DR. MARTIN'S UNIVERSAL PURGA TIVE PILLS .- A remedy for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is Costiveness, and that by the timely taking of a Purgative, the system is often restored to its usual health. By such a course, the lives of hundreds are saved, who would otherwise have fallen victims to disease. These PILLS remove all irritating matter in the bowels, and excite the biliary functions to a healthy action. The press is teeming with the recommendations of Purgative Pills, gotten up by men who know nothing of the effects of medicine on the human system, and hence are endangering the lives of thousands, who are daily using them. In offering, therefore, these Pills, we think we are doing a public benefit, as they are the prescription of a regular physician, who has used them in his practice for ten or fifteen years, and with great success.

DR. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA

The most extraordinary Madicine in the World! theaper, pleasanter, and warranted enperior to any sold. It cares without romiting, purging, richening or debili-

tating the Putient. The great beauty and superiosity of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich ood; a power possessed by no other medicine. And In this lies the grand secret of its wonderful success. It has performed within the last two years more than 100,000 pures of severe cases of disease; at least 15,000 were considered inpurable. It has saved the lives of more than 10,000 children the past two seasons in the City of New 10,000 cases of General Debility and want

of Nervous Energy. Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in routh or the excessive indulgence of the passions, and brought on by physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening towards that fatal disease Consumption, can be entirely restored by this pleas-ent remedy. This Sarsaparilla is far superior to any Invigorating Cordial.

As it renews and invigorates the system, gives activity the limbs, and strength to the muscular system in

chitis, Consumption, Liver Complaint, Colds Catarrh, Oanghe, Asthma. Spitting Bland, Sureness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be Spitting Blood. New York April 28, 1847. Da. Townsend .- I verily believe your Sarsaparills

ias been the means, through Providence, of saving my life. I have for several years had a bad Cough. It be came worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a won-derful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has eft me. You can well imagine that I am thankful for these results. Your obedient servant. WM. RUSSELL, 65 Catharine st.

This only one of more than four thousand cases of Rhedmatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weakly eradicated by ith xtraordinary virtues James Cummings, Esq., one of the assistants in the Luna ic Asylum, Blackwell's Island, is the gentleman spoken of

in the following letter. Blackweii's Island, Sept. 14, 1847,
Dr. Townsend-Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than a thousand dollars worth of good, I am so much better indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES CUMMINGS.

Dr. Townsend's Sarsaparilla is a sovereign and speedy Uterl or Falling of the Womb, Costiveness, Piles, Lencorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons of all weakness and bassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring. It has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period. " The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be de-layed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which

Great Blessing to Mothers and Children. It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth.
