They assert that Vice-Admiral Seymour's command lacked unison, the foreigners

Va., June 27 .- The third session of the Capon Springs Conference on Education in the South was opened to-day in the presence of a distinguished audience of Northern and Southern educators, and other public spirited men and women, among whom were President W. L. Wilson, of Washington and Lee University; Colonel C. E. Vawter, of the Miller Industrial School; Professor and Mrs. A. H. Tuttle, of the University of Virginia; Hon. J. L. M. Curry, of Washington; R. Felton Cutting, E.

H. Wheeler, of New York, and Herbert Welsh, of Philadelphia. An important report was made by the field agent of the conference on changing conditions and changed requirements of educational works in the South. This report emphasized the fact that interest in education is rapidly increasing throughout the South, and cited instances showing that in parts of Georgia, North Carolina and other States vast improvements have been made by superintendents who have studied local conditions and adapted to them the latest modern methods. The keenest interest is shown by the officials to learn the conditions under which the Ministers left Pekin. The Chinese Minister's dispatch was ominously silent on that point, and alexistence of a state of war, it is gen-

REAFFIRMED THE CHICAGO PLATFORM.

Little Rock, Ark., June 27.-When the Democratic State Convention reassembled to-day, the report of the committee on platform and resolutions submitted by Congressman T. C. McRae, was adopted. The platform reaffirmed the Chicago declaration of 1896, favors strict observance of the Monroe doctrine, declared for government construction and ownership of the Nicaraguan canal; denounces trusts; condemns the "death dealing policy of the Republican administration in the Philippines, and demands national legislation against trusts. Former Governor James P. Clark was selected nation-

The Russians are reported to have been shooting the Chinese indiscriminately and driving away the peaceful Chinese, who would have procured transportation and provisions, and of looting the town.

A great naval demonstration at all the treaty ports is also said to be desirable, in order to influence the wavering Chinese merchants who are friendly to foreigners.

The masses are becoming excited at the reports of their countrymen's success against the powers. Merchant men arriving here report that the Boxers are drilling in the streets of New Chwang, and that when the officials inspected the soldiers with the view of suppressing the Boxers, they found the soldiers had sold their rifles and equipments to the Boxers.

The military school at Moukden is reported to have been destroyed.

The British consul at Foo Chow is asking for warships. The arrival of the British first class cruiser Terrible and two Japanese cruisers at Che Foo today, relieved the strained situation. Two Chinese forts, equipped with ism. Krupp guns, command the foreign city. The only protection was the United

States gunboat Yorktown with 150 sailors. As an outbreak was reported last night, the sailors slept on their arms, and the foreigners prepared to take

refuge on the ships. Commander E. D. Taussig, of the Forktown, requested the commander of the forts to cease his disquieting manoeuvres with cannon, and notified him that if Chinese troops were sent to the city ostensibly to repress the Boxers, Americans would be landed.
