Armistice Day Is Fittingly Observed

One of the most appropriate ex- ercises seen at a local school in some time was that staged by the grammar grade pupils last Friday morning in commemoration of Ar- mistice day. Prof. J. E. Rufty was in charge.

A scene depicting the tragedy of war, with contributing factors, both good and bad, was arranged. Graves topped by small white crosses told in silent gesture that costs. Poppies, blooming about the graves gave the Flanders Field touch.

Taking part on the program were: Clara Allison, scripture reading; Billy McLean, announc- er; Kathryn Fulton, France; Hel- en Galloway, Irene Tinsley, Elsie McJunkins, Marie Smith, Cecile Simpson, Naomi Briggs, Arbutis Aiken, Lola Mae Harrison, Louise Moore, Mary Dermid, as poppies; Sarah Teague, peace; Glenn Zachary, Uncle Sam; Billy Nichol- son, soldier;

William Nelson, sailor; Jane Yongue, Red Cross nurse; Ruth Owen, Liberty; Marshall Teague, Charlie Loftis, Charles Duck- worth, Charles Burrell, Charles Allen, C. W. Siniard, Richard En- loe, Edgar Garren, white stars; Albert Shuford, white star leader. The program closed with the en- tire company singing "There Is No Death."

Commissioners in Routine Meeting

Only routine matters were transacted at the meeting of the board of county commissioners held Saturday at which all mem- bers of the board were present as follows: Chairman O. L. Er- win, H. A. Plummer, W. B. Hen- derson, Carlos Lyday, L. V. Sig- man.

The board agreed to help bear expense of the diphtheria clinic being staged in the county under the sponsorship of the Kiwanis club, it being the opinion of the board that inasmuch as no charge was being made by Dr. C. L. New- land, county physician, for his work in conducting the clinic, that the county could afford to pay part of the cost of medicine.

HENDERSONVILLE TEAM WILL PLAY HERE FRIDAY P. M.

The Hendersonville high Bear- cats will play their last game on foreign soil on Friday afternoon when they meet the Brevard Blue Devils at Brevard in what is ex- pected to be a close and hard- fought game.

Neither team has been very suc- cessful this season when wins and losses are figured up, but each team has shown a grand spirit and fight in all games played this sea- son.

On paper the two teams seem to be about evenly matched, and comparative scores, always dan- gerous to figure on, would show that the Cats have a slight edge. However, when Brevard and

Hendersonville meet, comparative scores and performances in pre- vious games mean little. The game is always a battle royal, usu- ally proves to be a natural, and this season the Blue Devils have the advantage of playing on their home grounds with an apprecia- tive and highly loyal home crowd to back them.

The Cats expect to be in good shape for the contest. The Bre- vard team will also be in shape, barring accidents between now and a real game is expected to result.

A large number of local fans are expected to make the trip to Brevard to back the local team.

ROSMAN F. F. A. IN FATHER-SON BANQUET ON 22

Fathers To Be Feted and Feasted by Boys on Tuesday Evening

PROMISES TO BE BIG EVENT SCHOOL YEAR

Program That's Different Will Be Staged by Class Members

Annual Father-Son banquet will be staged by members of the Future Farmers of America, Ros- man chapter, on Tuesday evening of next week, at which time mem- bers of the agriculture class and their fathers will have a grand get-together meeting.

Members of the home economi- cs class of the school, under su- pervision of Miss Fortenberry, will prepare the banquet, using insofar as possible only home- raised articles for the banquet.

The fathers and invited guests will be entertained by the boys with short talks on different phases of the work being carried on in the class and in the demon- stration plots under cultivation, together with some of the aims of the class as a community build- er.

Prof. John F. Corbin, teacher of the class, announces that some- thing altogether different from that ordinarily staged by agricul- ture students will be staged—a member of the class giving an analysis of "Why the Farmer Lost Money."

This unique part of the program will center around some of the things that were left undone, some that were done wrong, and some things done that should have been left off. Actual figures tak- en from a Transylvania county farm will be used in the analysis.

Invitations are being sent to all fathers of the boys who are tak- ing agriculture in the Rosman high school by Prof. Corbin and the class presidents, E. J. Whit- mire and Charlie Lee.

Officers of the organizations are:

Seniors—President, E. J. Whit- mire; vice presidents, Paul Whit- mire and Robert Waldrop; secre- tary, Harry Morgan; treasurer, Sam Jordan; advisor, J. F. Corbin; reporter, Frank Israel; program committee, Sam Jordan, Robert Waldrop, Wallace Gillespie.

Juniors — President, Charlie Lee; vice presidents, Victor Sig- mon and Augustus Norris; secre- tary, Ted Harbin; treasurer, Clar- ence Chappell; reporter, Lee Reid; advisor, J. F. Corbin; program committee, Charlie Nelson, Billy Hinkle, Russell Duncan.

Water Supply Is Pure in Brevard

Brevard's water supply is 100 per cent. pure, according to re- port made to the board of alder- men at their meeting last Thurs- day night by R. H. Morrow, who has charge of water testing for the town. Mr. Morrow states that this is rather unusual for any wa- ter system, in that there is usual- ly a small amount of matter that is present in most supplies.

Among other business transact- ed by the board was appointment of two trustees for the Firemen's Relief fund, the Rev. R. L. Alex- ander and C. M. Douglas being appointed to the board.

Matter of taxing "producing company" shows was presented to the board, with a view of having privilege tax of $50 charged for such shows coming to Brevard. This matter was discussed at length, and while it was consen- sus of opinion of the board mem- bers that such tax would be ap- propriate, no provision is made whereby this tax could be impos- ed.

Brevard Downed By Waynesville

One Sided Score Piled Up by Heavy Team

By CHARLES MORGAN

Led by Kuhne, the Waynesville Mountaineers downed Brevard 52 to 19 on the Waynesville soil last Friday. Reeves and Captain Wyatt showed speed on the field for Waynesville, while English and Clayton played wonderful football for Brevard.

Waynesville scored early in the first period when Brevard punted from their own 28-yard line, the ball going out on the 30 marker. Several line plays and end runs by Kuhne netted first score.

In the second quarter Brevard began to pass and carried the ball to within scoring distance, but the whistle stopped the first half. In the third period Clayton received a short pass from English and scored after a 65-yard run. The Waynesville line was too strong for the Brevard boys, so English continued to pass. Price took a short one and paced off 40 yards, but was stopped on the one-yard line. English plunged through for the tally. Clayton later scored by running 45 yards through a broken field.

Two of Brevard's passes were intercepted for scores by Way- nesville. English was facing the bright sun and passed into Kuhne's hands, the latter scoring. Brevard averaged 28 yards on punts and Waynesville 26; Way- nesville chalked up 10 first downs while Brevard was making 12.

BIG MAJORITIES UNCHANGED BY LATEST COUNT

Galloway Has 1102 Lead With Greatest Vote Ever Recorded

TERMS OF OFFICE TO START ON DEC. 1

No Appointive Places in County Have Been An- nounced by Party

Official count-out of votes cast in Transylvania was made last Thursday by the canvassing board and changed but slightly the un- official figures published in The Times last week. M. W. Gallo- way's lead over the Rev. S. B. McCall for representative, con- tinued to head the ticket, official figures being a majority of 1102, the highest ever reached by any candidate in this county.

No objection to any vote counts was heard at the meeting of can- vassers Thursday, the landslide to the Democratic party being appar- ently accepted as it was over the entire United States, Franklin D. Roosevelt polling the greatest number of votes ever chalked up to the credit of an aspirant to the presidency. President Hoover car- ried only six states.

W. A. Lyday, Republican nomi- nee for sheriff, was high man with 1834. Jake F. Newell was high on the state Republican ticket with 1797, while W. H. Grogan, Jr., was second with 1735.

Term of office for county can- didates will begin with the first Monday in December, at which time T. S. Wood will assume of- fice of sheriff-tax collector; O. L. Erwin, present chairman of the board of commissioners, will take the post of county treasurer; W. L. Aiken will become the new member of the board of commis- sioners, L. V. Sigman and W. B. Henderson being re-elected to a second term; Jess A. Galloway will continue his duties as register of deeds.

No intimation as to appointive office has been made by the new board of commissioners. Mr. Er- win acted as purchasing agent during the past two years; A. H. Kizer, county accountant; S. S. Barnett, jailer; Rainey Hale, jan- itor; Norman Whitmire, superin- tendent county home; W. E. Breese, county attorney.

While several men are being mentioned as probable appointees as deputy to Sheriff Wood, no an- nouncement has been made in this matter.

Hunting Permits To Pisgah Forest Be Drawn Today

Public drawing will be held in Asheville Thursday (today) de- ciding first hunters to be allowed to enter Pisgah National Forest game preserve for a three-day period, or until applicants have killed one deer each.

Only four hundred people will be allowed to hunt on the pre- serve this year, according to an- nouncement made by the super- visor, and applications for permits have been received from all parts of the United States. Those who are lucky enough to have their names drawn will be notified as to date and place of hunting.

Four dollars will be charged for permits, no state or county li- cense being required, inasmuch as the forest is nationally owned. Either buck or doe deer may be taken, it being the idea to reduce the amount of deer in the pre- serve.

Each hunter will be allowed to kill one deer, either buck or doe, and by special permit may ship his game to any part of the coun- try. He will be allowed three days of hunting, three days which during the hunting period in the preserve which will extend from December 5 to December 23. Only 50 hunters will be allowed in the preserve at one time and the area to be hunted comprises 14,000 acres in the heart of the preserve. Hunters may camp or find accom- modations which are available in nearby towns and cities. Hunters from all parts of the United States are expected to apply for shooting permits and to take part in the hunt among the 400 chosen.

IN MAYOR'S COURT

Four cases were tried by Mayor Ralph Ramsey during the past week as follows: Spencer Mull, public drunkenness, $20 and costs; C. F. Jenkins, carrying con- cealed weapon, bound to court; Clarence Morris, assault with deadly weapon with intent to kill, waived examination and was bound to court; Clarence Bagwell, public drunkenness, assault, re- sisting arrest, bound over to court.

ROLL CALL SET FOR FRIDAY

Large Enrollment Will Be Sought by Canvassing Committees

Annual Red Cross roll call will be held in Transylvania county be- ginning Friday, Nov. 18, with all churches of the town, the Kiwanis club and teachers of the county, participating.

Members of the Kiwanis club will have charge of the canvass to be made in the uptown section, while the residential district will be divided into four sections and canvassed by the four main churches. Principals of each school in the county will serve as community committee chairmen to solicit in the county districts.

The Rev. Harry Perry, rector of St. Philips Episcopal church, is roll call chairman; Jos. S. Silver- steen, chapter chairman; Alex H. Kizer, treasurer, and Mrs. John W. Smith secretary of the local Red Cross unit.

Much work has been done by the Red Cross in Transylvania during the past year, and this is being stressed by workers in the membership campaign as reason for one hundred per cent enroll- ment in the organization. More than 5000 yards of cloth have been received and distributed in the county in the past few months; two car loads of flour have been distributed to needy families; yeast for treatment of pellegra cases, and hospitalization of cases unable to pay, are some of the work for which the local chapter has been responsible dur- ing the past year.

The Rev. Mr. Perry announces that the campaign will be com- pleted within one week—Friday, Nov. 18, to Thursday, Nov. 24.

Diphtheria Clinics Set Saturday At Brevard, Rosman

Free Vaccine Will Be Ad- ministered Children Unable to Pay

KIWANIS SPONSORING MOVE IN COMMUNITY

County and Town Aiding in Effort to Immunize All Children

All indigent children of the county between the ages of six months and ten years will be giv- en second treatment for diphther- ia immunization on Saturday of this week, practically eight hun- dred having taken first treatment on Saturday, November 5.

Children of the lower end of the county, that is in the section served by the Brevard high school buses will be given the treatment at the office of Dr. C. L. New- land, in Brevard, beginning at eight o'clock Saturday morning.

School buses will again be op- erated by the county board of education in order to provide means of transportation for those who will take the treatment, the buses running on schedule time. Children in the immediate Bre- vard district are asked to be on hand strictly at eight o'clock, in order that the work may begin early. Colored children will come to Dr. Newland's office after ten- thirty, according to the schedule arranged.

ROSMAN IN AFTERNOON

Children of the Rosman high school section, that is, all that section served by Rosman school buses, will be given treatment at the Rosman high school building beginning at one o'clock. Buses will start on regular runs in the Rosman district at 12:30, in order to bring all children in as early after one o'clock as possible.

Between twenty and thirty chil- dren failed to receive the treat- ment at Rosman on the first day of the clinic, due to a shortage of vaccine. Those who missed their first treatment are requested to be on hand Saturday, and provisions will be made by Dr. Newland for giving the second treatment at a later date.

Ample vaccine is now on hand to take care of all children of the county who are unable to pay for the treatment, and parents and teachers are requested to co- operate in bringing all children whose parents are unable to pay for the treatment to the two clin- ics on Saturday of this week, as no one will be given free treat- ment other than the second dose after this week.

Stress is laid on the fact that the treatment is being given only to those children whose parents are unable to pay for same. Par- ents who can afford the treat- ment are urged to send their children to the family physician as there is every danger of a diph- theria epidemic in the county.

Members of the Parent-Teacher association are assisting in giving the treatment, doing clerical work and otherwise assisting in the clinics. Dr. Newland is giving his services free of charge, while the county board of education and numerous interested citizens are providing transportation facili- ties. Bus drivers are giving their time.

Funds for the clinic have been underwritten by the Brevard Ki- wanis club as one of their major projects of the year, acting on the advice of Dr. C. L. Newland, who brought to the attention of the club several weeks ago, the possibility of an epidemic that was then in the making. Dr. New- (Continued on page six)
