels. They will remain here for some days. Messrs. Muller and Van Boeschoten went on board the Kaiser and had a long conference with the envoys. It is asserted by passengers that the peace commissioners are empowered to open negotiations for an acceptable peace or for a truce, with a view to subsequent negotiations.

The steamer also had a heavy starboard list and will be detained several days repairing.

### . TO UNSEAT CLARK.

TITLED TO HIS SEAT

As Senator from Montana-The Senate Committee on Privileges and Elections Decide by a Unanimous Vote Against Him-The Outlay of Moncy in Past Elections in Montana.

Washington, April 10 .- The Senate Committee on Privileges and Elections to-day decided by a unanimous vote to recommend the adoption of a resolution declaring that the Hon. W. A. Clark, of Montana, is not entitled to occupy his seat as a Senator from Montana.

This decision followed a two hours' session, at which the members spoke at effect that he intended to withdraw his length on the question. Senator Harris, candidacy for the Presidency, was all a of Kansas, said that whatever Mr. mistake, that he had never given any one Clark's offenses, they were but little worse than the methods pursued by Congressman Campbell and ex-State Senator Whiteside in their efforts to expose the Senator, and he insisted that if the report was to be antagonistic to Mr. Clark. it should at the same time relate in full detail the course pursued by the two principal witnesses against him.

Senator Pettus practically agreed with Mr. Harris. The consensus of opinion of the committee was that the cumulative character of the testimony should be considered rather than any one especial fea-

Senators Chandler and Turley were dito be presented at an early day. There were many expressions in the committee favorable to Senator Clark from a personal point of view and more than one Senator gave utterances to doubts as to whether he had actual personal part in knowledge of the expenditure. Others expressed the opinion that the Senator was in a certain sense the victim of environment and of habit. The outlay of money in past elections in Montany was dwelt upon as one of the explanations of the liberal expenditure in

this case. Senator Turley was among the Senators who vigorously dissented from the view that Mr. Clark could have been uninformed of the use of money to promote his

Senator Clark was at the Capitol when the announcement of the action of the committee became known. He was surprised at the result, but refused to make a statement until after consultation with his friends and attorneys. He bore himself with his usual composure.

His son, who was his chief representative in his Senatorial campaign, received the following to-day: "Washington, D. C .- To W. C. Clark: Report of committee will be adverse. Don't let this worry you. I will be

vindicated either here or in Montana. "W. A. CLARK." Some of Mr. Clark's friends here predict that he will resign and return to Montana for vindication.

TROUBLE THREATENED.

Washington, April 10.-It would be not surprising in the view of some of the officials here if the recent action of Nicaraguan filibusters in landing on the Isthmus should result in involving at least three of the Central American republics in difficulties. Reports received here have indicated that trouble was brewing in Colombia for some time past, and there have been frequent rumors of the intention of Nicaragua to attack Costa Rica. It appears that the Nicaraguans have now actually made a landing, though it is not clear whether their movement is directed against Nicaragua or Costa Rica. The point where the party landed is on the Pacific side of the Isthmus, and the party made its way to a place named David, near the boundary line between Costa Rica and Colombia, but within the lines of the tract of territory claimed by both nations. The Government of Colombia has taken steps to send a force against the filibusters, assuming that they are on Colombian soil, and it is possible that the Government of Costa Rica will do likewise. In that case there may be complications. Meanwhile to look after American interests in case of trouble, the cruiser Detroit has gone into the Gulf of Chiriqui, which is on the Gulf side, but is the nearest port of access to David.

THE CARTER CONSPIRATORS.

New York, April 10.-Contrary to the opinion which has prevailed that Benjamin D. Greene, Colonel John F. Gaycounty, is the only candidate, all the nor, E. H. Gaynor and W. T. Gaynor, indicted for conspiracy and embezzle ment in the Carter case, would be discharged from custody on account of the refusal of Judge Brown in the United States Court to grant an order removing them to Georgia for trial, it was said to-day that Judge Brown may hold the indicted men until additional evidence is taken before a United States commissioner. Judge Brown refused to grant the order last Wednesday on the ground that there was a lack of evi-

dence to prove the indictment. The authority for this statement as to the future conduct of the case said that the outcome depended entirely upon the action of the Georgia District Attorney, who is directing the proceedings. He is empowered to request the court to hold those indicted until additional evidence be taken or he may secure a new indictment, have the prisoners discharged, re-arrested and tried on the new bill.

# INVADING COLOMBIA.;

The Movement is Under the Leader-Micaragua.

Washington, April 11.-In regard to the revolutionary expedition under command of General Herrara, which issued from Nicaragua, sailed down the western coast of Costa Rica and landed at David, a point on the Pacific side of the strip of Colombian territory which forms the Isthmus of Panama, both Senor Calderon, the Colombian Minister, and Senor Calvo, the Costa Rican Minister, agree upon the fact that the movement was not made as a means of attacking Costa Rica on the south, as was assumed, but rather that the inva-

sion is directed against Colombia. The fact that the invading band sailed down to David in a boat loaned by the government of Nicaragua, the Momotombo, is regarded as significant, particularly as the boat was returned to that government after the landing of the expedition. Senor Calderon has heard nothing of the invaders since their appearance on Colombian soil, but quirement of the entire Isthmus. General Herrara, the leader of the invading force, according to Senor Calderon was formerly musician in one of Colombia's military bands, who left that

Birmingham, Ala., April 11.-The first positive information as to the probable action of General Joe Wheeler, regarding his seat in Congress, was made public today in a letter received by William Bunting, of the Florence, Ala., Herald, from the General, dated at Washington on the 9th instant, which reads as follows:

William Bunting, Florence, Ala.; My Dear Sir:-When W. J. Quemados is the present headquarters of the Department of Pinar del Rio and is the site of the camp where | Stencils and the major part of the American garrison is quartered. THE STORAGE OF CONTRABAND

the Treasury has received a report from the special agent who has conducted the investigation of the reported use of the custom house at Charleston, S. C., for the storage of contraband liquors for illicit sales. The search of the building by the inspector and a number of assistants resulted in the finding of a cask containing about fifteen gallons of rum, and thirtynine ten-gallon kegs, from which the II- Third National Bank, C. Morto Stewquor had recently been taken. The rum was found in the basement and the empty kegs in the attic. A number of officers and employes of the custom house were asked for an explanation of the finding of the liquor, but all disclaimed having any knowledge concerning it except one of the night watchmen, who admitted having allowed some of his friends to keep the liquor there. Other testimony disclosed information which leads the officers making the investigation to believe that the liquor belonged to a certain individual in Charleston who has a wholesale liquor dealer's license. The conclusion of the officials is that a certain deputy collector is responsible for the storing of liquors in the custom house, and that several employes had full knowledge of it. The report is accompanied by copies of the testimony taken. The Treasury officials have taken no action in regard to the matter, but there seems to be no doubt that the guilty parties will be immediately brought
