Good News For Our Readers.

Who have scrofula taints in their blood, and who has not? Scrofula in all its forms is cured by Hood's Sarsaparilla which thoroughly purifies the blood.

This disease, which frequently appears in children, is greatly to be dreaded. It is most likely to affect the glands of neck, which become enlarged, eruptions appear on the head and face, and the eyes are frequently affected. Upon its first appearance, perhaps in slight eruptions or pimples, scrofula should be entirely eradicated from the system by a thorough course of Hood's Sarsaparilla to prevent all the painful and sickening consequences of running scrofula sores which drain the system, sap the strength and make existence utterly wretched.

Some benevolent friends of Littleton Female College have made it possible for us to take a few bright, dependent orphans at a cost to them of \$50 for the scholastic year for board, laundry and full literary tuition. For particulars address J. M. Rhodes, Littleton, N. C.

ELIZABETH CITY.

This city has made the most wonderful strides in progress and expansion of any place of our acquaintance in the State.

In eight years, it has doubled its population, thrived its territory and quadrupled its wealth and resources, while the hospitality of its people leads the State. We have always had a warm spot in our heart for the old city ever since our first acquaintance about a quarter of a century back but on this visit being the first in eight years, its rapid progress, thrift and enterprise just captivated us and we were loth to leave it. Hereafter when we get in a malagrubic mood we shall visit "Betsy."—Pamlico Enterprise.

THEY HATE SIMMONS.

(Henderson Herald)
The Republicans and their allies hate F. M. Simmons with a bitterness such as they only can feel and have heaped upon him their vile abuse. It is solely because he is the chosen leader of the white men of N. Carolina and has been true to them under all circumstances and has had the sagacity and boldness to expose the enemies of his race and State.

Isn't this good and sufficient reason why the Democrats and white men of North Carolina should elect him United States Senator? We think so.

MUMFORD AND ROSEDALE.

Mr. W. A. Carver has returned from Berkeley, Va. and expects to remain here with his mother awhile.

R. T. Bell, of E. City, opened school at Gum Grove Academy this week.

Miss Estelle Crowson and Mr. Percy Ward, of South Mills, spent Sunday at the home of Miss Margaret Hinton.

MR. SIMMONS' WORK.

[Waynesville Courier.]
Mr. Simmons is giving his attention to the Democratic party and its business while other senatorial candidates are free to look after their race. Let the friends of Mr. Simmons be active in his behalf and show that he is appreciated for what he has unselfishly done for his State.

The best that money can buy should be your aim in choosing a medicine, and this is Hood's Sarsaparilla. It cures when others fail.

You have read of the cures by Hood's Sarsaparilla, and you should have perfect confidence in its merit. It will do you good.

This is What They Say.
Those who take Hood's Sarsaparilla for scrofula, eczema, eruption, rheumatism or dyspepsia, say it cures promptly and permanently, even after all other preparations fail. You may take this medicine with the utmost confidence that it will do you good. What it has done for others you have every reason to believe it will do for you.

Can You Tell Why.

You have constant headaches, are nervous and sleepless at night and feel tired in the morning? Your blood isn't carrying the right materials to your nerves and other organs. Begin taking Hood's Sarsaparilla, the great blood enricher, and you will soon realize a change. You will feel better and stronger, will relish your food and enjoy refreshing sleep.

Nausea, indigestion are cured by Hood's Pills.

To Cure a Cold in One Day Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Groves's signature is on each box. 25 cents.

A CALL TO THE CLUBS

The State Association of Democratic Clubs was organized in Raleigh on September 26th. A permanent organization was made by electing a President, Secretary, one Vice-President from each Congressional district and an Executive Committee of five members.

Eleven delegates, one from district and two representing the States-at-large were elected to represent the Association at Indianapolis at the National Convention of Clubs. Eleven alternate delegates were also elected.

The organization, in its working force, has representatives in all parts of the State. The object of the Association is to assist in giving Bryan and Stevenson the electoral vote of North Carolina, and to help elect nine Democratic Congressmen from this State. To this end, all patriotic citizens are cordially invited to co-operate. The platform and principles of the Association are found in the platform of the Democratic party promulgated at Kansas City. The Clubs have no candidates other than those named by the Democratic conventions.

This Association is organized for effective campaign work. The Executive Committee of the Association directs that an urgent appeal be made to the various County and Township Executive Committees to proceed at once to organize Clubs in each township in the State. The very large number of White Supremacy Clubs organized in the late campaign can be easily organized into party clubs. To this end, it is urged that the various County Chairmen will at once proceed to appoint suitable organizers in their counties, who will enter actively in the work. It is recommended that the sub-electors of each county be appointed when practicable. Most efficient aid can also be had of the late club organizers.

The County Chairman are requested to call a meeting in each township in their various counties on **SATURDAY, 13th of OCTOBER**, for the purpose of the purpose of organizing a Club. It is also urged that at each speaking by candidates for other Democrats a club be formed. Do not let an opportunity pass to organize. These Clubs are a part of the party machinery. They are subject to the party authority. The two main purposes for which they are to be formed are to distribute literature and to bring out a full vote. It is presumed that the last campaign secured a full registration. As soon as a Club is formed send the names of the officers to HON. F. M. SIMMONS, Chairman, Raleigh N. C. Also send a list of the officers to MAX THOMSEN, New York City, N. Y.

Let each Club appoint an active committee to secure the attendance of voters at the polls. A full vote will give the Democratic party 50,000 majority. The issues involved are momentous vital and far reaching. Our free institutions are endangered by a colonial policy abroad and by aggregation of wealth at home. Let North Carolina make a firm stand against both.

The State Association adopted as its emblem a button containing a picture of that great tribune of the plain people, Wm J. Bryan, upon a field of silver encircled by these burning words from his great speech of acceptance: "The Man rather than the Dollar!" In this sentence is contained the true theory of government.

FRANCIS WINSTON,
CHAIRMAN.

E. B. LEWIS,
Secretary.
