

# DAHLIA SHOW IS SUCCESS IN EVERY WAY

## MISS MERRILL AND HUTCHES WIN FIRST PLACE IN CLASS A

### Fred Shuford Places First in Class B — Mrs. Sharp and Ashworth Win

Regarded as a success in every respect, Transylvania's first dahlia show staged here Saturday drew hundreds of people from all sections of western North Carolina, and South Carolina, all of whom were well pleased with the type of dahlias on display and many showed their deep interest by contacting the local growers for purchase of bulbs.

In the strictly amateur class, C. C. Hutches of Rosman and Miss Sallie Merrill of Little River tied for sweepstakes prize, with Mrs. C. R. Sharp of Selma running second. In the class "B" section, which included people who have had dahlias on display at other shows or flower shows, E. E. Shuford of Brevard won first place in the sweepstakes with John Ashworth, also of Brevard running a close second.

J. B. Ivey, of Lake Junaluska and Charlotte, and J. Z. Cleveland of Zirconia in Henderson county, both growers of fine dahlias for years, acted as judges and spent over two hours in making their decisions. Both men were loud in their praise of the entire show and were especially declaring in some of the entries declaring them to be far above the ordinary.

Mr. Ivey, head of the Ivey Department stores in Charlotte, is regarded as one of the outstanding dahlia fanciers of North Carolina. Mr. Cleveland is likewise recognized as an authority on dahlias and other flowers, and has a beautiful estate in Henderson county where he has developed fine dahlias that are sought by growers over the entire section.

It is the purpose of the Dahlia Club to stage its second show next fall, with the date moved up to August, when it is believed that more people in the county will have dahlias for entry.

First and second prize winners in the class A, or growers who had not before exhibited, follow, with prizes and by whom donated:

Class 1, largest and most perfect—C. C. Hutches, prize given by K & M Auto Repair; second, Miss Sallie Merrill, named dahlia bulb given by Mrs. John Maxwell.

Class 2, best individual large—pink, Miss Sallie Merrill, 8-pound root, given by City Market; red, Miss Merrill, 25 cents cash given by Central Market; yellow, Mrs. C. R. Sharp; delphinium plant given by C. C. Hutches.

Class 12, best individual seedling—Mrs. John Maxwell, \$1 worth of gasoline given by G. D. Shuford; second, Mrs. J. M. Williams, Bloomaid given by B. & B. Feed store.

Class 13, best collection seedlings, F. E. Shuford, vase given by Walker Insurance company.

Several entries were not classified but attracted attention of the judges, and several plants and groups were entered without proper credit tags being in them. Special thanks are given by the Dahlia club to the several firms and individual who contributed the nice prizes and to the following firms and individuals for services: R. H. Plummer & company for paper and classification tags;

## ROSMAN SCHOOL IS PROGRESSING FINE

### All Groups Are Active—Boys Planning For Basketball Team

ROSMAN, Sept. 13—Rosman high school boys and girls have started practice for basketball, a large number going out. The boys with assistance of the teachers, have installed a shower bath in the basement of the high school building.

The senior girls have been working hard this week cleaning up the library, checking books and discarding old books, making a list to send the state department; also a new system of seating in class room and study hall has been installed.

The enrollment in the science department is the heaviest in the history of the school. A new section has been added to take care of the overflow.

The Home Economics department girls have been very active in canning and preserving foods for the past week.

A campaign for cleaning school grounds and building has also been launched and has met with much success. The enrollment in high school for Friday of last week was 145 pupils.

The elementary school under the leadership of Professor Glenn Galloway is progressing nicely, although very congested. It is hoped to be able to put on an extra teacher in the near future. With the assistance of Prof. Galloway the elementary library is also being checked and listed.

Not all children in the grades have been able to purchase books on account of the state not sending books. The enrollment in the elementary school for the past week was 323.

A general assembly of the school in the auditorium for chapel is held each Friday morning, the different grades being in charge of the programs, beginning with the seniors.

Professor Glazener and his class of boys for assisting in arranging the building and shelving; Siniard Transfer for hauling; Ashworth Lumber company for lumber; the Franklin Hotel for dinner for the judges; party; Miss Beulah Mae Zachary and Miss Lorraine Payne for art work and other assistance and to the general public for their response. Messrs. J. E. Ivey of Charlotte and Lake Junaluska and J. Z. Cleveland of Zirconia in Henderson county, both growers of fine dahlias as a hobby gave their services free as judges and to T. W. Whitmore for use of the building.

The sweepstakes prizes, beautiful hand woven baskets, were made by Mrs. John Ashworth, Mr. Hutches, Mr. Shuford and Miss Merrill will each receive one of the baskets.

## CHURCH MEETING TO BE HELD SUNDAY MORNING

ROSMAN, Sept. 13—Announcement is made by the Rev. J. E. Burt, pastor of Zion Baptist church that immediately following the eleven o'clock service Sunday morning a church conference will be held, purpose of which is to elect a pastor for the coming year. The Rev. Mr. Burt has been pastor of the local church for the past two years.

## SAVE LEGUME SEED FOR SPRING CROPS

A continued advance in price of all legume seed and the outlook for still higher prices next spring demands that growers save all seed possible at home this fall.

"I am convinced that farmers should save their own planting seed this fall," says P. H. Kime, agronomist of the North Carolina Experiment Station. "Occasionally seed of certain crops may be bought more cheaply than they may be saved at home but this is an exception. Usually, most farm crop seeds may be harvested with whatever equipment there is available on the home farm and any surplus of seed above that needed for planting may be sold to neighbors or commercial seedmen at fair to good prices. A supply of legume seed next spring may bring in some cash instead of making it necessary to buy."

Mr. Kime specifically advises saving all cowpeas, soybean and lespedeza seed this fall.

Cowpeas are coming back into popularity and need no expensive machinery for harvesting. They may be eaten, planted or sold.

Soybean seed will be in demand next season. There is always a good demand for Ocotan, Laredo, Virginia, Herman and Biloxi seed for planting and prices should be better next spring than in the past two years. Then, too, Kime points out that soybean oil mill's have been established at Norfolk and will need several hundred thousand bushels of the yellow seed varieties of soybeans.

Lespedeza seed will also be in demand and may be harvested easily with a seed pan. If such a pan is not available, the crop may be allowed to mature but not ripe enough to shatter the seed, and then stored on a tight floor where the seed may be beaten out after the hay is thoroughly dry.

## NEW OFFICERS ARE SELECTED AT ENON

### Other Items of Interest Recorded By Correspondent in Penrose Section

Enon Baptist church, with the Rev. C. W. Hilemon recently elected pastor, completed reorganization Sunday night. T. F. Middleton, O. E. Blythe, N. L. Ponder and Coy Surrutte are additional deacon members. W. L. Talley, who has been Sunday school superintendent for the past twenty years or more, was re-elected. Other appointments in the Sunday school will be made next Sunday.

O. E. Bythe is assistant superintendent of Sunday schools, with Mrs. Amy Corpening as secretary. Other officers are: Pianist, Mrs. A. F. Mitchell; W. M. U. president, Mrs. Foy Surrutte; Junior E. Y. P. U. leader, Miss Floy Ponder; choir-leader, Ernest Brown; announcer, Randall Lyday.

Superintendent Talley as chairman of the local United Dry Forces organization announces the following as working committee member for Boyd Township: C. F. Woodfin, J. R. Brown, T. F. Middleton; Mrs. Coy Surrutte, Miss Floy Ponder, W. K. Duncan, Mrs. W. K. Duncan and J. M. Patton.

Choir practice and prayer meeting at Enon are set for Friday night. Members of the choir are urged to attend.

Mr. George Lyday, member of Enon church deacon board is very ill at this writing. We hope a recovery and return to church for him.

Corn planted after Crimson clover by G. G. Matthews of Scotland county will produce about 80 bushels of corn an acre, estimates the owner.

## POWER DAM RUMOR IS FOUND NOT TRUE

### No Consideration Being Given To This Section, Says Government Office

(Hendersonville Times-News)

Despite rumors that engineers will soon be in Henderson and Transylvania counties in connection with proposed developments on French Broad river, probably the erection of a high dam that will flood much of these counties, the Tennessee Valley Authority is not disposed to release information, according to the Chamber of Commerce. This organization recently invited Dr. Arthur E. Morgan, chairman of the Authority, to allay some of the fears of local citizens by giving authoritative information as to what was in prospect.

The reply made by David E. Lillenthal, director and general counsel to the Tennessee Valley Authority, was as follows:

"We are pleased to have the inquiry which you addressed to Chairman Arthur E. Morgan on August 3rd. Owing to the pressure of work during the organization period, I regret that this is the first opportunity we have had to communicate with you.

"We are at present concentrating effort on the construction of Norris dam, and the board has not yet had sufficient time to give proper consideration to the further development and co-ordination of flood control, navigation, and power generation in the Tennessee Valley area.

"Please feel perfectly free to communicate with us directly whenever there seem to be rumors about matters of this kind which concern your locality. We are glad to give you information first hand."

**For Only 88c**

A real camera for 88 cents (including State Tax.) Takes pictures 2 1/4 x 3 1/4. Makes time as well as instantaneous exposures. Two size diaphragm, two lenses and hinged back.

Never before have we offered so much for so little.
