Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new issue on life." Only 50 cents at Hoskins' Drug Store. Every bottle guaranteed.

A week has passed since the election and the news has gone out far and near telling who the successful candidates are. We of North Carolina are justly proud of the victory we have won, amid a storm on both sides, the like of which we trust will never occur again. We refer to the Senatorial contest. The primary election has been sufficiently tried in both State and counties and we all agree that we don't any more it. It engenders too much strife among our people and is the cause of much being said that would be left unsaid. We want no more primaries.

**CARR TO SIMMONS.**

Durham, N. C., Nov. 7, 1900.  
"Hon. F. M. Simmons, Raleigh, N. C.,

"Accept my heartiest congratulations. In all your efforts to promote the welfare of North Carolina and Democratic party I pledge my loyal support. "J. S. Carr."

Mr. Simmons acknowledged the receipt of General Carr's telegram as follows:

"Raleigh, N. C., Nov. 7, 1900.  
"General J. S. Carr, Durham, N. C.  
"Accept my thanks for your wire of congratulation. It is my earnest desire that any dissensions in our party may be speedily healed. I trust that the spirit of your telegram may meet a universal response from our party friends and that we may all work together for the success of Democracy and the welfare of the State. Surely nothing shall be left undone on my part to accomplish this much to be desired result.

**"F. M. Simmons."**

**CARR'S MANLY LETTER.**

To the Democrats of North Carolina:  
You have at the ballot box expressed your choice for United States Senator. Your will is my pleasure. I assure you my devotion to the welfare of North Carolina is unabated, and my loyalty to the great Democratic party unshaken. My defeat leaves no bitterness. In the future, as in the past I will be found fighting the battle of Democracy. I am deeply grateful to my many friends throughout the State who have stood so loyally by me. Surely it is the privilege of few to be honored by the support and confidence of so many good and true men. I shall never forget their loyalty, and may heaven's richest blessings abide with them.

May the great Democratic party long triumph as the champion of the people's rights, and the salvation of the State I love. I remain in bonds of Democratic faith and principles.  
Your obedient servant,  
J. S. CARR.

**STATE REFORMATORY.**

Strenuous efforts are being made by the State Reformatory Association in their work of arousing public interest in the movement looking to the establishment of a reformatory for young criminals in North Carolina. At a meeting of the executive committee held last Friday night, it was decided to have printed about 20,000 copies

of a pamphlet setting forth the object of the association and the urgent need of the establishment at the earliest possible time of a reformatory by the Legislature of North Carolina. It will be remembered that Captain C. B. Denson and Hon. John Nichols have been delegated by the association as a committee to prepare a bill to be introduced in the Legislature at its next session providing for an appropriation for the establishment of such a reformatory. And the end which the association hopes to attain in their present efforts is the awakening of a public sentiment which will impel the passage of the bill by the Legislature.—Ex.

During the campaign just closed there were a few things that were brought before the people to show why they should support the Democratic party. One of these things was Trusts, and our people have had some experience of what Trusts are. We have only to remind them of the price of Salt last Spring. Then again the Standard Oil Co., has forced itself into our midst, and but for the Southern Oil Co., managed by Mr. J. K. Rea in this town, oil would come high. A good plan is for our merchants not to buy from the Standard Oil Co. The consumer is the one who does the paying and we ask him to refuse to buy oil controlled by Trusts if he can get it otherwise. Mr. Rea is still in the business and the Southern Oil Co. is not in the clutches of Rockefeller.

**Women as Well as Men Are Made Miserable by Kidney Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

During the past year the Oil development in California has assumed gigantic proportions. Until the entire state has been thoroughly prospected no one can predict what limits they will reach. Nevertheless the rich deposits thus far discovered in the McKittrick district and elsewhere have established beyond a doubt that Oil will take its place foremost amongst the industries affording opportunities for the profitable investment of Capital and a new field for Labor. California is richer in oil than it ever was in gold. Its annual oil output will soon exceed in value its annual gold product. MILIONS OF DOLLARS ARE

Owners Reticent About Giving out Information—Bakersfield to have an Oil Exchange—Increased Activity in Midway.

Los Angeles Herald, Oct. 13th. 1900.

Bakersfield, Oct. 11—From all reports—and they are from the most trustworthy sources—the Dabney Oil company's No. 7 is the largest and most profuse and president gusher in the McKittrick district. "Were I to tell you the exact truth, and what I saw with my own eyes you would not believe me," said W. M. Spencer, general superintendent of the Eldorado company, from whom the Dabney company leased their land. "The oil came boiling over the casing," cautiously continued Mr. Spencer, "like a great head of ar-

tesian water. It was a most amazing sight."

Driller McCay, who thought he had drilled the most productive well for the company, wired to Tim Spellacy that the Gallagher well was going 2000 barrels. McCay would not have sent that message, the boys declare, unless he thought the well was doing that much, for he did not like to have Driller Gallagher get ahead of him.

Wednesday morning the work of perforating the well began. The hole is 505 feet deep with 250 feet of sand. It was full of water and by the time three joints of the casing were punched, up came the water like a charge from a gun, followed by the oil, and thus it goes. The oil is estimated at twenty gravity.

The Dabney No. 5, recently perforated, is also a dandy. Conservative Ed. E. Bush says it will go over one hundred and fifty barrels a day.

The Syndicate Petroleum Co., who have leased the S. W. 1/4 of the N. E. 1/4 of Section 29, on the Eldorado land adjoining the Dabney Co., are also destined to come in for a good share of the wealth of this marvelous district, they are just preparing to start boring on their first well and it is predicted by oil men here who ought to know, that this will prove to be one of the most valuable leaseholds in the county. The location of the adjoining properties seem to make their holding gilt edged.

THE LATEST STRIKE NEAR THE COMPANY'S LAND WHICH HAS HELPED TO Make the District Famous was made by the Kern River Oil Co., whose well No. 1 is producing 3000 bbls. per day.

The Stock of the SYNDICATE PEROLEUM CO. is Payable 2 1/2 c. share on application, 2 1/2 c. in 15 days, 2 1/2 c. in 30 days and 2 1/2 c. in 45 days.
