

SEARS ROEBUCK CO. 47TH ANNIVERSARY

The state of North Carolina has sent 75,000 visitors to the world's fair in Chicago, according to an estimate based on figures at the big exposition official registration bureau, located in the Sears, Roebuck & Company World's Fair building.

Century of Progress officials are using the registration bureau in the Sears Building to determine the breakdown of attendance by states, it being the only reliable index on the grounds for this purpose. A total of slightly more than 5,000,000—or about a third of the total Century of Progress attendance, have visited the Sears building and fair executives have urged that as many register there as can conveniently do so in order that the exposition records of state attendance ratios be as accurate as possible.

The ten leading states on September 1st with their total estimated attendance were: Illinois, 3,675,000; Indiana, 1,300,000; Ohio, 1,200,000; Wisconsin, 1,050,000; New York, 900,000; Michigan, 850,000; Pennsylvania, 825,000; California, 750,000; Texas, 600,000; and Iowa 350,000. The estimated total from foreign countries is 75,000.

The Sears world's fair building will be the focus from September 1st to 30th of a celebration which will extend to countless cities including Asheville and Western North Carolina, the occasion being the 47th anniversary of the company founding in which the Asheville store, according to Mr. E. M. Leighton, store manager, will take an active part.

"This is of special interest," said Mr. Leighton, "because the world's fair gave the company its first opportunity to act as host to its friends in all parts of the country under one roof. In all of the company's 47 years it has never before had the chance to issue on a national scale invitation to its friends to be its guests in a building designed especially for the purpose of entertaining them. Scores of people from Western Carolina have informed me that they have visited and enjoyed the Sears building at the world's fair."

C. T. C., Cullowhee.

UPCHURCH HEARD IN COUNTY MEETINGS

C. A. Upchurch, of Raleigh, State worker for the United Dry Forces spoke at several places in the county Monday and Tuesday, and had very good attendance at the meetings.

At a meeting held in the Pisgah Forest church Tuesday night Mr. Upchurch gave some interesting data in refutation to arguments taken from the Bible by repealists, with especial reference to drinking wines, beer and undistilled liquors. He stated that distilled liquors were unknown at that time.

That 82 per cent of drinking prior to the 18th amendment was wines and beers, and not distilled liquors.

WHIRL AT THE WORLD OF NEWS

Items of interest gleaned during the past week

Banker Killed In Crash
Lenoir—James A. Claywell, cashier of the First National Bank of Morganton, died here Thursday night from injuries received in a head-on collision.

Snake Bites His Tongue
Marshall—Dock Treadaway, of Marshall, was bitten on the tongue by a snake while he was fox hunting Tuesday night!

The fact that he was treated for snake bite on the tongue was substantiated by Dr. J. N. Moore, Marshall physician. Treadaway is recovering.

The Marshall man was fox hunting Tuesday night with a party of friends near his home. He lay down on the ground to listen to the race of the dogs and the fox. After a time, the race became indistinct, so Treadaway turned over on his side and started to yell to other members of the party, who were on another ridge, to suggest that everyone should change positions in order to hear the dogs. As he turned over, Treadaway said, he opened his mouth to yell and as he did so a small snake struck him on the tip of the tongue.

"Milk Raiders" In Greenville
Greenville, S. C.—Thievery of a new kind is being reported here—the thief or thieves milking cows at night, and owners who go for their accustomed galon in the morning find only a has been.

Whitmire; secretary and treasurer, Ophelia White; Fannie Morgan was selected reporter for a period of six weeks, after which time another will be selected.

ROSMAN SCHOOL IN INTERESTING MEET CROP LOAN MAN TO BE HERE NEXT WEEK

ROSMAN, Sept. 20—The Senior class entertained the elementary and high school last Friday with a very interesting and instructive program, giving a short one-act play entitled "Nature Takes Care of a Lot of Things." Cast of characters included:

Mother Harriet Cabot, Fannie Morgan; Father John Cabot, O. W. Glazener; Daughter Betty and Geraldine Cabot, Ophelia White and Maxie Moore; son Jack Cabot; Howard Galloway; friend, Hamilton Graham, Douglas Eldridge; maid, Janie, Edith Clarke.

"Nature Takes Care of a Lot of Things" deals with the problems of modern family life and education. Betty, who insists on the unimportance of spelling and the necessity of inspiration, is convinced that both are necessary when she has to ask her mother how to spell words to write a letter to her beau.

Geraldine, who prefers to wear make-up is given a different slant on life by her boy friend who impresses on her youthful mind the

S. S. Williams, field supervisor for the Crop Production Loan office, has announced the following schedule for Transylvania, to interview the borrowers, and to make collections on loans:

Friday, September 29th—Oakland, post office, 10 to 11:30; Lake Toxaway, post office, 11 to 11:30 a. m.; Balsam Grove, old post office site, 1 to 2 p. m.; Rosman, post office, 2:30 to 3 p. m.

Saturday, September 30th—Perrine, post office, 10 to 11 a. m.; Pisgah Forest, post office, 11:30 to 12 a. m.; Brevard, clerk of courts office, court house, 2 to 4 p. m.

See the field supervisor at the most convenient place and time. Your meeting with the field supervisor will be to your advantage.

value of a healthy appearance: Jack too, realizes how much manners contribute to his happiness and success after he has been rude to his sister Betty and her friends, for he desires to impress the little girl next door...so the family grows up.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptive preparation in which there are no mineral drugs. Its ingredients are on the label. By using

it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

Farmers LIKE TO TRADE HERE

Because— They can feel assured of finding a complete line of the best Seeds, Feeds, and Groceries and Supplies that are so necessary to their work.

MARKET
