CURE OF CONSUMPTION, NEURAL-GIA, PAIN IN THE SIDE &c.

BALTIMORE, May 1, 1852. MESSES, MORTIMER & MOWDRAY; -Gentlemen-It is with pleasure I can testify to the Breathealing powers of Hampron's Vegetable City N. C. opposite the Residence of tem has been prostrated or shattered from any years, laboring under a constant hacking Cough, with a most violent Pain in the right Side, Neuralgia of the head, and Dimness of sight; very little rest day or night, and much emaciation, and to all appearances a rapid Consumption inevitable. We had the most eminent physician in Annapolis, but his medicine did not give her any relief at all, but growing worse if any change in the least; and after having read one of your pamphlets, in July last, she concluded to try HAMPron's VEGETABLE TINCTURE, and after taking but two buttles of which (under a kind Providence) we perceived a great change for the better; her appetite improved, her skin became quite clear, coughs, pains, neuralgia, &c., entirely left her, and by the time she had taken a few bottles more she was completely cured, and is now in the enjoyment of most excellent heath.

I have seen also its beneficial effects on several

ther ladies of Annapolis, and I think I can say from what I have seen of the medicine, I do not believe its Curative Powers can be equalled. A sense of duty to the afflicted has induced me t drop these few lines for their benefit. EDWARD SANDS, Respectfully,

MR J. E. Bouss -- Dear Sir: I feel it a duty to make known the benefits I have derive d'rom Dr. Hampton's Vegetable Tincture. From his dreadful mal.dy I suffered to such extent thap life was really a burden. The attacks of it on me was different to that on any other person of wmoa I have ever heard. At times it was very like nlpitation of the heart. There was a const beating and themping about the region of my stomach heart and chest. Some of the attacks FORWARDING AGENT, would last for weeks. My stomach was much distended, with constant pain, great weakness and constipation of the bowels. I could not eat the most simple food without pain. I also suffered greatly from disease of the kilneys, with constant pain in my back. I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly told me it was useless for me to be paying him for advice, as he could do me no good. I gave up almost in espair, and thought my disease certain incurable. At this juncture I heard of HAMP TON'S VEGETABLE TINCTURE. refused to give it a trial, altho' persuaded by my friends, until my son purchased a few bottles and my Dyspepsia, or disease of the stomach, was nearly, if not entirely cured. I feet mysell a new man, and in better health than heretofore. I am HAMPTON'S VEGETABLE TINCTURE

Since my cure I have recommended the Tincture to a number of my friends, who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine. Present my respects to Messrs. Mortimer and Mowbray, the preprietors of this valuable medicine -and say to them "its value is beyond price," and from my cure, and what I have witnessed of its effects upon others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt but many valuable lives will be prolonged by its use. I trust the afflicted will cast aside heir prejudices and give it a trial. Yours, most respectifully, JOHN LUKE.

The Business at the City Book Store. TAS been so great for the last two months that the Proprietors have not had the time or the inclination to trouble the printers with long winded advertisements; the fact is, the book buying public have come to the conclusion from their own experience and from ocular demonstration, that it is greatly to their advantage to patronize this popular establishment, from the fact that they can find there, the largest stock of

The City Book Store has been in successful operation for eleven years, and the low price system which was adopted from the first, has suceeeded and worked like a charm, both as regards the interest of the public, and the Proprietors; and while they are very grateful for past patronage, they pledge themselves to renewed exertions to establish in this city a Book Storeworthy of so jutelligent a community, and one that shall not be rivalled in any other city North or South. FITS! FITS!! FITS!!! THE VEGETABLE EXTRACT EPILEPTIC PILLS, For the cure of Fits, Spasms, Cramps, and all Nervous and Constitutional Discases.

Persons who are laboring under this distress ing malady, will find the VEGETABLE EPIL EPTIC PILLS to be the only Remedy ever dis-

CURING EPILEPSY, OR FALLING FITS! These Pills possess, a specific action on the nervous system, and although they are prepared especially for the purpose of curing FITS, they will be found of especial benefit for all persons afflicted with weak-nerves, or whose nervous sys cause whatever; in fact, it is almost impossible to convey an adequate idea of the speedy and almost miraculous results which these Pills effect in the diseased, broken down and prostrates nervous systems. Persons who were all lastitude, weakness and debility, before their use, at once became robust and full of energy. Ne matter whether the constitution has been broken down by excess, weak by nature, or debilita ed by sickness, their effect on the unstrung and shattered nervous organization is equally certain and apparent. In cases of neuralgia, headache, vertigo, pain in nerves of the face, and the various train of Nervous Affections; palpitation of the heart periodical headaches, colds, and shivered state of society, melancholy, religous mono-mania, heats and flushes of the face on the slightest occasion, the latest and best Books, and at prices far below a desire that existance might terminate: they will produce a cure in an astonishing short period of time, and they will also remove depression, excitement, a tendency to blush, restlessness sleeplessness incapacity for study or business, loss of memory confusion, giddiness, blood to the head mental debility, hysteria insanity, &c. They will increase and restore the appetite, stengthen the emaciated, renew the health of those who have destroyed it by excesses, and induce continual cheerfulness and ease. equanimity of spirits, and prolong life.

> We assure the reader that the utmost reliance which follow, viz: Loss of muscular energy, and general prostration, iritability, and all Nervous discretion, or indulgence, renders them the most valuble remedy ever discovered. In fact, as a remedy for the above complaints, these Pills stand unrivalled and alone. There is no other reliable remedy, or any that has authenticately received the sanction of the medical faculty. In constitutional diseases the action of these Pills is not less happy and decided. Numerous instances might be mentioned in which persons had inherited dreadful maladies from their infaucy, and had endured years of misery and suffering, spent hundreds of dollars, and finally been cured by the use of the Vegetable extract Pills. As these Pills are composed of some of the most expensive materials in the Wateria Medica, it will be impossible to leave them around the country on agency, as common Patent medicines usually are. But in order to let the afflicted in the most remote parts of the country have a chance to obtain them, they will be sent by mail FREE OF POSTAGE, to any part of the United States, or any country with which the United States has
