The buds are shooting and the trees will soon begin to leave.

The remains of Rev. O. C. Horton were taken to E. City, this week for interment, he having died at his post of duty, in Durham, N. C.

A Christian Endeavor Society was organized at the public school house Tuesday evening. The officer elected are, B. Fletcher, President; N. Tarkeston, vice-President; C. H. Horton, Recording Secretary; E. Conner, Treasurer. The purpose of these Societies are to put the young people to work and to drill them in the work of the Church. Much lasting good has been accomplished by these Societies wherever they have been organized and we may look for and expect great things from the one organized Tuesday evening.

The Primaries meet next Saturday to send delegates to the County Convention, which in turn sends delegates to the State Convention. It is all important that all Democrats in the county should turn out in full force and attend the primaries and take part in the proceedings and see to it that proper delegates to the County Convention. Don't stay at home thinking that everything will be alright. The fellows that stay at home are the ones that do the most grumbling and have the most to say about what is or has been done.

Candidates for the various county offices are numerous. For the office of Sheriff there are three names. They are Mr. W. R. Brothers, J. P. Thompson, and Mr. Welch, who represented the county in the last General Assembly. We see no reason why either of these gentlemen would not fill the office with dignity and honor and serve the people well. We favor the nomination of either one of these gentlemen, believing as we do that either of them will do their duty, and we shall do what we can to elect the ticket that is named by the Convention.

Seldom do we see the good traits and noble deeds of men brought out with much prominence. Very recently we have told of one very good deed done by a citizen of Perquimans county. We have reference to Mr. Elihu White, who passed to his reward some weeks ago. A few days before the end came he made his last will and testament, and in this document he made provisions for those who loved him, by giving them four years to settle the same. This is a rare exception and something that we don't see in a century. We speak of this to show that the poor whom he was ever ready to help and did help have lost a true friend. "A friend in need is a friend indeed," says an old proverb, and verily it is true.

We favor the remark made by one of our best citizens upon hearing that the prisoners in jail had made their escape. He said, that as we were at out to make a change in the Constitution it would be well to insert a clause looking to the re-establishment of the whipping-post. Some will say that the whipping-post is brutal, but it will do more to lessen crime than all the penalties put together. The person that will steal does not care how much or how often he is put in jail, but he would soon care when he knew he would get thirty-nine lashes on his bare back, besides lessening crime it would save dollars to the State and counties, whereas large sum of money is spent to feed and care for the criminal not counting court and other costs.
