

A Little Thing.

"It is a little thing to speak a phrase of common comfort which by daily use has almost lost its sense; yet on the ear of him who thinks to die unmourned it will fall like choicest music." It is a simple thing to suffer ordinary pain; but when it comes by day and night with neuralgia's cruel hurt, there's nothing better to cure it than St. Jacobs Oil, which, penetrating to every part that aches, lessens the pain and leaves a perfect cure behind it. It's a little thing to do, but the comfort of relief from such distress will make one feel the happier hours of life.

A waste of time is about as bad as a waste of money.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

Hattie Well and Happy

Used to Suffer From Impure Blood and Eruptions

Hattie Dancer
Lawrence Station, N. J.

"Hood's Sarsaparilla cured my child of impure blood and eruptions on the head. She would scratch her head so that it would bleed. The sores spread behind her ears, and the poor child suffered terribly. I doctored her the best I knew how but the sores did not get any better. But thanks to Hood's Sarsaparilla and Hood's Olive Ointment, she is now well as any of the children. She is as large and healthy as any child five years old. This is all the medicine we take, for I do not think there is any better."

WORDS OF WISDOM.

Folly is soon learned. Lack of desire is one of the greatest riches.

A waste of time is about as bad as a waste of money.

Every addition to true knowledge is an addition to human power.

We are not made rich only by what we can get, but also by what we can't lose.

A propensity to hope and joy is real riches, one to fear and sorrow real poverty.

It is hard to be grateful to the man who fights your battles for you, and gets licked.

When it comes to some visionary and dangerous projects, nothing succeeds like failure.

No man's dearest friend talks about him behind his back in a way that is entirely satisfactory.

As a man grows old, he begins to look upon wretchedness in young folks as a sort of ingratitude.

Look up, and not down; look forward, and not back; look out, and not in, and then lend a hand.

One reason why troubles can't last always is that the people who have them can't last always to bear them.

The many occupations that are opened to woman will make it more difficult for a worthless man to get a wife.—The South-West.

The Ruined Panama Canal.

If that often mentioned New Zealander of Macaulay's imagination is tired waiting for the chance to sketch the ruins of St. Paul's from a broken arch of the London Bridge, he might find diversion in a visit to the Isthmus of Panama. He can see there the mask of wealth and the ruin of the works of man to such an extent as may at least whet his appetite for the feast which the English historian suggested might be his. He will see there nature in the act of undoing the labors of man. The great scare on the isthmus is rapidly healing. Piles of excavated material are washing back into the channel. The wharves are falling into the water. Acres of machinery are rusting into dissolution. On the isthmus are nearly 1000 miles of steel track with locomotives and thousands of dump cars, now half hidden in the tropical growth. Seventy-six great steam shovels stand side by side in the excavation, buried in the luxuriant vegetation, so that only the gaunt arms stand up above the green. What a picture is that to emphasize the impotency of man in his struggles with nature! Whatever he may appropriate for his own use, and whatever form he may give to what he takes, nature will set to work to repossess it some time. Her slow processes will reclaim it all unless man maintains a constant warfare to keep it. Of all the unnumbered millions of dollars which have been expended on the Panama Canal, it is said ninety per cent. is going to waste, and will be utterly lost unless the work on the vast enterprise is resumed actively. Some of the machinery has been abandoned where last used, and where it is now rotting or rusting its usefulness away.—Omaha Bee.

The Japanese dining table is the floor. The guests squat on their heels, the waitress in her white-stockinged feet in the midst of the circle to hand the dishes to those who wish them.

Do You Wish the Finest Bread and Cake?

It is conceded that the Royal Baking Powder is the purest and strongest of all the baking powders.

The purest baking powder makes the finest, sweetest, most delicious food. The strongest baking powder makes the lightest food.

That baking powder which is both purest and strongest makes the most digestible and wholesome food.

Why should not every housekeeper avail herself of the baking powder which will give her the best food with the least trouble?

Avoid all baking powders sold with a gift or prize, or at a lower price than the Royal, as they invariably contain alum, lime or sulphuric acid, and render the food unwholesome.

Certain protection from alum baking powders can be had by declining to accept any substitute for the Royal, which is absolutely pure.

Great Season.

Two professional trappers reported in Prescott, Ariz., lately, that they last year scored a record of forty mountain lions. They brought in with them this trip about 100 tanned lynx skins, besides several wildcat skins, beaver skins, wolf skins, etc., which they have sold for rugs. They use Swedish bloodhounds in hunting.

Brains.

The brain of the adult male will average about 50 ounces in weight; that of the adult female about 45 ounces. The maximum weight of the healthy brain is about 64 ounces; the minimum about 31.
