

WALTER BAKER & CO.

The Largest Manufacturers of
**PURE, HIGH GRADE
COCOAS AND CHOCOLATES**

On this Continent, have received
HIGHEST AWARDS
from the great

**Industrial and Food
EXPOSITIONS
In Europe and America.**

Unlike the Dutch Process, no Alkali-
like other Chemicals or Dyes are
used in any of their preparations.
Their delicious BREAKFAST COCOA is absolutely
pure and soluble, and costs less than one cent a cup.

SOLD BY GROCERS EVERYWHERE.

WALTER BAKER & CO. DORCHESTER, MASS.

We would not have expended
HUNDREDS OF THOUSANDS OF DOLLARS
doing galvanizing, for which we made no extra charge, had
there not been merit in it. Galvanizing consists in coating the
strong but most perishable (in thin sheets) metal, steel, with
the almost indestructible (even when very thin) metals, zinc
and aluminum. If there were not great merit in galvanizing,
no one would pay 1/4 more for galvanized barbed wire or sheet
iron than ungalvanized costs. If we were making painted
windmills to-day, we should furnish an

8 Ft. for \$15

That is a good price for an 8-foot painted windmill.
WE BUILD FOR THE AGES. WE WOULD NOT SELL
YOU A POOR, PAINTED WHEEL, NOR ONE MADE OF
METAL GALVANIZED BEFORE BEING PUT TOGETHER, IF
YOU WOULD PAY ITS DOUBLE PRICE FOR IT. We build
the best we know, and knowing that painted thin sheets are
practically worthless, we have nothing to do with them. The
enormous cost of preparing to do galvanizing, and of doing it
well on a large scale, deters others. SOME VERY GALVANIZED
SHEETS AND PUNCH AND SHEAR AND MAKE THEM UP
AFTERWARD WHEELS OR ANS. SHEETS OF GALVANIZED
SHEETS RUST OUT FIRST AROUND THE RIVETS, JOINTS,
AND EDGES, AND ARE, THEREFORE, NOT SO GOOD AS
PAINTED ONES. How any concern can get our prices for
painted windmills and painted towers, or those made up of
galvanized material, cut, shored and punched after the gal-
vanizing is done, can only be explained by the fact that people
who buy them are ignorant of the value of galvanizing. We
now galvanize everything after it is completed, even bolts and
nuts. We galvanize with the most improved processes and in
the most perfect known and attainable manner.

The process: When a section of an Aermotor Wheel is all
riveted up, completed and cleaned of rust and impurities, it is
immersed in melted zinc and aluminum and left
there until it becomes
until every crack,
and opening of every
closed up and satis-
fies metal, and

AFTER DINNER.

Big dinner last night?
It was, indeed.
Plenty to drink, too?
Well, I should say so.
Headache in consequence?
Oh, no.
How do you manage it?

Ripans-Tabule.

Will that do it?
Every time.

The railways in Iowa represent, on their mileage in that State alone, an investment of \$317,619,000. Of this amount \$149,494,000 is in capital stock, which is held by 31,521 stockholders, of whom only 613 reside in Iowa, and whose holdings aggregate \$7,838,000.

Alabama sustained serious loss in her coal output last year, fifteen per cent. in quantity and twenty per cent. in value, coal having fallen in that State from ninety-nine to ninety-one cents. This loss represented nearly \$1,115,000. Georgia also was short about 350,000 tons.

At the close of the year 1910, there were only 163 horses in Australia; now there are more than 100,000,000, and they are increasing at the rate of 30,000 per annum. Eighty per cent. of these are saddle and light harness horses; the remainder are thoroughbred, draught and ponies.

Brown University has officially adopted academic gowns for its graduate students and the members of the faculty. The hood for a Doctor of Divinity is brown, lined with white; that for a Doctor of Laws is entirely of brown. The exterior of all other hoods is black, and the interior brown, except, as noted, in the case of the D. D. hood.

The woman movement is advancing with rapid strides in Germany, notes the Chicago Herald. It is about to have a paper all to itself which will be known as the Frauenbewegung. There will be summaries of native and foreign writings on the woman question, sketches from life, interviews with persons who are furthering the cause and translations from foreign journals.

In an article in the Arena on "The Sweating System in Philadelphia," written by Rev. Frank M. Goodchild, the author says: "One man was asked to repair the roof over his workmen. It was giving them rheumatism, asthma and consumption. He said: 'Men are cheaper than shingles; no sooner does one drop out than a dozen are ready to take his place.' We do not intend to dwell upon the brutality of this expression, comments the American Non-Conformist. The man simply said what many others think and do not say. Or if they don't think it, they act upon this theory. The question for us is simply: Is it true that men are really cheaper than shingles? Alas, it is true! Shingles cost money, men do not. Men can be had for nothing. If a workman dies it does not cost his employer a single cent to put another one in his place. During times of slavery that was different. A man had to be bought. Economically speaking, free labor is cheaper than slave labor. The slave has to be maintained whether he is working or not; the free laborer gets nothing unless he is at work. The slave represented a capital invested which had to be taken care of; the free laborer represents nothing. In our age an industry cannot be developed with slave labor. It is too dear. It recently happened in one of the counties of our State that a woman whose husband was, with his horse, killed by a railroad train recovered ten cents damages for her husband and \$50 for the horse. Probably because men are cheaper than shingles.

The copper production of the world for 1894 was 330,500 tons.

Pure Blood

Is absolutely necessary in order to have good health. The greatest affliction of the human race is impure blood.

There are about 2100 disorders incident to the human frame, the large majority arising from the impure or poisonous condition of the blood.

The best remedy for all blood diseases is found in Hood's Sarsaparilla.

Its remarkable cures are its loudest praise. It is not what we say but what Hood's Sarsaparilla does that tells the story.

No remedy has ever had so marked success, or won such enormous sales.

Scrofula in its severest forms yields to its potent powers, blood poisoning and salt rheum and many other diseases are permanently cured by it. For a general Spring Medicine to remove those impurities which have accumulated during the winter, or to overcome That Tired Feeling, nothing equals

"I wish to say that 8 years ago we had a beautiful boy born to us. At the age of 11 months he breathed his last, a victim to impure blood. On Aug. 4, 1891, another boy was born, who at the age of two months became afflicted with the same disease. We believe the trouble was constitutional, and not common sore mouth. I procured a bottle of Hood's Sarsaparilla and commenced to give it regularly to both mother and baby. Improvement began at once. We have succeeded in eradicating the scrofulous blood from the system, and to-day we are blessed with a nice, fat baby boy, 18 months old—the very

Picture of Health,
all life and full of mischief—thanks to Hood's Sarsaparilla. I am a minister in the Methodist Protestant Church, and it affords me much pleasure to recommend Hood's Sarsaparilla to all as a safe, sure remedy. Even my wife, after taking Hood's, became healthy and fleshy and has the bloom of girlhood again." Rev. J. M. PATR, Brookline Station, Missouri.

HOOD'S Sarsaparilla

Salvationists in Finland.
The Salvation army in Finland now consists of eighteen corps, fifty-four officers, and eighty-seven under-officers. The soldiers and recruits number upward of 5,000.

When shad first made their appearance in California they were worth \$1.20 per pound.

Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c. a bottle.

Who keeps no chickens isn't worried when he sees a hawk.

Karl's Clover Root, the great blood purifier, gives freshness and clearness to the complexion and cures constipation, 25 cts., 50 cts., 1.25.

He who is just does not need to study logic of law.

If afflicted with sore eyes use Dr. Isaac Thompson's Eye-water. Druggists sell at 25c per bottle.

A word in the head is worth two in the mouth.

The Greatest Medical Discovery of the Age. KENNEDY'S Medical Discovery.

DONALD KENNEDY, OF ROXBURY, MASS.,
Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common pimple. Send for Book.
Manistee, Mich., Feb. 14, 1895.

Dr. Kennedy,
Dear Sir:
I am the little boy you sent the Discovery to about six weeks ago. I used two bottles and also the salve. When I began to use the medicine my sores were as large as a quarter of a dollar, and now they are as large as a ten cent piece and I feel much better. Mamma and I feel very thankful to you. I shall write again and tell you how I am getting along.
I remain your little friend,
ANDREW POMEROY,
88 Lake Street.

Babies and Children

thrive on Scott's Emulsion when all the rest of their food seems to go to waste. Thin Babies and Weak Children grow strong, plump and healthy by taking it.

Scott's Emulsion

overcomes inherited weakness and all the tendencies toward Emaciation or Consumption. Thin, weak babies and growing children and all persons suffering from Loss of Flesh, Weak Lungs, Chronic Coughs, and Wasting Diseases will receive untold benefits from this great nourishment. The formula for making Scott's Emulsion has been endorsed by the medical world for twenty years. No secret about it.
Send for pamphlet on Scott's Emulsion. FREE.

Scott & Bowne, N. Y. All Druggists. 50 cents and \$1.

HAVE YOU FIVE OR MORE COWS?

If so a "Baby" Cream Separator will earn its cost for you every year. Why continue an inferior system another year at so great a loss? Dairying is now the only profitable feature of Agriculture. Properly conducted it always pays well, and must pay you. You need a Separator, and you need the BEST—the "Baby." All styles and capacities. Prices, \$75. upward. Send for new 1895 Catalogue.
